

EXHIBIT Z-1 ZONING MAP CHANGES – CASE REPORT

CASE REPORT HEARING ON 9/28/2006

Case No: **2003.0347EEMTZ**
Resolution of Intention to Initiate Including amendments to Sectional Maps 2 and 2H, 7 and 7H, and Maps 2SU and 7SU of the Zoning Map of the City and County of San Francisco, pursuant to the Market and Octavia Area Plan Amendments of the General Plan and the San Francisco Planning Code.

Case Planners: AnMarie Rodgers, Plan Manager 558-6395, Kearstin Dischinger, Stephen Shotland, and Aksel Olsen

Date: September 18, 2006

Reviewed By: John Billovits, 558-6390

Applicant: San Francisco Planning Department

The San Francisco Planning Department is proposing to amend the San Francisco General Plan, Planning Code and Zoning Map as the culmination of the Better Neighborhoods planning effort. This amendment will implement the Market and Octavia Neighborhood Plan ("Neighborhood Plan") and bring the land use and other Planning Code regulations for this area into consistency. This Case Report provides information concerning the proposed initiation of amendments to the Zoning Map of the Planning Code. The accompanying General Plan Amendment for the Market and Octavia Area Plan ("The Plan") contains proposals for changes to standards for land use, height, bulk, building design, parking and loading, open space, rear yards, and other standards from those currently established by the San Francisco Planning Code. The Planning Department therefore proposes to initiate amendments to the Planning Code, including amendments to the Zoning Map of the Planning Code to implement The Plan.

Planning Code Section 302 provides for amendments to the Planning Code and the Zoning Map by Planning Commission adoption of a Resolution of Intention to

amend the Code. Pursuant to Planning Code 302(c), if the Commission adopts the Resolutions of Intention, hearings on the Planning Code and Zoning Map amendments will be scheduled for the Planning Commission's regularly scheduled meeting on or after 9/28/2006.

Project Location

The Plan encompasses an irregularly shaped area in northeast San Francisco. It extends two to three blocks in width along Market Street for ten blocks and extends north along the former Central Freeway alignment at Octavia Street for ten blocks. Along Market Street, the Plan Area boundaries extend from 11th and Larkin Streets in the east to Noe and Scott Streets in the west. The boundary jogs north along Noe Street, Duboce Avenue, Scott Street, Waller Street, Webster Street, Oak Street, Buchanan Street, and Grove Street; continues north along the former Central Freeway alignment to Turk Street between Laguna and Franklin Streets; and east of Franklin Street jogs south to Grove and Larkin Streets. The Project Area boundary extends south of Market Street between 10th and 11th Street to Howard Street. Extending west along Howard Street, the Project Area boundaries jog along Division, Mission, Fourteenth, Guerrero, and Sixteenth Streets. The Project Area is comprised of 89 Assessor's Blocks in entirety or in part, including the whole of Blocks 759, 761, 768, 770, 783, 785, 792 to 794, 806 to 809, 813 to 819, 830 to 841, 850 to 858, 863 to 876, 3501 to 3506, 3512 to 3514, 3533 to 3538, 3541 to 3545, 3556 to 3560; and portions of 3507 (lot 40), 3510 (lots 49, 57), 3511 (lots 1, 23, 25, 31, 33, 74, 75, 80, 82, and 93), and 3532 (lots 14, 19B, 35, 36, 88, 89, 90 and 91)

Project Description

The General Plan, as it is proposed to be amended, and the Market and Octavia Area Plan, as it is proposed to be adopted, encourage the development of new housing and neighborhood services in the Market and Octavia neighborhood generally including the intersections of Market and Church Streets, Market Street and Van Ness Avenue, the new Octavia Boulevard and parcels within walking distance of these areas. The Plan will ensure that new development regenerates the neighborhood fabric where the Central Freeway once stood and transforms the SoMa West area into a full-service neighborhood. The Plan supports and further details the General Plan's vision of building where growth can be accommodated by transit and services, encouraging public transit use over commuting and visiting by private automobile, and expanding housing opportunities adjacent to the downtown area. Implementation of The Plan consists of the following key components:

- Revised zoning controls proposed for adoption seek to protect much of the existing character of the neighborhood and ensure a mix of housing opportunities including mid-rise and high-rise residential development at

- the Market and Van Ness intersection, with clear standards for ground floor uses, parking and loading, building height and bulk that together will encourage a safer and more attractive neighborhood environment. The new zoning controls would be established through adoption of the proposed amendments to the Planning Code and Zoning Map;
- A detailed plan for public improvements, including neighborhood parks, streetscape improvements, pedestrian amenities, and community services, such as child care library services, and recreational facilities;
 - A detailed implementation program that leverages funding for public improvements from new private development, existing funding streams, and innovative community strategies.

Background

The proposed Zoning Map changes specify the application of Planning Code amendments to specific parcels. The amendments contain proposals for changes to standards from those currently established by the Planning Code; including those for land use, height and bulk, building design, loading, density, residential demolition and parking. Proposed Planning Code text and map amendments will a) establish three new zoning districts, b) amend the Hayes-Gough, Upper Market, and Valencia Neighborhood Commercial Districts (NCDs), c) update height and bulk districts and d) make related revisions to the Planning Code necessary to implement the General Plan as proposed to be amended. The draft Resolution is included as **Exhibit Z-2** and the proposed Zoning Map amendment is contained in a draft **Ordinance, included as Exhibit Z-3**.

