DISCUSSION AND POSSIBLE ACTION TO APPROVE THE ADDENDUM TO THE CALIFORNIA DEPARTMENT OF JUSTICE AND THE SAN FRANCISCO POLICE DEPARTMENT MOU

Commissioner Mazzucco gave a brief background information regarding this item.

Commissioner Hirsch explained that the problem with the MOU when it was first drafted was that it ignored the Police Commission completely and the commissioners did not see it until it has been signed. He explained that the draft before the commission tonight recognizes the role of the Commission per the Charter.

Chief Scott explained that the assessment done by the US DOJ will stand and that the Department is attempting to continue the work where the work was concluded by the Federal Government. He stated that when the work was concluded, the Department was due a public report that never got published. The Department has to start over because all the work that the US DOJ did on this has been sealed and the Department has no access to it. The contractor that was doing the work will be the same contractor who did the assessments and what the department is trying to do is move forward with the work and would like the public report out as soon as possible to let the public know what the Department is doing and how its progressing with the 272 reforms. The Chief also explained that there was no intention to exclude the Commission out of this and that it’s an open door for the Commission to participate. The Chief stated that he just wants to get the work done and stated that there is nothing to supplant the Commission’s role in this process.

Motion by Commissioner Elias for non-disclosure except for the statement in the matter of Mr. Yank, second by Commissioner Hirsch. Approved 5-0.

Statement read by Commissioner Mazzucco:

“Tonight, the San Francisco Police Commission expressed its concern with the assignment of Deputy City Attorney Jonathan Yank as the City’s legal advisor to the Department of Human Resources in relation to the meet-and-confer obligations for the DOJ reforms to the SFPD.

Mr. Yank appeared in closed session to address the Commission’s concerns and stated as follows: His ethical and legal duty is wholly and without reservation to the City and County of San Francisco. In his time as Deputy City Attorney, he’s reviewed claims and complaints by the POA that he determined lack foundation in some sound statutory authority or decisional wall. In his role advising the Department of Human Resources during the meet-and-confer process, his ethical and legal duty requires him to identify and oppose any arguments advanced by the POA that are not supported by sound statutory authority or decisional wall. He will not communicate in any manner with the POA members or representative outside of his duties relating to these matters or other matters that he is assigned to within the City Attorney’s Office.

The Police Commission recognizes the communities’ concerns regarding the assignment of Mr. Yank as Deputy City Attorney in this matter. It’s the role of the Police Commission to provide oversight to the San Francisco Police Department as well as draft relevant policies and procedures. The Police Commission is confident that it will be able to fulfill its mission.”

Commissioner Mazzucco stated that he feels very comfortable that there is absolutely no conflict with Mr. Yank serving in that role.
