## About Giving Through Payroll Deductions

### **Q: How does payroll deduction work?**

A: Donors determine and tell the payroll department on the pledge form how much money will be deducted from every paycheck throughout the year. For example, if an employee selects "\$20 per pay period" on the pledge form, then \$20 will be deducted from each of the 26 paychecks, for a total of \$520 by year end. The pledge will be deducted from paychecks beginning in January and ending the last pay period in December. Charities will begin receiving donations in quarterly distributions beginning in May. Please advise donors not to contact the agency of their choice prior to May as the charity will have no record of any donation before then.

### **Q: What is the advantage of donating via payroll deduction?**

A: It is easier for an employee to have a smaller amount taken out of every paycheck than to write one large check for the same amount. In the example above, \$520 may be too large an amount to write in one check, where \$20 per pay period is much more manageable. Your pay stub keeps track of your charitable contribution, provides proof of your donation and is a reminder to claim a deduction when filing taxes.

Most important, payroll deduction ensures a consistent and reliable stream of income to the charities throughout the year whereas one time gifts do not. This makes it easier for them to budget and plan their annual programs and services. This consistent income stream is a main reason why non-profit organizations participate in campaigns such as this one.

Please note: cash contributions are not accepted! All cash donations will be returned, with the pledge form, to the department coordinator.

# Start Your Legacy

## With the San Francisco Public Library

San Francisco is a city rich with legend and history, whose beloved icons, including the Golden Gate Bridge, cable cars, steep hills, and colorful homes, are imprinted on our national consciousness.

This city in the mind's eye is inhabited by a diverse population including the bohemians of the 1960s cultural revolution; recent immigrants creating a new future for themselves; members of the gay, lesbian, bisexual, and transgender population asserting and celebrating their rights and culture; and the knowledge workers of the high-tech economy.

Embedded in this brew of postcard images and cast of imaginary characters is a true sense of San Francisco's identity.

This is a dynamic and forward-looking city of dense urbanism and vibrant neighborhoods, populated by residents who value diversity, democracy, equality of access and opportunity, and an active intellectual life.

The San Francisco Public Library (SFPL) is both a symbol of San Francisco and a direct contributor to what makes San Francisco the place that it is. SFPL has evolved to be a characteristically San Franciscan institution uniquely suited to serve this city and its inhabitants. This is most evidenced in SFPL's specialized services for entrepreneurs and job seekers; the library's exceptional partnering with the San Francisco Unified School District and the early literacy community; the support and resources the institution provides for the city's most vulnerable populations; and the library's role in helping define and celebrate San Francisco's diverse populations and distinct neighborhoods. # Connecting the Diverse Spectrum

*"I like to think of the Asian Pacific Fund as a bridge that connects the diverse spectrum of Asian Americans in the Bay Area. While we celebrate the impressive success in our community, we also acknowledge the great needs, especially among newer Asian American populations. We link donors, who are appreciative of how far they've come on their own bridges and know the value of a helping hand, to those just beginning their journeys."*

For over 20 years, the Asian Pacific Fund has partnered with individuals and families who care about strengthening the communities they come from. We work closely with you to discover your passions and bring your charitable goals to life. Together, we make meaningful change through our diverse network of high-impact nonprofit organizations.

## The Safety Net Caught Me!

Growing up in public housing as an only child with a single mom in the Fillmore District of San Francisco was not easy. My mother worked hard every day as we struggled to make ends meet. She ensured we kept a roof over our head and put food (the basics) on the table.

None of our work is more personally gratifying than our Youth Jobs Plus Initiative. In partnership with Mayor Ed Lee, various City of San Francisco departments, and the San Francisco Unified School District, we've created more than 35,000 jobs and internships for young people (ages 16-24) since 2012.

This was me. A young person needing support and opportunity. The safety net caught me as a young man. That's why I'm so driven and inspired to help create life-changing opportunities for young people to see what they can be and drive their inner capacity to produce a bright future for themselves!

Today, in my role as Chief Operating Officer at United Way Bay Area, I have the incredible privilege of helping lead our community impact work that touches the lives of more than 250,000 individuals and their families. Speaking from my daily experience -- we are changing the world!

Eric McDonnell - Executive Vice President and COO for United Way Bay Area

# Combined Charity Campaign Coordinators

## Your Campaign Coordinator is waiting to Help You

Your Combined Charities Campaign coordinator can help you start the donation process and help you with any questions you may have about making your donation.

### **Your Coordinator Will:**

- Distribute a campaign brochure and pledge forms to each employee in their department
- Collect completed pledge forms from the employees throughout the campaign
- Submit pledge forms as are collected

Pledge forms and drawing tickets should be reviewed for complete information, including Employee ID numbers, employee signature on pledge forms, and completed information on the back of drawing tickets. After this review, the forms are recorded on the “Submittal Sheets” and turned in to: Controller’s Office, Room 316, City Hall.

All pledge forms and drawing tickets are due before noon, Tuesday, November 8th in order to be eligible for the Final Drawing, and for the final tally of department donations to determine placement for the end of campaign award categories.

If you need additional help feel free to contact the Heart of the City Campaign Hotline at (415) 925-2604 or email [Michelle Clancy](#).

Any payroll deduction forms turned in after November 20th may be delayed in processing and result in pledges not being withdrawn from paychecks beginning in January.

Payroll deduction forms can be accepted until December 30, 2017.
