FOR IMMEDIATE RELEASE

December 17, 2018

## DMV Reminds Motorists of New 2019 Laws

**Sacramento** – With the New Year just around the corner, the California Department of Motor Vehicles (DMV) wants to inform the public about several new laws or changes to existing law that, unless otherwise noted, take effect January 1, 2019.

**Temporary License Plate Program ([AB 516, Mullin](#)):** This law requires licensed California dealers, of new and used vehicles to attach temporary paper license plates on a vehicle at the point of sale if that vehicle does not display license plates previously issued by the DMV. The temporary license plates contain a unique number and expiration date. No vehicle can be driven off the dealership lot without the temporary license plate affixed to it unless it already has issued plates. The intent of this new law is to reduce the number of toll violators and improve safety for law enforcement.

**Gender Identity Female, Male, or Nonbinary ([SB 179, Atkins](#)):** This law allows individuals applying for a California driver license or identification card to self-certify their chosen gender category of male, female or nonbinary in the application. Applicants who select nonbinary will receive a card with an “X” in the gender category.

**Driving Under the Influence – Ignition Interlock Device ([SB 1046, Hill](#)):** From January 1, 2019 to January 1, 2026, this law mandates repeat offenders for driving under the influence (DUI) and first DUI offenders whose violations resulted in injury, to install an ignition interlock device (IID) for a period ranging from 12 to 48 months. This law also allows those who receive a suspension under the Administrative Per Se law to obtain an IID-restricted driving privilege, and receive credit toward their required IID restriction period if they are later convicted of a DUI. These provisions apply to DUI violations that involve alcohol or the combined use of alcohol and drugs. They do not apply to drug-only violations. Additionally, courts have the discretion to order a non-injury first DUI offender to install an IID for a period of up to 6 months. If the court does not order IID installation, a non-injury first offender may apply for a driver license for IID restrictions or restrictions that allow them to drive to, from, and during their employment and to and from a DUI treatment program for 12 months. Previously, an IID pilot program was only in effect in Alameda, Los Angeles, Sacramento and Tulare counties.

**Smog Check Changes and New Abatement Fees ([AB 1274, O’Donnell](#)):** This law expands the existing smog check exemption to vehicles that are up to eight model years old, up from the current exemption of six model years. During the additional two years of exemption, these vehicles will pay an annual \$25 smog abatement fee. The current annual \$20 smog abatement fee for the first six years of exemption remains unchanged.

**Driving Privilege for Minors ([AB 2685, Lackey](#)):** This law repeals a juvenile court’s authority to suspend, restrict or delay the issuance of a driver license of a habitual truant or ward of the state for up to one year. The law clarifies that any suspensions or delays reported prior to January 1, 2019, remain in effect.

**DMV Reminds Motorists of New 2019 Laws**

December 17, 2018

Page 2 of 2

**Motorized Scooters, (AB 2989, Flora):** Bicycle helmets are no longer required for riders of motorized scooters who are age 18 or older. It also amends existing law to prohibit a person from operating a motorized scooter on a highway with a speed limit greater than 25 miles per hour, unless it is within a [Class IV bikeway as well as a Class II bikeway](#). However, it permits local authorities to authorize the operation of motorized scooters on roads with speed limits up to 35 miles per hour outside of a Class II or Class IV bikeway.

**Unsafe, unsecured loads on vehicles (AB 1925, Choi):** This law requires the DMV to include at least one question addressing laws pertaining to driving with an unsafe, unsecured load in at least 20 percent of the knowledge tests administered to driver license applicants. Unsecured loads, such as ladders, buckets and loose items in the back of pickup trucks, can be dangerous for motorists when they fall onto the road. Therefore, all vehicle loads must be covered or secured.

**\*\*\*Reminder\*\*\*****\*\*\*Green and White Clean Air Vehicle Valid Until January 1, 2019\*\*\***

**High-Occupancy Vehicle Lanes (AB 544, Bloom):** As previously announced, AB 544 created a new program to grant low-emission vehicles and transitional zero-emission vehicles access to high-occupancy vehicle (HOV) lanes for an approximate four-year period, regardless of the vehicle occupancy level. A green or white decal is valid until January 1, 2019 and vehicles displaying these decals no longer have access to HOV lanes. Vehicles that were issued a green or white decal between January 1, 2017 and March 1, 2018 are eligible to apply for a red decal that grants them access to HOV lanes until January 1, 2022. The DMV notified these customers of their eligibility by mail. The DMV will issue light purple decals in 2019 that will grant access to HOV lanes until January 1, 2023. Decals are available to applicants who have not applied for or received a consumer rebate pursuant to the Clean Vehicle Rebate Project, unless they meet annual income requirements. For more information or to apply, visit DMV's [Clean Air Vehicle Decals](#) webpage. Visit the [California Air Resources Board](#) website for additional information on vehicle eligibility.

### **San Francisco Police Department Prompts Shoppers To Park Smart During The Holidays**

*Reminder Comes as Auto Burglaries Continue to Decrease, Arrests Rise*

The San Francisco Police Department today reminded shoppers to take simple steps to protect their purchases this holiday season, while announcing a 16 percent year-to-date decrease in auto burglaries citywide.

The decrease comes after the SFPD took significant steps to address auto burglaries by increasing plainclothes teams and doubling uniformed foot patrols, expanding investigative resources at district stations, creating a General Crimes Unit to address serial auto burglars, identifying and focusing on burglary hot spots, and increasing training for fingerprinting.

"Addressing the spike in car break-ins has been one of my top priorities since my time on the Board of Supervisors," said Mayor London N. Breed. "I am excited that our targeted awareness and enforcement campaigns are steadily addressing this issue, and I want to thank Chief Scott and the SFPD for their continued efforts to keep our neighborhoods safe for residents and visitors."

In the first 10 months of 2018, San Francisco police officers booked or cited 331 people for auto burglaries, a 31 percent increase over total bookings and citations for 2017.

"We're seeing consistent and significant progress in our efforts to stop auto break-ins," said San Francisco Police Chief William Scott. "But we recognize that too many San Francisco residents, workers and visitors continue to be impacted by these crimes. Our officers will have increased visibility during the upcoming holidays to combat street crimes. By remembering to Park Smart this holiday season, shoppers can help us prevent auto burglaries."
