Where are you going?
What are you going to do when you leave jail? This booklet was created to help you figure that out. It is a resource guide that you can take with you when you leave. Use it to find services such as drug treatment, counseling, legal advice and other services. Use it to think about and plan a future that includes caring for yourself, your family and your community. If you need more information, please ask!

YOUR GUIDE TO RESOURCES
Created especially for women leaving the San Francisco County Jails.

Grant me the Serenity to accept the things I cannot change, the Courage to change the things I can and the Wisdom to know the difference.

About the SISTER Program

SISTER stands for Sisters in Sober Treatment Empowered by Recovery. It is a Walden House-based program of behavior modification using tools such as Contracts, Learning Experiences, Peer Support and Focus to help change negative behaviors. Here you will learn a new language to explore and talk about who you are. The SISTER Program is a family of women who care for and love each other, and that is its foundation and strength.

If you are interested in the SISTER program put in an action request or talk to a case manager from the SISTER program.

This Resource Guide was put together through the generosity of the U.S. Department of Education, The San Francisco Sheriff’s Dept., Community Works and the SISTER Program. There are two other resource guides in the series:

“A Different Street: Guide to Employment” and “Men’s Guide to Resources” You can request them by mail

EXPUNGEMENT – Cleaning Up Your Record

Expungement is a way to make your felony convictions invisible to most employers and others running background checks. You must be off parole and probation and to completely clean up your record you must expunge each conviction in every county, and each county has a different way of doing it. Some felonies may be reduced to misdemeanors while you are on probation. Convictions that resulted in a State prison sentence cannot be expunged. You can, however, apply for a “Certificate of Rehabilitation” which is basically an application for a pardon from the governor. To use this option you must have seven years since your last conviction in any county. San Francisco has a program dedicated to helping people who want to get ahead without the burden of a felony record. This program is called:

Clean Slate

To qualify for expungement in San Francisco you must be off parole or probation and not be currently charged with a crime. Your conviction must be in San Francisco. The Public Defenders office, which runs the program, has drop-in times to speak to an attorney about your record.

- Every Tuesday from 9-11am at 555 7th St
- Wednesdays -1st and 3rd 1410 Turk St. 2-4pm
- Wednesdays -4th 1099 Sunnydale – Village Community Center 2-4pm
- Thursdays at 1800 Oakdale (City College) from 9-Noon.

Call the Clean Slate office to confirm the times or for more information: 553-9337. The first step in expungement is to getting a copy of your record – you can call the PD office to help with that, their number is: 553-1671. Keep in mind that you must demonstrate that you are “rehabilitated”. Completing a treatment program, enrolling in school or training, or getting a job are all evidence that you are trying to change your life.

Other counties also have Public Defender programs that can help you expunge convictions in their counties. In Alameda County you can get in touch with the Decriminalization of Poverty Project” which can help you get started with the expungement process (if you qualify). Call them for more information and to set up an appointment: 510-548-4040

Other Public Defenders Offices:
- Alameda County: 380 Washington St., Oakland 510-268-7400
- Contra Costa County: 925-335-8000

Residential Treatment Program
Here is a sample letter to use when you are writing to programs. Try to use your own words whenever possible. Be honest about your story and be sincere about your desire to complete a treatment program. If you don’t have the name of a contact person write Admissions/Intake on the envelope.

*******************************************************************************

Date here

Name of Program
Address of Program
To Whom It May Concern: (Or a contact name)
My name is ____________________________. I am incarcerated in County Jail 8 in San Francisco.

➤ Talk about what kinds of positive activities you are involved with in jail. If you are in SISTERS tell them what you are learning there.

➤ Tell them how you heard about their program and what kind of information you are looking for

➤ Explain why you are seeking treatment and what experience you have had with other programs. Tell them about your substance abuse history and other issues you feel that they should know.

➤ Finish up with the ways treatment recovery will help you change your life

THEN END THE LETTER WITH SOMETHING LIKE THIS IN YOUR OWN WORDS:
I am ready to change my life and I hope you can help me with my recovery process. Please send me your program requirements and, if possible, schedule me for an interview at your convenience.

Thanks for your time,
Sincerely………..

Your Name
Jail # and address

Please let a staff member know if you don’t have stamps to mail the letters.
HOUSING INFORMATION LETTER

Use this kind of letter to find out about housing here in SF and in other counties. This is a good way to start looking for permanent housing. Look on page 16 for addresses to local housing authorities.

Date:
Address of where the letter is going
To Whom It May Concern:
My name is (type your name), I am (state your age), I am currently (list any thing positive you are doing school work etc...) I am currently homeless and are looking to find housing. IF you have children mention how many and their ages.
I would like to request from your department any information possible on housing. I am highly interested low-income or section 8 housing and any HUD development programs, rental listings as well as any transitional housing programs.