Summary of Proposed New Zoning Districts

The Van Ness and Market Downtown Residential Special Use District (VNMDR-SUD) will encourage the development of a transit-oriented, high-density, mixed-use neighborhood around the intersection of Van Ness Avenue and Market Street, adjacent to downtown. This district will still have the area's most intensive commercial uses, including offices, but balances those with a new residential presence. Residential towers will be permitted along the Market / Mission Street corridor, provided they meet urban design standards. Residential towers, if built, would be clustered around the intersection of Market Street and Van Ness Avenue, with heights ranging from up to 200 – 400 feet.

A Transit-Oriented Neighborhood Commercial District (NCT) will encourage transit-oriented, mixed-use development of a moderate scale to a height of 85 feet concentrated near transit services in SoMa West, areas immediately adjacent to the downtown and along the Market Street corridor. Retail use is actively encouraged on the ground floor with housing above to enliven commercial streets. Along Market Street and in SoMa West, a limited amount of

office use will be permitted. Complementing a rich mix of retail and services with a dense residential population in these districts, walking and transit will be the primary means of transportation and car-free housing will be common and encouraged.

In *named NCT and NC-1 (T) districts*, revised parking requirements and housing density controls will encourage housing above ground-floor retail uses. These districts otherwise remain unchanged. They include current Neighborhood Commercial Districts (Hayes-Gough, portions of the Upper Market, Valencia) and several parcels currently zoned NC-1.

A *Transit-Oriented Residential District (RTO)* will encourage moderate-density, multi-family, residential infill, in scale with existing development. The high availability of transit service, proximity of retail and services within walking distance, and limitation on permitted parking will encourage construction of some housing without accessory parking. Small-scale retail activities serving the immediate area will be permitted at intersections.

Preliminary Staff Recommendation

Staff recommends approval of a draft Resolution of intention to initiate amendments to the Zoning Map, Including amendments to Sectional Maps 2 and 2H, 7 and 7H, and Maps 2SU and 7SU of the Zoning Map of the City and County of San Francisco.

Proposed Zoning Map Amendments Necessary to Implement the Market and Octavia Neighborhood Plan

The Department recommends amending the Zoning Map. The amendments consist of the following components:

- Revise the Zoning Map to provide a mix of housing types in the Market and Octavia plan area, with clear standards for ground floor uses, parking and off-street loading, height and bulk to create an attractive neighborhood environment;
- Proposed map amendments would define the boundaries of the three new zoning districts, as proposed in the accompanying Planning Code text amendment. These new districts include:
 - a) Market and Van Ness Residential Special Use District (MVNR SUD);
 - b) Neighborhood Commercial Transit-Oriented District (NCT) (Planning Code Section 712.1);
 - c) Transit-Oriented Residential District (RTO) (Planning Code Section 206.4), and;

d) NCT overlays for the Hayes-Gough Neighborhood Commercial District and portions of the Upper Market and Valencia Neighborhood Commercial Districts within the Market and Octavia Neighborhood Plan.

Proposed amendments to the Zoning Map are included a draft ordinance in **Exhibit Z-3**.

Environmental Review and Consistency with the Priority Policies and the General Plan

Prior to considering action on the proposed Zoning Map amendment, the Planning Commission will consider certifying the Market and Octavia Neighborhood Plan Environmental Impact Report and also consider adopting CEQA findings prior to taking action on the subject Zoning Map Amendment and related cases.

Planning Code Section 101.1(b) Priority Policies are included in Exhibit Z-2. The Amendment is, on balance, in conformity with the General Plan, as it is proposed to be amended.

EXHIBIT Z-1A ZONING MAP CHANGES

CASE REPORT ADDENDUM

For Hearing on February 8th 2007
Action Proposed for February 15th 2007

Case No: **2003.0347EMTUZ**
Resolution of Intention to Adopt Amendment to the Planning Code, including amendments to Sectional Maps 2 and 2H, 7 and 7H, and Maps 2SU and 7SU of the Zoning Map of the City and County of San Francisco, pursuant to the Market and Octavia Area Plan Amendments of the General Plan and the San Francisco Planning Code.

Addendum/Errata Summary

Staff has proposed a small number of changes to the zoning maps since the Initiation Package of September 28th 2006. Some are substantive in nature while others are technical and do not reflect physical changes. Both types of changes are catalogued below.

It should be noted that this document serves as an addendum to rather than a replacement of the case report included in "Materials for Market & Octavia Initiation Hearing, San Francisco Planning Commission, Sept. 28, 2006", page Z-

1:1. This is not a stand-alone document and should be read with said case report. Nonetheless, for practical reasons, Ordinance Z-3-a is by design inclusive of not just changes but of all proposed changes to existing height and zoning districts by lot. To aid in reading changes since September 28th 2006, two maps have been prepared showing current controls with highlights where changes are located. For land use changes, see **Exhibit Z-1-a-1**; for height changes, refer to **Exhibit Z-1-a-2**.

In addition to the changes made there are also a couple of outstanding issues.

