The Prize Drawings

Q: How do I qualify to be in the drawings?

A: Give a minimum one-time donation of \$25, or the minimum payroll deduction of \$1 per pay period which totals out to be \$26 for one year. If donating through payroll deduction, you will receive one drawing ticket for every \$26 of your donation; i.e. $\$520 = 20$ drawing tickets. ($\$520$ divided by $\$26 = 20$). If you choose not to donate, complete the "Request for a Drawing Ticket" form in the back of this manual and turn it in to your Campaign Coordinator or Captain. In return of this form, you will receive one drawing ticket.

Q: What do I do with the drawing tickets after I receive them?

A: On the back of each ticket, legibly write your name, work phone number and department name. You are going to turn in the entire ticket. Tickets without this information written on them when they are submitted will not be eligible for drawing. After you have completed this information, return the tickets to your Campaign Captain or Coordinator so they can turn them in with your pledge form. Please do not turn in long strands of tickets – tickets should be separated prior to turning them in and not stapled to pledge the form.

Q: When are the drawings?

A: Drawing are held regularly throughout the Campaign. Drawings are conducted as part of the regularly scheduled CCC Steering Committee meeting. CCC Steering Committees are open to the public. To be eligible, tickets must be complete and turned in by the prescribed date. See the list of key dates listed on the "About CCC" page.

Q: How do I win and how do I know I won?

A: Each completed ticket is eligible to win. The more eligible tickets you submit on time, the more chances you have to win a prize. However, each employee may only receive one prize per drawing. If Jane's name is drawn more than once in the same drawing, Jane will receive the prize announced for her first win. If Jane's name is drawn again in that same drawing, it will be set aside and another ticket drawn. If, however, Jane's name is drawn in the Early Bird Drawing, and again in the Final Drawing, then two (2) prizes will be awarded to Jane. Prize winners will be called at the phone number they provide on the ticket to receive delivery instructions. All prizes and prize winners are also posted on the campaign website.

Any person who wins a drawing prize valued in excess of \$420 should immediately consult Airport or the Ethics Commission for further instructions.

Q: Where do the prizes come from?

A: All prizes are generously donated by businesses and individuals in the community, as well as by San Francisco City & County departments. Each year the prizes differ.

**SAN FRANCISCO FIREFIGHTERS
CANCER PREVENTION
FOUNDATION**

The San Francisco Firefighters Cancer Prevention Foundation was formed in 2006 for the purpose of early detection and prevention of cancer in both active and retired members of the San Francisco Fire Department.

Our City's Firefighter has put their lives on the line for us and our neighbors every day.

The dangers to firemen on the job extend well beyond the possibilities of being severely burned, trapped by falling debris or asphyxiated.

The threat of cancer also looms large.

A plethora of chemicals—especially those found in fire-retardant materials, ironically—pose serious health risks, according to Dr. Susan Shaw, director and founder of the Marine Environmental Research Institute.

About Giving to Combined Charities with Payroll Deductions

Q: How does payroll deduction work?

A: Donors determine and tell the payroll department on the pledge form how much money will be deducted from every paycheck throughout the year. For example, if an employee selects “\$20 per pay period” on the pledge form, then \$20 will be deducted from each of the 26 paychecks, for a total of \$520 by year end. The pledge will be deducted from paychecks beginning in January and ending the last pay period in December. Charities will begin receiving donations in quarterly distributions beginning in May. Please advise donors not to contact the agency of their choice prior to May as the charity will have no record of any donation before then.

Q: What is the advantage of donating via payroll deduction?

A: It is easier for an employee to have a smaller amount taken out of every paycheck than to write one large check for the same amount. In the example above, \$520 may be too large an amount to write in one check, where \$20 per pay period is much more manageable. Your pay stub keeps track of your charitable contribution, provides proof of your donation and is a reminder to claim a deduction when filing taxes.

Most important, payroll deduction ensures a consistent and reliable stream of income to the charities throughout the year whereas one time gifts do not. This makes it easier for them to budget and plan their annual programs and services. This consistent income stream is a main reason why non-profit organizations participate in campaigns such as this one.

Please note: cash contributions are not accepted! All cash donations will be returned, with the pledge form, to the department coordinator.
