

## PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE  
SAN FRANCISCO, CA 94102-3298

May 28, 2010

Mike Campbell  
Community Choice Aggregation Director  
San Francisco Public Utilities Commission  
1155 Market Street, 4th Floor  
San Francisco, CA 94103

Dear Mr. Campbell:

The purpose of this letter is to confirm that CleanPowerSF, the Community Choice Aggregation program of the City and County of San Francisco (CCSF), is registered as a Community Choice Aggregator (CCA) by the California Public Utilities Commission.

Pursuant to Public Utilities (P.U.) Code Section 366.2(c)(14) "the community choice aggregator shall register with the commission, which may require additional information to ensure compliance with basic consumer protection rules and other procedural matters". To implement this statute, the California Public Utilities Commission ("Commission") issued Decision 05-12-041 adopting the following basic consumer protection requirements with which Community Choice Aggregation (CCA) programs must comply:

**"Each CCA registration packet should be required to include (1) the CCA's service agreement with the serving utility; and (2) evidence of insurance or a bond that will cover such costs as potential re-entry fees, penalties for failing to meet operational deadlines, and errors in forecasting."**

Pursuant to Resolution E-4133, the Commission adopted an interim bond amount of \$100,000 (or that amount in cash) that CCAs shall post with the Commission as part of their registration packet pursuant to Decision 05-12-041.

On May 28, 2010, the Commission received the CCA Service Agreement that has been executed between CCSF and Pacific Gas and Electric Company (PG&E). On the same day the Commission received a check in the amount of \$100,000 from the City and County of San Francisco, satisfying the interim CCA bond requirement pursuant to Commission Resolution E-4133.

With the submittal of the executed CCA Service Agreement with PG&E and the cash deposit of \$100,000, CleanPowerSF has fulfilled the statutory mandate and the regulatory requirements necessary to be registered as a CCA by the Commission.

CleanPowerSF is hereby registered as a Community Choice Aggregator in the State of California.

Sincerely,

A handwritten signature in black ink that reads "Paul Clanon". The signature is fluid and cursive, with a long horizontal stroke extending to the left.

Paul Clanon  
Executive Director