CHANGES TO THE ZONING MAP (LAND USE DISTRICTS)

Changed Lot Identifier in Citylots Basefile due to Splits and Mergers

[Not shown on map—change in parcel number only, no physical change]

Due to the time passed since the zoning maps were made, a number of lots are now identified by a different Assessor's Parcel Number (APN) than in the basefile from July of 2006 due to splits and lot mergers. For this reason, a number of lots identified in Exhibit Z-3 are now renamed in Exhibit Z-3a. The ordinance contains the most up to date APN available. This change is technical rather than substantive in nature, as it entails no physical change. It is expected that more lots will be split or converted to condominium lots before the final adoption of the plan. If not included in this new ordinance, those lots will automatically inherit the zoning of the districts in which they are located.

Changes to Projects per Commission Discussion

[On map: Line Trimming Changes]

Block 0794/028, Octavia Blvd at Birch St

An error has been corrected where Assessor's Block/Lot 0794/028 was entirely within the RTO district even if the easternmost 70 foot portion was intended for neighborhood commercial zoning consistent with the remainder of Octavia Boulevard. The easternmost portion, abutting Octavia, is not proposed to be zoned Hayes NCT.

On the same block, Assessor's Block/Lot 0794/001 has similarly been divided such that the easternmost 70 feet measured from Octavia will be zoned HAYES Neighborhood Commercial Transit (Hayes NCT), the remainder Residential Transit Oriented (RTO).

Other Corrections

Brady Block

[On map: Other Corrections]

APN 3505/029 was not included in the “Public” zone although this was called for in the plan.

Changed from P to HAYES NCT

[On map: Public/NC Correction]

Assessor’s Block/Lots 0837/067; 0833/003, and 0833/015 have been changed from “Public” (P) to “Hayes NCT”. Due to an updating error in the parcel information database, these lots were rezoned in the early 1990s, but this was not reflected in the Department’s Database. Therefore, as “Public”-zoned lots, these lots were not considered for rezoning in the September 28th package. Staff proposes to correct these errors, and the lots will be rezoned accordingly to “Hayes NCT”.

CHANGES TO THE ZONING MAP (HEIGHT DISTRICTS)

Changed Lot Identifier in Citylots Basefile due to Splits and Mergers

[Not shown on map—change in parcel number only, no physical change]

Due to the time passed since the zoning maps were made, a number of lots are now identified by a different Assessor’s Parcel Number (APN) than in the basefile from July of 2006 due to splits and mergers of lots. For this reason, a number of lots identified in Exhibit Z-3 are now renamed in Exhibit Z-3a. The ordinance contains the most up to date APN available. This change is technical rather than substantive in nature, as it entails no physical change. It is expected that more lots will be split or converted to condominium lots before the final adoption of the plan. If not included in this new ordinance, those lots will automatically inherit the zoning of the districts in which they are located.

Planning Code Consistency change

[On map: §263.18 consistency change]

The 45-X and 55-X height and bulk districts have been changed to 40-X and 50-X districts respectively. Planning Code Section 263.18 still allows for a height bonus of up to 5 feet for 40-X and 50-X districts, with conditions. In the Initiation Package, this bonus was added to the allowable height on the zoning map, 45 and 55 feet limits rather than 40 and 50 feet height limits. To be consistent with other height limit exceptions in the Planning Code under §263, those 40 and 50-foot districts to which §263.18 applies are now identifiable on the zoning map, thus avoiding a Planning Code/Zoning Map inconsistency.

Changes to Projects per Commission Discussion

250 Valencia Street

[On map: Other Changes]

The westernmost portion of APN 3533/007 has been changed to 50-X from 40-X such that the entire lot is now 50-X. This would allow the currently proposed addition to the historic Levi Strauss building and accommodate the special circumstance of this historic structure on Valencia Street.

55 Page Street

[On map: Other Changes]

The height district boundary has been changed such that entire block 0854 will fall within 85-X height and bulk district. As initially proposed, the project currently under construction on the site would be rendered non-conforming from the day of its completion. Staff finds that this would not be in accordance with the intentions of Planning Code §§180-183 on non-conforming uses, nor would it be consistent with a recent Planning Commission action, which by way of the Conditional Use process entitled the project prior to the publication of the draft plan.¹

Market Street/Van Ness Avenue Intersection height districts

[On map: Other Changes]

¹ Motion No. 14975 authorizing a conditional use for a Planned Unit Development, adopted by the Planning Commission on January 27, 2000

The 400-R-2 district boundaries have been shifted about 30 feet west along APN 0836/005 to better allow for a tower at the site.

Geographic Changes

In some cases the exact geometry of where height district boundaries were drawn has been changed. Reasons are stated below:

[On map: Line Trimming Changes]

- A more consistent approach has been applied in drawing the 40-X/50-X district boundary interfaces. As a general rule, the location of the boundary between 50-X/40-X has been set 70 feet from the larger right-of-way except where close proximity of lot lines to this 70-foot boundary made it appropriate to draw the line at those boundaries in stead.

[On map: Line Trimming and Lowering Changes]

- The 65-X district boundaries on Market Street west of Church Street were trimmed back to better mark the presence of side streets within lower height districts.

