

Future Sé

I am Sé and at the age of 12 I've seen lots of injustice
Let's change that
Tell your neighbors
Your friends
Everyone you know
Because when we work together
Anything is possible
Together we can clean our beaches
Grow a healthier community
And improve our environment
I CAN
Create a safe
Happy
And
Nonviolent
Growing
Environment for all around me to spread around them
But when I am 18 I WILL vote
For now I can
March for our lives
Treat people with equality
Spread the love we want to see
Volunteer
Whether it's 10 seconds or 10 years
So much can change
Let's shed some light into the future
