Commissioner Jerdonek presented a draft resolution that requested that the Dominion contract be renewed for only one year for now, instead of two. The resolution would be presented to the Board of Supervisors.

The Commission discussed the resolution, the contract options, and the contracting procedural process. Director Arntz explained that delaying the contract process for the second year would not be suitable due to the Presidential Election. He also stated that no other system could be substituted within the time restraints of upcoming elections.

The Commission discussed the possibility of convening a meeting on Sunday, April 10, 2022, including logistics, resources, and Commissioner availability. DCA Flores asked Secretary Delgadillo to look into the availability of a conference room on the following Sunday, tentatively at 3:00 pm, given that there are religious gatherings that day. All members of the Elections Commission confirmed they can attend so quorum could be met. Agenda items were discussed. The agenda would post within the required timeline of 72 hours prior to the meeting.

Commissioner Bernholz asked if the members of the RTF should be contacted and invited to speak at the meeting on Sunday.

Commissioner Jung asked questions regarding next steps, including what the Commission's authority for taking action is.

Commissioner Dai brought up that the RTF has 9 members. DCA Flores responded that if one, two, or three of the task force members were to be removed, the RTF would still meet quorum.

DCA Flores cited Ordinance No. 94-21, which convenes the RTF. On page 3, it refers to appointees and says they may be removed by their appointing authority without proving

misconduct because they serve at the pleasure of the authority. Misconduct does not have to be proved.
