RESOLUTION NO. 21-76

RESOLUTION MAKING FINDINGS TO ALLOW TELECONFERENCE MEETINGS UNDER CALIFORNIA GOVERNMENT CODE SECTION 54953(e)

WHEREAS, California Government Code Section 54953(e) empowers local policy bodies to convene by teleconferencing technology during a proclaimed state of emergency under the State Emergency Services Act so long as certain conditions are met; and

WHEREAS, In March, 2020, the Governor of the State of California proclaimed a state of emergency in California in connection with the Coronavirus Disease 2019 ("COVID-19") pandemic, and that state of emergency remains in effect; and

WHEREAS, In February 25, 2020, the Mayor of the City and County of San Francisco (the "City") declared a local emergency, and on March 6, 2020 the City's Health Officer declared a local health emergency, and both those declarations also remain in effect; and

WHEREAS, On March 11 and March 23, 2020, the Mayor issued emergency orders suspending select provisions of local law, including sections of the City Charter, that restrict teleconferencing by members of policy bodies; those orders remain in effect, so City law currently allows policy bodies to meet remotely if they comply with restrictions in State law regarding teleconference meetings; and

WHEREAS, On September 16, 2021, the Governor signed AB 361, a bill that amends the Brown Act to allow local policy bodies to continue to meet by teleconferencing during a state of emergency without complying with restrictions in State law that would otherwise apply, provided that the policy bodies make certain findings at least once every 30 days; and

WHEREAS, While federal, State, and local health officials emphasize the critical importance of vaccination and consistent mask-wearing to prevent the spread of COVID-19, the City's Health Officer has issued at least one order (Health Officer Order No. C19-07y, available online at www.sfdph.org/healthorders) and one directive (Health Officer Directive No. 2020-33i, available online at www.sfdph.org/directives) that continue to recommend measures to promote physical distancing and other social distancing measures, such as masking, in certain contexts; and

WHEREAS, The California Department of Industrial Relations Division of Occupational Safety and Health ("Cal/OSHA") has promulgated Section 3205 of Title 8 of the California Code of Regulations, which requires most employers in California, including in the City, to train and instruct employees about measures that can decrease the spread of COVID-19, including physical distancing and other social distancing measures; and

WHEREAS, Without limiting any requirements under applicable federal, state, or local pandemic-related rules, orders, or directives, the City's Department of Public Health, in coordination with the City's Health Officer, has advised that for group gatherings indoors, such as meetings of boards and commissions, people can increase safety and greatly reduce risks to the health and safety of attendees from COVID-19 by maximizing ventilation, wearing well-fitting masks (as required by Health Officer Order No. C19-07), using physical distancing where the vaccination status of attendees is not known, and considering holding the meeting remotely if feasible, especially for long meetings, with any attendees with unknown vaccination status and where ventilation may not be optimal; and

WHEREAS, On July 31, 2020, the Mayor issued an emergency order that, with limited exceptions, prohibited policy bodies other than the Board of Supervisors and its committees from meeting in person under any circumstances, so as to ensure the safety of policy body members, City staff, and the public; and

WHEREAS, the Police Commission has met remotely during the COVID-19 pandemic and can continue to do so in a manner that allows public participation and transparency while minimizing health risks to members, staff, and the public that would be present with in-person meetings while this emergency continues; now, therefore, be it

RESOLVED, That the Police Commission finds as follows:

1. As described above, the State of California and the City remain in a state of emergency due to the COVID-19 pandemic. At this meeting, the Police Commission has considered the circumstances of the state of emergency.
2. As described above, State and City officials continue to recommend measures to promote physical distancing and other social distancing measures, in some settings.
3. As described above, because of the COVID-19 pandemic, conducting meetings of this body in person would present imminent risks to the safety of attendees, and the state of emergency continues to directly impact the ability of members to meet safely in person; and, be it

FURTHER RESOLVED, That for at least the next 30 days meetings the Police Commission will continue to occur exclusively by teleconferencing technology (and not by any in-person meetings or any other meetings with public access to the places where any policy body member is present for the meeting). Such meetings of the Police Commission that occur by teleconferencing technology will provide an opportunity for members of the public to address this body and will otherwise occur in a manner that protects the statutory and constitutional rights of parties and the members of the public attending the meeting via teleconferencing; and, be it

FURTHER RESOLVED, That the Secretary of the Police Commission is directed to place a resolution substantially similar to this resolution on the agenda of a future meeting of the Police Commission

within the next 30 days. If the Police Commission does not meet within the next 30 days, the Secretary is directed to place a such resolution on the agenda of the next meeting of the Police Commission.

