Standardized Population Figure
(Supersedes DB 17-066)

In order to establish a standard and uniform figure for resident and daytime population for the City of San Francisco for use by the Department, a population estimate based on data provided by the U.S. Census Bureau, the San Francisco Travel Association, and the Bay Area Metropolitan Transportation Commission/Association of Bay Area Governments has been adopted.

Official San Francisco Police Department Population Estimates:

1. Tourists: 68,998 average per day

Source: [San Francisco Travel Association](#)

2. Commuters: 260,217

Source: San Francisco Bay Area Metropolitan Transportation Commission/Association of Bay Area Governments – 2010 Census Transportation Planning Package

3. Resident Population: 884,363 (to be used for crimes per 100,000)

Source: [U.S. Census Bureau](#) (If you encounter problems using a browser, i.e. Internet Explorer, please try Chrome or Firefox.)

4. Estimated Total Daytime Population: 1,213,578

- + Tourists (68,998)
- + Commuters (260,217)
- + Resident Population (884,363)

Each year when new figures are published, the Crime Analysis Unit will provide an updated population estimate.
