

Subject: RE: Immediate Disclosure Request re Family Shelter Waitlist

Dear Mr. Kimura:

Please see below answers to your questions.

1. The average length of wait for long-term shelter placement for all families since January 2017. **The average wait time for families placed in shelter from 1/1/17 - 9/1/17 was 111 days.**
2. The average length of wait for long-term shelter placement for sheltered families since January 2017. **Sheltered families currently on the waitlist have been waiting an average of 110 days. All families placed in long term shelter since January 2017 have been unsheltered except for families who were sheltered but experiencing violence and unable to access a DV shelter. There is not an existing report to separate these out.**
3. The average length of wait for long-term shelter placement for unsheltered families since January 2017. **Unsheltered families currently on the waitlist have been waiting an average of 78 days.**
4. The longest duration of wait time for long-term shelter placement for any family since January 2017. **The longest duration of wait time for a family placed in long-term shelter since January 2017 is 462 days.**
5. The number of unsheltered families placed into long-term shelter since January 2017. **All families placed in long term shelter since January 2017 have been unsheltered except for some families who were sheltered but experiencing violence and unable to access a DV shelter.**
6. The number of sheltered families (in Providence, First Friendship, and Hamilton) placed into long-term shelter since January 2017. **We do not have a report that addresses this.**
7. The number of families denied access to the waitlist since January 2017. **We do not have a report that addresses this.**
8. The current prioritization criteria for families accessing the long-term shelter waitlist. **See attached.**
9. The total number of families placed into long-term shelter since January 2017. **120 families have been placed into long-term shelter from 1/1/17 - 9/1/17.**
10. The number of families that have joined the waitlist for long-term shelter since January 2017. **We do not have a report that addresses this.**

Best,

Randy Quezada