Height Changes

Through a number of meetings with the historic preservation community, staff has discussed the ongoing historic survey and its incorporation into the Plan. A number of actions are called for with **Exhibits U-1 to U-4** addressing the interim period between the Plan's adoption and the completion of the survey. While staff is confident that proposed interim procedures provide a solid protection of historic resources in the area, heights on Market Street west of Church Street are now proposed to remain at 50 feet, the existing height limit for the subarea (with a possible extension to 55' to encourage a more appropriate height for retail space or other active use at the street level) instead of the plan's proposed 65 feet height district. The geographic changes, trimming the higher district such that it is kept closer to Market Street as described above, remain, effectively resulting in a reduction of heights on that portion relative to existing controls. The Department still thinks 65 feet is appropriate for this subarea and will reconsider changing this in the amendment process following the Historic Survey integration into the Plan.

Other Corrections

[On map: Other Changes]

Planning Department

Case Report Amendment
Case No. 2003.0347EMTUZ
Adoption of General Plan, Planning Code,
and Zoning Map Amendments Pursuant to
the Market & Octavia Neighborhood Plan
February 15, 2007

Brady Block APN 3505/029 was not included in the “Open Space” height district although it was called for in the plan. Staff proposes to correct this error.

SAN FRANCISCO

PLANNING COMMISSION

RESOLUTION NO. 17410

WHEREAS, Section 4.105 of the Charter of the City and County of San Francisco mandates that the Planning Department shall periodically recommend to the Board of Supervisors for approval or rejection proposed amendments to the Zoning Maps.

The San Francisco Planning Department is seeking to implement the Market and Octavia Neighborhood Plan ("Neighborhood Plan"), which encourages diverse and affordable housing, choices for movement, safe streets, and a cohesive neighborhood fabric.

Pursuant to Planning Code Section 302 (b), the Planning Commission held a public hearing on September 28, 2006 and after considering written and oral information presented by the staff and considering public comment, adopted Resolution No. 17314, a Resolution of Intention to initiate amendments to the Planning Code, initiating amendments to Sectional Maps 2 and 2H, 7 and 7H, and Maps 2SU and 7SU of the Zoning Map of the City and County of San Francisco, in order to implement the proposed Market and Octavia Neighborhood Plan.

Subsequent to adopting Res. No. 17314, the Planning Commission authorized the Department to provide appropriate notice for a series of public hearings on the proposed amendment. The Commission held a series of public hearings to consider the proposed amendment, including hearings on October 26, Nov. 2, 2006, Nov. 9, 2006, Dec. 7, 2006, January 11, 2007, Feb. 8, 2007, Feb. 15, 2007, and March 22, 2007. On this date, the Commission adopted a Motion of Intent to certify the Environmental Impact Report, and to adopt CEQA findings, changes to the Planning Code, General Plan, Zoning Map, and to establish Interim Procedures.

During the course of the public hearings, staff incorporated a number of changes to the draft General Plan amendment, based on testimony from property owners, residents, members of the public, and Planning Commission comments, as contained in a draft ordinance approved as to form by the City Attorney contained in Exhibit M-3-B, as though fully set forth herein.

The Western SoMa Citizens Planning Task Force, in its continuing planning for western South of Market, would like to provide recommendations for controls outside their area and may propose further refinements to the planning recommendations for the Market Octavia Plan area on those Market Octavia Plan area portions of Assessor's Blocks 3510, 3511 and a triangular portion of Block 3514 east of South Van Ness Avenue.

Following the adoption of the Market & Octavia Plan, the Western SoMa Citizens Planning Task Force may thereafter seek to revise the boundaries of the Western SoMa area to include the area described above as part of the Western SoMa Planning Area. The Western SoMa Citizens Planning Task Force may then further consider planning and zoning recommendations regarding but not limited to heights and density, housing affordability and business displacement policies in the general area south of Market Street and east of Division, Otis, Gough and Franklin Streets that are currently part of the Market & Octavia Plan.

Proposed amendments to the General Plan, include adding a new area plan, the Market and Octavia Area Plan, and making related amendments to the Commerce and Industry, Housing, Recreation and Open Space, and Transportation Elements, the Civic Center Area Plan, Downtown Area Plan, South of Market Area Plan, and the Land Use Index to implement the Market and Octavia Neighborhood Plan. The Department proposes a number of conforming amendments, including changes to Sectional Maps 2 and 2H, 7 and 7H, and Maps 2SU and 7SU of the Zoning Map of the City and County of San Francisco. The amendments would include changes to permitted land use and height and bulk controls, reclassifying properties into newly created districts throughout the plan area.

Development envisioned within the Market and Octavia area would be consistent with the General Plan's overall vision. The Zoning Map implements General Plan policies, governs land use, and permitted height and bulk in the area. A number of changes are proposed to the permitted land use and height and bulk. Thus, conforming amendments to the Zoning Map are required in order for development to proceed in the area consistent with the Market and Octavia Area Plan of the General Plan. Staff has also incorporated changes based on public testimony received at Planning Commission public hearings. The proposed Zoning Map changes to land use and height and bulk districts are included in a draft ordinance, **attached hereto as Exhibit Z-3-B**. The City Attorney's Office has reviewed the draft ordinance and approved it as to form.

