# HAIGHT PUBLIC REPAIR PLAN

PUBLIC WORKSHOP

# HAIGHT ASHBURY PUBLIC REALM PLAN

PUBLIC WORKSHOP

SAN FRANCISCO PLANNING DEPARTMENT

The goal of this plan is to create a vibrant, walkable, and bikeable neighborhood that is safe and enjoyable for everyone. We want to improve the public realm by adding more green space, pedestrian-friendly streets, and public art. We also want to improve the safety of our streets and make it easier to get around.

We are looking for your input on how we can make these changes. Please let us know what you think and what you would like to see. We will take your feedback into account when we develop the final plan.

We are excited to work with you to create a better neighborhood for everyone. Thank you for your participation.
