9/24/20

The San Francisco Rotary Club has donated socks to C.E.D./H.S.O.C. (HSOC SOCKS) in the past for our officers to hand out to the unhoused. The officers assigned to H.S.O.C. have expressed how beneficial handing out the socks have been in developing relationships with the unhoused, which has improved our outreach efforts. Having a clean pair of socks is extremely important to the unhoused and I have seen for myself how elated unhoused persons are when we are able to give them a fresh, clean, new pair of socks. We have also given the socks to our city partners at H.S.O.C. so that they too can hand out the socks, and have received positive feedback.

Jane Mermelstein, from the SF Rotary Club, has contacted me and said that they have another large donation of socks to donate to H.S.O.C. I respectfully request that the San Francisco Police Commission accept this kind donation so that the officers at H.S.O.C. can continue to provide this much needed clothing item to the unhoused that we contact during out daily outreach efforts.