The Plan's policies and implementation measures encourage production of inherently diverse and new housing less expensive to build. The Plan establishes a comprehensive framework for the production of quality housing, the retention of existing housing, and provision of a variety of housing types, especially low-income housing. The Plan set the framework for the Central Freeway Parcels to both fund Octavia

Boulevard and to provide 50% of the new Central Freeway Parcel housing as affordable housing. The Plan policies also generate some non-traditional units by reducing the costs of building housing through new parking policies and by allowing in-law and other added units that are inherently more affordable.

There are also many opportunities for new infill housing that can strengthen the neighborhood--such as the vacant Central Freeway parcels--and enhance its role as a walkable, transit-oriented neighborhood that supports urban living. Housing opportunities are also furthered by the Plan's policies and implementation measures to ease constraints on housing generated by the existing parking requirement. The constraint on housing, as it currently exists, is two-fold: First, providing off-street parking adds significantly to the cost of a new unit, and second, the addition of an extra unit to an existing structure is often infeasible due to the current inflexible code requirement to provide off-street parking with any new unit. Therefore, the Plan's parking policies further goals of reducing the cost of building housing. The Plan seeks to retain existing housing by codifying the Commission's current demolition policies.

Still the need for additional permanently affordable housing is great. There is an opportunity to provide for the public good of affordable housing where it is more feasible for projects to provide additional affordable housing due to rezoning resulting from the Plan.

Planning Code Section 101.1(b) establishes eight priority policies and is the basis by which differences between competing policies in the General Plan are resolved. The project is consistent with the eight priority policies, in that:

1. That existing neighborhood serving retail uses be preserved and enhanced and future opportunities for resident employment in or ownership of such businesses enhanced.

The proposed amendments will have a positive effect on neighborhood serving retail uses. The Market and Octavia Plan supports existing and new commerce by encouraging ground floor retail in commercial areas and other improvements to the pedestrian realm. New development enabled by the Market and Octavia Plan will enhance the neighborhood commercial districts along Market Street, Octavia Boulevard, Hayes Street, Gough Street, and Inner Valencia Street, providing potential employment and ownership opportunities for San Francisco residents. The proposed amendments will support the creation of new housing units, providing a market for increased retail uses along these corridors and allow expansion of the customer base for neighborhood serving businesses beyond the constraints of automobile congestion and parking.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

The Plan protects and enhances the existing neighborhood character by applying appropriate height and bulk limits, protecting landmark and other historic buildings, reinforcing neighborhood commercial districts, preserving and enhancing cultural and educational institutions, marking major intersections as landmarks, discouraging land assembly, and detailing fundamental design principles.

The proposed height and bulk controls emphasize consistency with current development patterns. Additionally the controls were designed with a focus on protecting sunlight access for streets and alleyways.

Neighborhood-serving retail will be concentrated along Hayes, Gough, Market, Valencia, Church, and Castro streets, and Van Ness Avenue accordant with existing patterns.

3. That the City's supply of affordable housing be preserved and enhanced.

The proposed amendments will have a positive effect on the City's housing stock, and the Market & Octavia Neighborhood's share of housing. They will enable the creation of new housing units in the Market & Octavia Neighborhood, positively effecting the City's housing supply. Projects within the plan area will be subject to inclusionary housing requirements; fifteen to twenty percent of units would be permanently affordable. Additional mechanisms to ensure permanent housing affordability include preservation of existing housing stock, unbundling parking from housing, and flexibility in density controls. The redevelopment of the 22 Central Freeway parcels will result in the net increase of about 800 to 900 housing units in the Project Area by 2025. Approximately 50% of these units will be available at below market rates. The plan requires that any demolished units be replaced by an equal or greater number of units.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

The proposed amendments would not result in commuter traffic impeding Muni transit service or overburdening the streets or neighborhood parking. Currently numerous bus lines and Muni trains run through Market and Octavia Neighborhood; including those along Market Street, Haight Street,

Fillmore Street, Church Street, Mission Street, Valencia Street, Van Ness Avenue, and Eleventh Street. To mitigate potential impacts to these Muni lines, the proposed amendments encourage the creation of a Bus Rapid Transit lanes, transit lanes, transit preemption/prioritization signaling, and other transit improvements.

The proposed amendments would support an increase in the residential population of the area, which would increase trips originating and/or terminating in the neighborhood. The high concentration of new residential development, easy access to jobs, service and transit, and pedestrian improvements indicates that new Market and Octavia residents would make a greater share of trips without the use of the automobile, lessening the impacts of new residents on the overburdening of streets and neighborhood parking.

The Market and Octavia Plan policies support a transportation strategy that builds on the existing transit and pedestrian infrastructure when appropriate. Existing neighborhood parking is protected by policies that shift demand, manage existing and future supply, and encourage higher utilization through innovative transit such as car sharing.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The proposed amendments would not adversely affect the industrial or service sectors. The existing industrial and service businesses in the plan area are currently in the SoMa West neighborhood. These businesses would not be displaced by commercial office development. Due to its proximity to the downtown, the Plan envisions transforming this area into a vibrant new mixed-use residential neighborhood, providing much needed housing, a full range of new services and vibrant streets and public spaces. A portion of the original Market and Octavia study area included a portion of the Mission District that included repair and service sector uses, these blocks, south of Division Street, have been removed from the Market and Octavia Area Plan. Other than the SoMa West area, the proposed amendments do not make major changes to the allowable uses in the plan area.

