Port of San Francisco, Pier 1

Bayside Conference Room

Co-Chairs

Naomi Kelly, City Administrator, General Services Agency, City and County of San Francisco

Chris Barkley Vice President, Public Sector Business Development at URS Corporation

Lifelines are the systems and facilities that provide services vital to the function of an industrialized society and important to the emergency response and recovery after a natural disaster. These systems and facilities include communication, electric power, liquid fuel, natural gas, transportation (airports, highways, ports, rail and transit), water, and wastewater.
