BACKGROUND HISTORY
&
ANNUAL STATEMENT OF PURPOSE
July 1, 2013 - June 30, 2014

BACKGROUND HISTORY

ORDINANCE SEC. 54.1 of the San Francisco Board of Supervisors established The Southeast Community Facility Commission located at 1800 Oakdale Avenue in 1987. The Southeast Community Facility was built as a **mitigation** measure in return for the Bayview-Hunter's Point community's acceptance of the Southeast Water Treatment Plant in the midst of their neighborhood.

Additionally, in order to obtain approval for the construction of the sewage treatment plant, the City of San Francisco agreed to operate and maintain, at City cost, this facility for the benefit of the Bayview Hunters Point community. The members of the **Southeast Community Facility Commission** are appointed and serve at the pleasure of the Mayor.

The Southeast Community Facility located at 1800 Oakdale Avenue is a community-based and oriented facility with numerous programs and services. For example, the Southeast Community Facility has an educational/training complex leased by the San Francisco Community College District, Wu Yee Children's Services provided by Human Services Agency of San Francisco. In addition, the Southeast Community Facility is leased to non-profit community based organizations that provide services to all San Francisco residents. Most of the programs provided are non-profit in status making them affordable to all members of the public. In conjunction with community based organizations, tenants as well as government agencies, we offer a wide range of assistance in the areas of employment opportunities provided by the Department of Human Services, criminal expungement services provided by the SF Public Defender and the Community Court provided by the San Francisco District Attorney. The San Francisco Sunshine Ordinance mandates that public notices be disseminated in time to allow residents an opportunity to attend all public meets held at the Southeast Community Facility.

The Southeast Community Facility is centrally located and accessible to members of the public. Many government agencies and community-based organizations use our facilities (Alex Pitcher Community Room and E.P. Mills Community Center) to hold events, training workshops and seminars, job and health fairs, graduation award ceremonies, and town hall meetings to inform and acquaint San Francisco residents about current events.

STATEMENT OF PURPOSE

The purpose of the **Southeast Community Facility Commission** is to review and provide guidance regarding the operations of the Southeast Community Facility.

The yearly goal of the **Southeast Community Facility Commission** is to promote and advocate improving the general economic, physical, health, education, public safety and welfare of all residents of San Francisco, but particularly those in the Bayview Hunter's Point Community.

**SOUTHEAST COMMUNITY FACILITY COMMISSION
ANNUAL REPORT
Fiscal Year 2013-2014**

The Southeast Community Facility Commission offices were temporary relocated to facilitate the remodeling of our wing. In November of 2012, we vacated our regular office spaces in the main building and relocated to two large bungalows located on the back lawn of the facility. On December of 2013, we moved into our newly remodeled offices with our new neighbor, the Five Keys Charter School with their new offices and classroom space. On January of 2014, an open house was held for the local community. The remodeling of this wing was the first in a series of construction phases planned by the San Francisco PUC to remodel, update and fully utilize the 1800 Oakdale and the greenhouses for the betterment of the Southeast Community and City residents.

The Southeast Community Facility Commission continues to oversee the operation of the Alex L. Pitcher Community room of Southeast Community Facility and have an advisory role with respect to significant decisions relating to the use of the Southeast Community Facility and greenhouses. The Southeast Community Facility Commission also continues to have an advisory role with respect to significant decisions relating to the use of the Earl P. Mills Community Facility, including the opportunity to review and provide comments on all future leasing activity.

The Southeast Community Facility Commission also continues to advocate for and support District 10 community organizations, health, education, welfare and economic development activities beneficial to all San Francisco residents, with emphasis on increasing opportunities for those who are disfranchised in District 10.

The fiscal year 2013-2014 has been a year of significant accomplishment for the **Southeast Community Facility Commission**. As part of **Mayor Edwin M. Lee's** commitment to revitalizing the Bayview Hunter's Point neighborhood, the 7th edition of the **San Francisco Southeast Sector Resource Directory** was created. This Resource Directory is currently being widely distributed throughout the City including the Mayor's Office, Board of Supervisors, and City agencies, community based organization, and is made available to the public. The updated 7th edition of the Southeast Sector Resource Directory is a valuable source for informing San Francisco residents about the wealth of civic, religious, economic and social institutions available in the Bayview Hunter's Point neighborhood. In addition to listing the businesses serving the Bayview Hunter's Point area, we have also included organizations, churches, financial/legal assistance, medical/family support services, educational/training locations, and childcare facilities.

POLICY MANAGEMENT

As legislatively mandated, implemented and enacted, the following are policies and directives adopted by the **Southeast Community Facility Commission**:

- **To handle** all logistical arrangements for the **Southeast Community Facility Commission** and its committee meetings two - three times monthly.
- **Implement** new security measures after the 911 and recent terrorist incidents by installing an electric gate/intercom system in the Southeast Facility parking lot area. Also installed were new security cameras for the administrative office and the perimeter of parking lot area.
- The San Francisco Public Utilities Commission/Commercial Land Management Department continues to manage lease agreements for use of space at the Southeast Community Facility and Greenhouse under the "Clean Water Fund" budget.
- **Insure** compliance with all relevant City, State and Federal laws and regulations including but not limited to, lease/contract agreements and work/service orders.
- **Continues To maintain** compliance with regulatory requirements and particularly related to the American Disabilities Act.

AMERICAN DISABILITIES ACT-COMPLIANCE UPGRADES

The San Francisco Public Utilities Commission continues to fund large-scale projects to ensure that all entryways, restrooms, water faucets, ramps and general walkways on the Southeast Community Facility premises are American Disabilities Act-compliant.

The Public Utilities Commission workers replaced the roof deck with a waterproof deck, replaced all drinking fountains with high and low rise fountains and installed one new outdoor drinking fountain. Interior handrails were modified per life safety requirements and installed in all restrooms.

Our landscapes were modified for American Disabilities Act compliance including retrofit of pavement, ramps, stairways, irrigation systems, trees were added, planting areas, preparation and execution of pedestrian traffic routing plans and new exterior fences were installed. There has been outreach to Government, Business, Community Organizations and Interested Individuals.

BUSINESS DEVELOPMENT, EMPLOYMENT AND TRAINING OPPORTUNITIES

The Southeast Community Facility Commission is very committed to the economic revitalization of Bayview Hunter's Point and wants to see **Mayor Edwin M. Lee's** vision of jobs, housing and economic vitality for area residents become **a reality**. The **Southeast Community Facility Commission's continued efforts** include written letters of support for businesses, individuals and community organizations seeking support in promoting or bringing business to the Bayview Hunter's Point. The Southeast Community Facility Commission successfully collaborated with the San Francisco Public Utilities Commission/Waste Water Enterprises in recruiting qualified Southeast Sector young adults for the Class 9910 Pre-apprenticeship Stationary Engineer Program. Special thanks for Commissioner Brigette R. LeBlanc who served as a liaison to the San Francisco Public Utilities Commission/Waste Water Enterprise. The **Southeast Community Facility Commission** has also invited public officials, representatives/entrepreneurs from business enterprises to address and inform/educate the Commission and the community-at-large.

The Southeast Community Facility Commission would like to extend personal thanks to the following individuals/organizations for volunteering time, contributing monetary and in-kind donations toward the Southeast Community Facility Health Fair Founders Mural Project, and Job Fair, as well as economic development of the Bayview Hunter's Point:

THE FUTURE AND IN-COMING YEAR

As legislatively mandated, the Commission will **continue to:**

- **Advocate** for improving the general economic, physical, health, safety and welfare of the residents of the southeast sector while ensuring the safe operation of the Southeast Community Facility, the greenhouse and the Earl P. Mills Center Auditorium.
- **Maintain** good relations with residents and community groups within the southeast sector, the Mayor's office, Board of Supervisors, government officials most especially SF. Public Utilities Commission, City Attorney, SF. Public Defender/Clean Slate Program, District Attorney/Community Court, Mayor's office Workforce, Mayor's Shipyard Citizen Advisory Committee, Young Community Developers, and all the residents of San Francisco.
- **Encourage** local tenants to take stake in the community by becoming home and property owners, and work with developers to increase the percentage of affordable units for sale in development projects in Bayview Hunter's Point.
- **Work** with potential business and housing developers to ensure maximum community benefit opportunities written into the "owner participation agreements".
- **Uphold** its partnership with the Mayor's Office of Community Neighborhoods, Bayview Police Station, San Francisco Public Utilities Commission and the Department of Public Works in promoting clean and safe neighborhoods in San Francisco.
- **Maintain and renew an agreement with the American Red Cross** since the Southeast Community Facility is designated to serve as an Emergency Red Cross shelter site in case of an earthquake or natural disaster. The facility is in the process of designing/building a **food storage bunker** to be used for feeding Southeast residents in case of an earthquake.
- **Continue to manage the Alex Pitcher Community Room as well as the E.P. Mills Auditorium at 100 Whitney Young Circle.**
- **Work in conjunction with the Public Utilities Commission/Land Management Division** in the management of the lease agreement for the Southeast Community Facility and the greenhouse under the Clean Water Fund Budget.
- **Work closely with Harlan Kelly, Jr., Public Utilities Commission/General Manager, Tommy Moala, Assistant General Manager/Public Utilities Commission/Wastewater Enterprise and Juliet Ellis, Assistant General Manager/Public Utilities Commission/External Affairs** in strengthening communication links with the public, most especially the Southeast residents on broader issues of community concern.

Additionally, the Southeast Community Facility Commission along with its staff works vigorously with the San Francisco Public Utilities Commission to implement the San Francisco Public Utilities Commission's Community Benefits Package for the residents of the Southeast sector.