6. That the City achieves the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The proposed amendments would not adversely affect preparedness against injury and loss of life in an earthquake and would comply with applicable safety standards. New residential buildings would be subject to the City's Building Code, Fire Code and other applicable safety standards.

7. That landmarks and historic buildings be preserved.

The proposed amendments would not have a negative effect on the preservation of landmarks and historic buildings. The Market and Octavia Area Plan calls for the protection of existing landmarks and historic buildings. An historic survey of the plan area will ensure that no potential historic resources are impacted by the Plan. The Plan strengthens protection for historic resources and potential historic districts.

Prior to completion of the historic resources survey, the Plan establishes interim procedures to review development proposals to protect potential historic resources. When completed, findings of the historic resources survey will be incorporated into the plan to protect identified historic resources.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

The proposed amendments would have a positive effect on parks and open space, and would not adversely affect existing open spaces or their access to sunlight and vistas. The proposed amendments include a series of open space improvements: the development of Hayes Green, McCoppin Park near the freeway touchdown, a neighborhood park on Brady Street, and the conversion of sidewalks and alleys to open space amenities. The Market and Octavia Plan details concepts and strategies for living sidewalks and alleyways and identifies numerous opportunities for these types of improvements within the plan area.

Individual buildings reviewed according to procedures described in Planning Code Section 295 are evaluated to identify the impacts of projects and buildings. Project permits can't be approved if the impacts are found to be significant.

The Market and Octavia planning process built on existing General Plan policies. Analysis of applicable General Plan Objectives and Policies has determined that the proposed action is consistent with the General Plan as it is proposed to be amended. The proposed actions offer a compelling articulation and implementation of many of the concepts outlined in the General Plan, especially the Air Quality, Urban Design, Transportation Element, Commerce and Industry, Recreation and Open Space, and Arts Elements. New Area Plan policies and zoning controls articulate these directive policies with specific consideration for the neighborhood conditions of the Market and

Octavia Plan Area. Below are specific policies and objectives that support the proposed action.

NOTE: General Plan Elements are in *CAPITAL ITALICS*
General Plan Objectives are in CAPITAL LETTERS
General Plan Policies are in Arial standard font
Key Polices and Objectives are **Bolded**

AIR QUALITY ELEMENT

OBJECTIVE 2: REDUCE MOBILE SOURCES OF AIR POLLUTION THROUGH IMPLEMENTATION OF THE TRANSPORTATION ELEMENT OF THE GENERAL PLAN

- reducing congestion on roadways;
- giving priority to public transit, as mandated by the "Transit First" policy;
- encouraging the use of modes of travel other than single occupant vehicles such as transit, carpooling, walking, and bicycling;
- managing the supply of parking in the downtown area.
- promoting coordination between land use and transportation to improve air quality; and

OBJECTIVE 3: DECREASE THE AIR QUALITY IMPACTS OF DEVELOPMENT BY COORDINATION OF LAND USE AND TRANSPORTATION DECISIONS.

POLICY 3.1 Take advantage of the high density development in San Francisco to improve the transit infrastructure and also encourage high density and compact development where an extensive transportation infrastructure exists.

POLICY 3.2 Encourage mixed land use development near transit lines and provide retail and other types of service oriented uses within walking distance to minimize automobile dependent development.

POLICY 3.3 Continue existing city policies that require housing development in conjunction with office development and expand this requirement to other types of commercial developments.

POLICY 3.4 Continue past efforts and existing policies to promote new residential development in and close to the downtown area and other centers of employment, to reduce the number of auto commute trips to the city and to improve the housing/job balance within the city.

POLICY 3.5 Continue existing growth management policies in the city and give consideration to the overall air quality impacts of new development including its impact

on the local and regional transportation system in the permit review process. Ensure that growth will not outpace improvements to transit or the circulation system.

POLICY 3.6 Link land use decision making policies to the availability of transit and consider the impacts of these policies on the local and regional transportation system.

POLICY 3.9 Encourage and require planting of trees in conjunction with new development to enhance pedestrian environment and select species of trees that optimize achievement of air quality goals.

URBAN DESIGN ELEMENT

OBJECTIVE 1: EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

POLICY 1.6 Make centers of activity more prominent through design of street features and by other means.

POLICY 1.8 Increase the visibility of major destination areas and other points for orientation.

POLICY 2.6 Respect the character of older development nearby in the design of new buildings.

OBJECTIVE 4: IMPROVEMENT OF THE NEIGHBORHOOD ENVIRONMENT TO INCREASE PERSONAL SAFETY, COMFORT, PRIDE AND OPPORTUNITY.

POLICY 4.11 Make use of street space and other unused public areas for recreation.

TRANSPORTATION ELEMENT

POLICY 1.1 Involve citizens in planning and developing transportation facilities and services, and in further defining objectives and policies as they relate to district plans and specific projects.

POLICY 1.2 Ensure the safety and comfort of pedestrians throughout the city.

POLICY 1.3 Give priority to public transit and other alternatives to the private automobile as the means of meeting San Francisco's transportation needs, particularly those of commuters.

POLICY 1.6 Ensure choices among modes of travel and accommodate each mode when and where it is most appropriate.

OBJECTIVE 3: MAINTAIN AND ENHANCE SAN FRANCISCO'S POSITION AS A REGIONAL DESTINATION WITHOUT INDUCING A GREATER VOLUME OF THROUGH AUTOMOBILE TRAFFIC.

POLICY 3.1 The existing vehicular capacity of the bridges, highways, and freeways entering the city should not be increased and, for single-occupant vehicles, should be reduced where possible.

OBJECTIVE 4: MAINTAIN AND ENHANCE SNA FRANCISCO'S POSITION AS THE HUB OF A REGIONAL, CITY-CENTERED TRANSIT SYSTEM.

POLICY 7.1 Reserve a majority of the off-street parking spaces at the periphery of downtown for short term parking.

OBJECTIVE 11: ESTABLISH PUBLIC TRANSIT AS THE PRIMARY MODE OF TRANSPORTATION IN SAN FRANCISCO AND AS A MEANS THROUGH WHICH TO GUIDE FUTURE DEVELOPMENT AND IMPROVE REGIONAL MOBILITY AND AIR QUALITY.

OBJECTIVE 14: DEVELOP AND IMPLEMENT A PLAN FOR OPERATIONAL CHANGES AND LAND USE POLICIES THAT WILL MAINTAIN MOBILITY AND SAFETY DESPITE A RISE IN TRAVEL DEMAND THAT COULD OTHERWISE RESULT IN SYSTEM CAPACITY DEFICIENCIES.

POLICY 14.1 Reduce road congestion on arterials through the implementation of traffic control strategies, such as signal-light synchronization and turn controls, that improve vehicular flow without impeding movement for pedestrians and bicyclists.

POLICY 14.2 Ensure that traffic signals are timed and phased to emphasize transit, pedestrian, and bicycle traffic as part of a balanced multi-modal transportation system.

POLICY 14.3 Improve transit operation by implementing strategies that facilitate and prioritize transit vehicle movement and loading.

POLICY 14.4 Reduce congestion by encouraging alternatives to the single occupant auto through the reservation of right-of-way and enhancement of other facilities dedicated to multiple modes of transportation.

POLICY 14.7 Encourage the use of transit and other alternatives modes of travel to the private automobile through the positioning of building entrances and the convenient location of support facilities that prioritizes access from these modes.

OBJECTIVE 15: ENCOURAGE ALTERNATIVES TO THE AUTOMOBILE AND REDUCED TRAFFIC LEVELS ON RESIDENTIAL STREETS THAT SUFFER FROM EXCESSIVE TRAFFIC THROUGH THE MANAGEMENT OF TRANSPORTATION SYSTEMS AND FACILITIES.

POLICY 15.1 Discourage excessive automobile traffic on residential streets by incorporating traffic-calming treatments.

Such treatments may include signalization and signage changes that favor other modes of transportation, widened sidewalks, landscape strips, bicycle lanes or transit stops, bicycle-and-transit friendly speed bumps, or reduced traffic speeds.

POLICY 15.2 Consider partial closure of certain residential streets to automobile traffic where the nature and level of automobile traffic impairs livability and safety, provided that there is an abundance of alternative routes such that the closure will not create undue congestion on parallel streets.

POLICY 18.2 Design streets for a level of traffic that serves, but will not cause a detrimental impact on adjacent land uses.

POLICY 20.2 Reduce, relocate or prohibit automobile facility features on transit preferential streets, such as driveways and loading docks, to avoid traffic conflicts and automobile congestion.

OBJECTIVE 23: IMPROVE THE CITY'S PEDESTRIAN CIRCULATION SYSTEM TO PROVIDE FOR EFFICIENT, PLEASANT, AND SAFE MOVEMENT.

OBJECTIVE 24: IMPROVE THE AMBIENCE OF THE PEDESTRIAN ENVIRONMENT.

OBJECTIVE 26: CONSIDER THE SIDEWALK AREA AS AN IMPORTANT ELEMENT IN THE CITYWIDE OPEN SPACE SYSTEM.

OBJECTIVE 27: ENSURE THAT BICYCLES CAN BE USED SAFELY AND CONVENIENTLY AS A PRIMARY MEANS OF TRANSPORTATION AS WELL AS FOR RECREATIONAL PURPOSES.

OBJECTIVE 30: ENSURE THAT THE PROVISION OF NEW OR ENLARGED PARKING FACILITIES DOES NOT ADVERSELY AFFECT THE LIVABILITY AND DESIRABILITY OF THE CITY AND ITS VARIOUS NEIGHBORHOODS.

COMMERCE AND INDUSTRY ELEMENT

POLICY 1.1 Encourage development which provides substantial net benefits and minimizes undesirable consequences. Discourage development which has substantial undesirable consequences that cannot be mitigated.

OBJECTIVE 6: MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.1 Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

POLICY 6.2 Promote economically vital neighborhood commercial districts which foster small business enterprises and entrepreneurship and which are responsive to economic and technological innovation in the marketplace and society.

POLICY 6.3 Preserve and promote the mixed commercial-residential character in neighborhood commercial districts. Strike a balance between the preservation of existing affordable housing and needed expansion of commercial activity.

POLICY 6.6 Adopt specific zoning districts which conform to a generalized neighborhood commercial land use and density plan.