AYES: Commissioners Cohen, Elias, Brookter, Hamasaki, Yee, Byrne

Chief's Report

- Weekly crime trends
- Major/Significant Incidents

Chief Scott reported on crime trends: Part 1 Violent Crime, up 1 percent: Homicide up 13 percent; rape down 14 percent; robbery down 6 percent; assault up 10 percent; human trafficking up 20 percent. Property Crimes, up 4 percent: Burglary down .36 percent; motor vehicle theft down 1 percent; arson up 8 percent; larceny theft up 6 percent. Gun violence up 53 percent. There were 2 shooting incidents for the week ending on 10/3/21; a total of 143 incidents resulting in 170 victims YTD. There were 2 homicides the week ending on 10/3/21; 43 homicides YTD: 3 homicides in October; 7 homicides in September; overall clearance rate is 91 percent.

Gun Seizure: 762 total, 115 ghost guns recovered YTD.

The Chief talked about the two homicides: September 27th in the Tenderloin at the 300 block of Golden Gate, officers responded to a shooting and located a victim suffering from a gunshot wound. Witnesses stated the victim was inside a donut store when someone shot into the store. Victim succumbed to his injuries. No arrest made and investigation is ongoing. Assaulted related homicide on September 28th where victim was in an argument that turned into an assault. Victim succumbed to his injuries. Suspect turned himself in and was taken into custody. On September 27th the victim was on 9th and Mission in the Southern District suffered a gunshot wound into his upper body. Victim was transported to SFGH where he later died from his injuries. No arrest made; investigation is ongoing.

Shootings & Assaults: On September 29th, at the 2200 block of Mission in the Mission District victim was standing in front of the location when vehicle slowly drove by with occupants yelling possible gang slurs. A subject exited the vehicle and shot at victim from across the street. Victim was struck by gunfire and is expected to survive. No arrests made and the investigation is ongoing. Second shooting at 25th and Connecticut in the Bayview District, victim walking his dog and was shot. No arrests made and the investigation is ongoing.

Significant Incidents: Assault on the ferry where victim was on his way home from the Giants game and got into an argument with another person. The person he was arguing with punched him multiple times causing victim to fall back. Victim suffered injuries to his head and torso, was transported and expected to live. Suspect arrested and has been booked for assault. Another

incident occurred in the intersection of Spear and Harrison In the Southern on September 28th. Victim returned to his vehicle and saw that a person was in the car. Victim told the person to get out of the car and the person threatened to shoot the victim. Victim also saw a knife. Victim left his car and called the police. Officers responded, after five hour standoff, suspect was taken into custody. Oak & Ashbury in the Park District on October 3rd, officers made contact with a female that was assaulted by her boyfriend in their vehicle. The victim was held down and choked, pepper sprayed and struck in the face multiple times. Suspect also lit victim's hair on fire. Victim was able to escape. Suspect's vehicle was located but has not been arrested at this time, investigation is ongoing. Robbery assault with a vehicle at Northpoint and Taylor in the Central District on September 28th, two suspects burglarized a car, when suspects fled, they hit the victim with their vehicle. No arrest made; investigation is ongoing.

Stunt Driving: The Chief reported that on October 2nd, the Stunt Driving Response Unit responded to several events at Folsom and Masonic, San Bruno and Paul, and at 7th and Brannan. Three citations were issued, one for reckless driving, one for evading and driving under a suspended license and the vehicle was towed. 27 officers deployed to these events. Officers were pulled from all 10 district stations.

District strategies: Central – extra deployment to deter car break-ins. Northern – focus on violence prevention as there have been bay area shootings outside of San Francisco that are all connected. The Department is working with other departments to make sure that information sharing is coordinated to make sure violence does not escalate. Officers were also deployed in Alamo Square, Japan Town, and the Palace of Fine Arts to deter car break-ins. Southern – extra officers deployed to deter car break-ins.

Major Events: Fleet week this week and officers will be deployed to keep public safe; Italian Heritage Parade will be on October 10 at Fisherman's Wharf and North beach Area; Giants to begin play off games on Friday; Chase Center events also happening this week and officers will be deployed. Golden Gate Park concert series.

Vaccination status: The Chief spoke of the City's vaccination mandate and that all city employees is mandated to be vaccinated. The Chief stated that, to date, 181 total employees of that 147 officers are not vaccinated. The Chief stated that the deadline for the Department is October 13th. The Department is working with the City Attorney's office and the Department of Human Resources on how to handle the situation.

Commissioner Hamasaki asked the Chief if unvaccinated officers are still engaging with the public. Chief Scott stated that the Department is working with the Department of Human Relations and that the Department is following the same process as all city agencies. He explained that to remove all those officers off the streets will cause another safety problem and that is why he is working with DHR to iron out the process so that the Department have time to make the proper adjustment when the deadline comes up the Department will take the next course of action. The Chief explained that there is public safety issue on the other side of that equation because adjustments have to be made when these officers are removed from the field. The Chief explained that there are stations that will be significantly impacted when these officers are removed from the field.

