BACKGROUND HISTORY
&
ANNUAL STATEMENT OF PURPOSE
July 1, 2014 - June 30, 2015

BACKGROUND HISTORY

ORDINANCE SEC. 54.1 of the San Francisco Board of Supervisors established **The Southeast Community Facility Commission** located at 1800 Oakdale Avenue in 1987. The Southeast Community Facility was built as a **mitigation** measure in return for the Bayview-Hunter's Point community's acceptance of the Southeast Water Treatment Plant in the midst of their neighborhood.

Additionally, in order to obtain approval for the construction of the sewage treatment plant, the City of San Francisco agreed to operate and maintain, at City cost, this facility for the benefit of the Bayview Hunters Point community. The members of the **Southeast Community Facility Commission** are appointed and serve at the pleasure of the Mayor.

The Southeast Community Facility located at 1800 Oakdale Avenue is a community-based and oriented facility with numerous programs and services. For example, the Southeast Community Facility has an educational/training complex leased by the San Francisco Community College District, Wu Yee Children's Services provided by Human Services Agency of San Francisco. In addition, the Southeast Community Facility is leased to non-profit community based organizations that provide services to all San Francisco residents. Most of the programs provided are non-profit in status making them affordable to all members of the public. In conjunction with community based organizations, tenants as well as government agencies, we offer a wide range of assistance in the areas of employment opportunities provided by the Department of Human Services, criminal expungement services provided by the SF Public Defender and the Community Court provided by the San Francisco District Attorney. The San Francisco Sunshine Ordinance mandates that public notices be disseminated in time to allow residents an opportunity to attend all public meets held at the Southeast Community Facility.

The Southeast Community Facility is centrally located and accessible to members of the public. Many government agencies and community-based organizations use our facility (Alex Pitcher Community Room) to hold events, training workshops and seminars, job and health fairs, graduation award ceremonies, and town hall meetings to inform and acquaint San Francisco residents about current events.

STATEMENT OF PURPOSE

The purpose of the **Southeast Community Facility Commission** is to review and provide guidance regarding the operations of the Southeast Community Facility.

The yearly goal of the **Southeast Community Facility Commission** is to promote and advocate improving the general economic, physical, health, education, public safety and welfare of all residents of San Francisco, but particularly those in the Bayview Hunter's Point Community.

**SOUTHEAST COMMUNITY FACILITY COMMISSION
ANNUAL REPORT
Fiscal Year 2014-2015**

The Southeast Community Facility Commission offices were temporary relocated to facilitate the remodeling of our wing. In November of 2012, we vacated our regular office spaces in the main building and relocated to two large bungalows located on the back lawn of the facility. On December of 2013, we moved into our newly remodeled offices with our new neighbor, the Five Keys Charter School with their new offices and classroom space. On January of 2014, an open house was held for the local community. The remodeling of this wing was the first in a series of construction phases planned by the San Francisco PUC to remodel, update and fully utilize the 1800 Oakdale and the greenhouses for the betterment of the Southeast Community and City residents.

The Southeast Community Facility Commission continues to oversee the operation of the Alex L. Pitcher Community room of Southeast Community Facility and have an advisory role with respect to significant decisions relating to the use of the Southeast Community Facility and greenhouses.

The Southeast Community Facility Commission also continues to advocate for and support District 10 community organizations, health, education, welfare and economic development activities beneficial to all San Francisco residents, with emphasis on increasing opportunities for those who are disfranchised in District 10.

The fiscal year 2014-2015 has been a year of significant accomplishment for the **Southeast Community Facility Commission**. As part of **Mayor Edwin M. Lee's** commitment to revitalizing the Bayview Hunter's Point neighborhood, the 8th edition of the **San Francisco Southeast Sector Resource Directory** is in the process of being revised. This Resource Directory when completed will be widely distributed throughout the City including the Mayor's Office, Board of Supervisors, and City agencies, community based organization, and will be made available to the public. The updated 8th edition of the Southeast Sector Resource Directory will be a valuable source for informing San Francisco residents about the wealth of civic, religious, economic and social institutions available in the Bayview Hunter's Point neighborhood. In addition to listing the businesses serving the Bayview Hunter's Point area, we have also included organizations, churches, financial/legal assistance, medical/family support services, educational/training locations, and childcare facilities.
