

San Francisco Local Agency Formation Commission

City Hall
1 Dr. Carlton B. Goodlett Place, Room 409
San Francisco, CA 94102-4689
Tel. 415.554.5184 Fax. 415.554.5163

cleanpowerSF. 2019 Internship

Start Date: January 2019 (flexible)
Part-time or Full-Time, Voluntary, Unpaid
1-2 Positions

Program Description:

CleanPowerSF is powering change. It provides San Francisco residents and businesses with cleaner energy at competitive rates. A not-for-profit program run by the San Francisco Public Utilities Commission (SFPUC), CleanPowerSF purchases clean and renewable energy on behalf of customers, which is then delivered through Pacific, Gas and Electric's poles and wires. CleanPowerSF empowers San Francisco energy customers to reduce their carbon footprint while supporting local jobs, stable energy prices and new clean energy infrastructure. The San Francisco Local Agency Formation Commission (SF LAFCo) is mandated by City ordinance to monitor all aspects of CleanPowerSF's development, operation and management. For more info about CleanPowerSF, visit www.cleanpowersf.org. For more info about SF LAFCo, visit <http://www.sfbos.org/index.aspx?page=4151>.

Internship Description:

The SF LAFCo CleanPowerSF intern will work closely with the Executive Officer to monitor all aspects of CleanPowerSF. This will be a unique opportunity to get steeped in local and state renewable energy issues, working with the SFPUC, San Francisco Board of Supervisors, and regional and state legislators. Under close supervision and guidance, interns will help craft policy positions on local, regional and state legislation related to energy issues and community choice energy programs. The intern will also assist in special studies related to CleanPowerSF, including local buildout of renewable energy projects. The ideal candidate will be organized, self-motivated and an excellent communicator with good writing skills and a passion for renewable energy issues. Interns will work at San Francisco City Hall and report to the SF LAFCo Executive Officer. We are looking for someone to start in January, but are flexible about the date.

SF LAFCo encourages women, minorities and persons with disabilities to apply. Applicants will be considered regardless of their sex, race, age, religion, color, national origin, ancestry, physical disability, mental disability, medical condition (associated with cancer, a history of cancer, or genetic characteristics), HIV/AIDS status, genetic information, marital status, sexual orientation, gender, gender identity, gender expression, military and veteran status, or any other protected category under the law.

To Apply:

Email your resume and a cover letter detailing why you want to work on renewable energy issues for SF LAFCo to:
