SUBJECT: Department Head Strategic Plan and Performance Plan/Appraisal

As in previous years, we are beginning the Department Head Strategic Plan and Performance Plan/ Appraisal (PPAR) process for the next fiscal year. As you know, our performance goals are measured throughout the year, but this is the formal process to assess what we've accomplished this past fiscal year and set out goals for the new fiscal year.

Last year we communicated the City's interest in a consistent approach and tools utilized to evaluate all Department Heads, whether reporting to the Mayor or to a Commission.

Attached is a copy of the FY 2016-17 PPAR form that was sent out to Department Heads earlier this week. This is a revision from the FY15-16 form, made even simpler. For the new form, draft key goals you expect the Department Head to accomplish during the fiscal year, which are linked to the Department's Strategic Plan. As part of the PPAR form, it is important to attach a copy of the Department's Strategic Plan.

If you have any questions, contact Workforce Development Director Donna Kotake at donna.kotake@sfgov.org or 415 557-4912.

Thank you for your cooperation with this important citywide program.