Commissioner Brookter asked about recruitment. Chief Scott stated that there are two academy classes at the academy now and that the Department is looking at ways on how to recruit based on the vaccination process. The Chief stated that the department is using overtime to have officers on patrol.

Commissioner Yee asked about car break-ins and asked if most break-ins involved rental cars and asked for numbers. He also asked about gun violence and what to do about media sites that talk about ghost guns. He also talked about officers that are unvaccinated. Commissioner Yee also talked about the Chinatown Car Show.

Commissioner Cohen commended the Chief and the Department for work done during the week including arrest of a suspect in the Mission District homicide, arrest of a robbery who was targeting Asian females, and the arrest of a suspect for a string of armed robberies. Commissioner

Cohen also addressed concerns about ghost guns and stated that the Commission can write a letter to support legislation regarding ghost guns.

Commissioner Elias also spoke of District attorney filing a lawsuit against a ghost gun manufacturer and thanked the DA for his efforts.

PUBLIC COMMENT

John Jones spoke of the vaccinated issue and stated that both vaccinated and unvaccinated people can transmit the virus.

Commission Reports

- **Commission announcements and scheduling of items identified for consideration at future Commission Meetings.**

Commissioner Cohen commented in recognizing police reform initiatives and talked about legislation signed by Governor Newsome. She stated: "On September 30th, the Governor signed Senate Bill 16 by Senator Nancy Skinner, the Democrat from Berkeley. You might recall Senator Skinner's legislation increases the transparency of peace officers' misconduct records pertaining to the findings of unreasonable or excessive use of force, discriminatory or prejudiced behavior, failure to intervene when witnessing excessive force by a peace officer or participation in unlawful searches and arrests. And, again, you may recall, our Commission recently had the privilege of having Senator Skinner appear before us to discuss this particular piece of legislation and, publicly, I'd like to just congratulate Senator Skinner on her consistent leadership on the police reform. Also, the Governor signed Senate Bill 2, which was authored by State President pro tem Tony Akins from San Diego and Senator Steve Bradford of Gardena. Senate Bill 2 creates a system within the Commission on Peace Officers Standard on Training, POST, to investigate and revoke or suspend peace officer certification for serious misconduct including excessive force, sexual assault, demonstration of bias and dishonesty. This legislation also creates the Peace Officers Standards Accountability Division and the Peace Officers Standards Accountability Advisory Board within POST to review serious misconduct cases. What's significant is the enactment of Senate Bill 2 will hopefully serve to end the practice of agency shopping by officers who have been suspended or fired for misconduct. Other police reform bills signed by the Governor include AB 26 which was authored by Assemblyman Chris Holden of Pasadena. This legislation requires the use of force policies for law enforcement agencies to include the requirement that officers "will immediately" report potential excessive force and further describe the requirement to intercede if other officers use excessive force. I also want to highlight AB 48 which was authored by Assemblywoman Lorena Gonzalez of San Diego. AB 45 requires Police Officers Standards in Training in the use of projectiles or chemical agents for crowd control if there is a reasonable threat of life or great bodily injury. Also want to bring to your attention Assembly Bill 89 which was authored by Assembly member Reggie Jones Sawyer of Los Angeles. AB 89 raises the minimum age for a new police officer to 21 beginning in 2024 and requires that new officers have college degrees. I know that is something that has been talked a lot about and is now State law. I

want to also note AB 481 which was authored by our own Assemblyman David Chiu. This legislation establishes requirements that must be met before a law enforcement agency acquire and use military equipment. 8490 which was authored by Assemblyman Mike Gibson who represents Carson. AB 8490 prohibits a law enforcement agency from authorizing techniques and transport methods that involve a substantial risk of positional asphyxia, in other words, restricting a person's breathing. AB 958 is also authored by Assemblyman Mike Gibson. AB 958 requires all law enforcement agencies to maintain a policy that prohibits participation in a law enforcement gang and makes a violation of that policy grounds for termination."

Commissioner Cohen stated that the common goal is to make sure that our officers are provided with the tools and the guidance that they need to serve effectively and in the best interest of justice for the community.

DISCUSSION AND POSSIBLE ACTION TO APPROVE THE AWARDS COMMITTEE RECOMMENDATIONS

Commissioner Brookter stated that he worked with Commissioner Byrne to meet with the Chief regarding the recommendations. He said that there was a lot of thoughtfulness that went into these recommendations.

Commissioner Byrne reiterated what Commissioner Brookter said and stated that they recognized that some of the officers do have complaints against them and were put over. He stated that he doesn't want the Commission to be involve in people that are involved in racist, homophobic, or egregious conduct.

Chief Scott added that this is really the Commission's work and that there is a good process in vetting and it's really in the spirit of understanding that people are human beings and not penalize officers of minor things in terms of receiving the award.