I currently reside in (type the city you reside, in example: San Francisco, Oakland, but be sure to remember earlier in this letter you have included you are homeless, so make sure you include a return mailing address). My return mailing address is Example: 123 Loveridge Road. Pittsburgh CA 94999.

My contact information are as follows.
Cell: (415) 123-4567
Message: (415) 456-7891
Email: (if you do not have an email please establish one)

Thank you very much for your time and consideration and cooperation, feel free to contact me at anytime.
Sincerely, (Print or Type your name)
(Sign your name)

Denial Appeal:
If you are denied housing because of your record you can write a letter of appeal to the housing authority. In it you must state why they should reconsider you by explaining what kinds of positive activities you are involved with. Explain why it is so important for you to find stable housing. You should include letters of reference from case managers, teachers, counselors, employers. Ask for help from a housing agency or case manager.

Change of Status:
If you have changed your address or your family structure has changed – for example you are about to have a baby you should let any housing authority you are listed with know about the changes so you can stay on their waiting list or be bumped up.

Do you want to change your life?
Are you sick and tired of being sick and tired?

Think about how residential treatment programs can help you put yourself on track to real freedom:
• They give you a chance to learn the tools of recovery and practice living without using
• They help you find your own strengths and direction
• They have resources to help you find housing, jobs, get training, as well as reunification services
• Completing a residential program reduces your chances of coming back to jail

If you are interested in residential treatment start by writing to the program explaining why you are seeking treatment and why you are incarcerated. (see ample letter on page 32) They will usually respond by sending you an application or sending someone in to interview you in jail. Some may require a phone intake interview.
Many of the programs listed here are free to SF residents or have fees which can be covered by GA. MOST PROGRAMS REQUIRE I.D., SOCIAL SECURITY NUMBER AND A T.B. TEST, although you usually don’t need to present them to apply to the program, you will need them to be admitted.

If you are already out, start by making a phone call to set up an intake interview or go to TAP: 679 Bryant St (5th) M-F, 8-5 (1-800-750-2727, 415-538-5500) and they can help you get into a program. If you need transportation to a program call the CATS van at 415-241-1180

Government Benefits

GA (CAAP), PAES, Food Stamps, Social Security Income Pending (SSIP)
GA is a cash aid program, PAES is an employment assistance program with many services and a slightly larger check than GA. SSIP is if you are waiting on your SSI check. “Care not Cash” or “Housing First” is a GA program which will place you in a hotel room and help with housing, after a waiting period. You must be homeless and your check is reduced to about $60. BUT you do eventually get a place to live. You can recive GA in SF even with felony convictions
Apply at 1235 Mission St. SF. 415-558-1000
Medi-Cal Applications, questions
M-F 8-5, 1440 Harrison or 3120 Cesar Chavez, SF 415-863-9892
Food Stamps 1235 Mission St, 415-558-1001
CalWorks Applications
1428 Bush St., SF

Are you afraid to apply for benefits because of your felony convictions?
Programs with restrictions are Foodstamps, TANF (Temporary Aid to Families) and CalWorks, and there are changes that can help you get these benefits. The felonies that apply to these restrictions are Drug felonies that relate to sales, distribution, manufacturing etc. If your conviction is for POSSESSION, you must prove that you have completed a “government recognized” treatment program (outpatient or residential), are enrolled in a program, or are on a waitlist. You must bring evidence of this when you apply for food stamps.

Need to apply for SSI?
Many of the District Health Clinics (p30) have services to help you apply for SSI. See above for other organizations that help people get benefits. If you’ve been on SSI in the past year, you can go to any SS office with proof of your release, which you can get from Discharge Planning (SEE BACK PAGE)
Other agencies that can help with SSI are:
Homeless Advocacy Project
They can help you with applying for SSI and help you get other benefits. If you have any issues or questions they are the folks to see. Helps those who are homeless or very close to it. Offers mediation with case workers, Intakes on TUESDAYS ONLY 1-4pm. 1360 Mission St, 2nd Fl 575-3130

**Transitional housing - single adults**

The city of San Francisco has three main housing programs for adults that can be accessed through GA or through an agency case manager. “Housing First”, Shelter+Care and Care not Cash are all city programs for homeless adults. You can apply for these programs through GA or any other agency that helps homeless people. In order to qualify for these programs you must prove that you are “chronically homeless” which means you have been homeless for a year or more or had 4 periods of homelessness in the past 3 years. A stay in jail counts as homeless. You must have used services or shelters to prove that you were/are homeless.

Most transitional housing programs require that you pay 30% of your income in rent. Many offer services such as employment help, support groups, case management etc.

**New Life Center**
This recovery program also has transitional housing hotel rooms in the SOMA area. Fees run about $800/month. Call 415-255-7434 for more information.
