1. Is it legal for a voter to move from one district to another district within 4 years and vote for 2 SF County Supervisors and/or 2 CA State Senators ???

-- aka have Double Votes ???

2. 2018 SCOTUS gerrymander cases --

Gill v. Whitford, 16-1161 WI - JUNK Op, 585 U.S. ____ (2018)

Benisek v. Lamone, 17-333 MD - JUNK Op, 585 U.S. ____ (2018)

5 Math MORON Strikes and O-U-T.

Gerrymander Math -- 1/4 or less CONTROL -- Save Democracy

ALL of the major legislative bodies in the U.S.A. since 4 July 1776 have been evil and vicious ANTI-Democracy OLIGARCHIES due to pack/crack SINGLE MEMBER DISTRICT GERRYMANDER MINORITY RULE election systems - BOTH houses of the U.S.A. Congress, ALL houses of ALL State legislatures and many, many local legislative bodies - ALL with POLITICAL CONCENTRATION CAMP districts.

1/2 or less votes x 1/2 rigged PACK/CRACK concentration camp districts = 1/4 or less CONTROL = OLIGARCHY

-- since 1964 SCOTUS gerrymander cases.

<https://en.wikipedia.org/wiki/Gerrymandering>

Much worse before 1964.

Much, much worse primary math which nominates the extremists who later get elected in the rigged districts -- est. 5-15 percent REAL CONTROL.

Major result - LAWLESS tyrant U.S.A. Presidents (esp. with undeclared foreign wars), State governors, local mayors, etc.

Gee - What is a *Republican Form of Government* in U.S.A Const., Art. IV, Sec. 4 ???

Having a minority rule monarchy or oligarchy (as in most of the regimes in Europe in 1787) or a majority rule Democracy in ALL of the legislative bodies in each State ??? Duh.

Save Democracy Reforms --

1. ONE election day - NO robot party hack primaries, caucuses and conventions.
2. Ballot access ONLY via equal nominating petitions or filing fees.
3. Proportional Representation for ALL legislative body elections - both majority rule (Democracy) and minority representation.

https://en.wikipedia.org/wiki/Proportional_representation

Basic PR --

Party Members = Total Members x Party Votes / Total Votes

4. NONPARTISAN elections for all elected executive officers and all judges using Approval Voting - vote for 1 or more, highest win.

https://en.wikipedia.org/wiki/Approval_voting

5. TOTAL separation of legislative, executive and judicial powers.

PR - since 1840s - repeat 1840s.

AV - since 1970s - repeat 1970s.

Condorcet head to head math since 1780s - repeat 1780s - but would need computer votes.

History Note - A T-O-T-A-L failure to follow up on Gray v. Sanders, 372 U.S. 368 (1963) in the 1964 SCOTUS gerrymander cases --

VOTERS vote - NOT NON-Voters --

One Voter = One Vote

NON-Voters = NO/ZERO Votes - children, aliens, etc.

IE -- What if there is a statewide ISSUE question -- on a State constitutional amendment or law ???

Answer -- One Voter = One Vote O-N-L-Y

A State/Local legislative body exists ONLY because ALL the Voters can NOT appear in person and vote on bills, etc.

Such VOTERS represent such NON-Voters - by definition.

Same for electing USA Reps and esp. USA Senators.

Modern gerrymanders date back to the 1200s -- gerrymander formation of the English House of Commons -- a mere 700 plus years of oligarch laws -- in governments of the oligarchs, by the oligarchs and for the oligarchs.

SORRY - Prez Abe Lincoln got it SUPER-wrong in his 1863 Gettysburg Address.