POLICY 6.7 Promote high quality urban design on commercial streets.

POLICY 7.1 Promote San Francisco, particularly the civic center, as a location for local, regional, state and federal governmental functions.

RECREATION AND OPEN SPACE ELEMENT

POLICY 2.1 Provide an adequate total quantity and equitable distribution of public open spaces throughout the City.

POLICY 2.7 Acquire adequate open space for public use.

POLICY 2.9 Maintain and expand the urban forest.

POLICY 2.12 Expand community garden opportunities throughout the City.

POLICY 4.6 Assure the provision of adequate public open space to serve new residential development.

POLICY 4.7 Provide open space to serve neighborhood commercial districts.

ARTS ELEMENT

POLICY 1.1 Encourage development which provides substantial net benefits and minimizes undesirable consequences. Discourage development which has substantial undesirable consequences that cannot be mitigated.

On April 5th, 2007, The Planning Commission adopted Motion No. 17406. In this action, the Planning Commission certified the Market and Octavia Neighborhood Plan Environmental Impact Report, prior to considering relevant amendments to the General Plan, Planning Code and the Zoning Map.

NOW, THEREFORE BE IT RESOLVED, That pursuant to Planning Code Section 302 (c), the Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the approval of the proposed Planning Code amendment,

AND BE IT FURTHER RESOLVED, That the Planning Commission adopts a Resolution to amend the Planning Code, including amendments to Sectional Maps 2 and 2H, 7 and 7H, and Maps 2SU and 7SU of the Zoning Map of the City and County of San Francisco, in order to implement the proposed Market and Octavia Neighborhood Plan, contained in an ordinance approved as to form by the City Attorney hereto attached as Exhibit Z-3a as though fully set forth herein.

AND BE IT FURTHER RESOLVED, that an additional affordability requirement should be levied on parcels in the Plan Area where rezoning has increased the feasibility for a greater contribution toward affordable housing. An economic sensitivity analysis is underway to determine the appropriate level of the extra inclusionary requirement. This new requirement, as described above, is integral to the Plan, including General Plan, Planning Code and Zoning Controls. The Planning Commission intends that its adoption of the Plan and its accompanying documents be effective only after a new affordable housing requirement as described herein is also adopted by the Commission, enacted by the Board of Supervisors, and becomes effective.

AND BE IT FURTHER RESOLVED, the Planning Commission directs Staff to prepare a specific program for additional affordable housing requirement in areas where increased financial feasibility permits it. This program shall be presented to the Commission for action within three months of the date of this Resolution.

I hereby certify that the foregoing Resolution was ADOPTED by the City Planning Commission on April 5, 2007.

Linda Avery
Commission Secretary

Planning Department

Case No. 2003.0347EMTZU
Resolution Approving Zoning Map Amendments
Pursuant to the Market and Octavia Neighborhood Plan
April 5th, 2007

AYES: Alexander, Antonini, Sue Lee, William Lee and Sugaya

NOES: Moore and Olague

ABSENT: none

ACTION: Adoption of Zoning Map Amendments

FILE NO.

ORDINANCE NO.

[Zoning Map Amendment in connection with the Market and Octavia Area Plan.]

Ordinance amending Zoning Map Sheets 2, 2H, 2SU and 7, 7H, and 7SU of the City and County of San Francisco Planning Code to eliminate use districts and height and bulk districts within the Market and Octavia Plan Area; replacing them with revised use districts, height and bulk districts, and special use districts, consistent with those proposed in the Market and Octavia Area Plan; providing the ordinance shall not be effective until the effective date of an additional affordable housing program for the Market and Octavia area plan to be adopted by the Board of Supervisors; and making various findings, including CEQA findings and findings of consistency with the General Plan and Planning Code Section 101.1.

Note: Additions are single-underline italics Times New Roman;
deletions are ~~strikethrough-italics Times New Roman~~.
Board amendment additions are double underlined.
Board amendment deletions are ~~strikethrough-normal~~.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings. The Board of Supervisors of the City and County of San Francisco hereby finds and determines that:

(a) Under Planning Code Section 302, the Board of Supervisors finds that this ordinance will serve the public necessity, convenience and welfare for the reasons set forth in Planning Commission Resolution No. 17410 recommending the approval of this Zoning Map Amendment, and incorporates such reasons by this reference thereto. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File No. _____.

(b) Under Planning Code Section 101.1, the Board of Supervisors finds that this ordinance is consistent with the Priority Policies of Planning Code Section 101.1(b) of the

FILE NO.

ORDINANCE NO.

Planning Code and with the General Plan as proposed to be amended in companion legislation and hereby adopts the findings of the Planning Commission, as set forth in Planning Commission Resolution No.17410, and incorporates said findings by this reference thereto.

(c) In accordance with the actions contemplated herein, this Board adopted Motion No.17407, concerning findings pursuant to the California Environmental Quality Act (California Public Resources Code sections 21000 et seq.). A copy of said Motion is on file with the Clerk of the Board of Supervisors in File No. _____ and is incorporated by reference herein.

Section 2. Under Sections 106 and 302(c) of the Planning Code, the following zoning amendments to the Zoning Map, duly approved by resolution of the Planning Commission, are hereby adopted as an amendment to Zoning Map Sheet 2 as follows:
