An anonymous complainant ("Complainant") alleges that Respondents violated public records laws by failing to provide public records.

COMPLAINANT FILES COMPLAINT

On August 26, 2019, Complainant filed this complaint with the Task Force, alleging that the Mayor's office and various officials affiliated with that office failed to provide complete responses to Complainant's requests for public records, in violation of Administrative Code sections 67.21, 67.26, 67.27, 67.29-7, and Government Code sections 6253, 6253.9, and 6255.

JURISDICTION

Respondents are subject to the Sunshine Ordinance and the California Public Records Act ("CPRA") regarding records requests. Respondents do not dispute jurisdiction.

APPLICABLE STATUTORY SECTION(S)

Section 67 of the San Francisco Administrative Code:

- Section 67.21 governs responses to a public records request in general.
- Section 67.26 provides that withholding of public records shall be kept to a minimum.
- Section 67.27 sets forth requirements for justifying the withholding of information.
- Section 67.29-7 sets standards regarding the retention of correspondence and records.

Sections 6253, 6235.9, and 6255 of the Cal. Govt. Code (CPRA)

- Section 6253(c) governs the timeframe in which general requests for public documents must be honored.
- Section 6235.9 governs the production of public documents in electronic format.

BACKGROUND

On July 2, 2019, Complainant requested a number of categories of documents from Respondents, essentially asking for a recent sample of all communications to or from Respondents regarding City business, whether via official City email accounts, personal accounts, or some other form.

On July 10, 2019, Hank Heckel of the Mayor's office notified Complainant that it was invoking a 14-day extension. On July 26, 2019, the Office of the Mayor provided documents that it deemed responsive to Complainant's requests. On the same day, the Office of the Mayor provided Complainant with additional responsive records. These responses, in addition to an email the following day, generally invoked certain exceptions from disclosure and/or a basis for redaction, without specifying which particular matters were being withheld on any particular basis. On July 29, 2019, the Office of the Mayor provided Complainant with additional documents it deemed responsive to Complainant's requests.

Complainant does not contest the timeliness of the responses. But Complainant raises seven distinct complaints regarding Respondent's documents:

1. Complainant contends that San Francisco Administrative Code 67.29-7 has been violated because certain Respondents used "personal ... apps" like "Signal" "to communicate about the public's business."
2. Complainant asserts that Respondents responses, in pdf format, lack headers and metadata that were specifically requested in Complainant's request.
3. Complainant further alleges that the withholding of the headers/metadata referenced in #2, violates the Sunshine Ordinance requirement that withholdings be kept to a minimum.
4. Complainant contends that the Sunshine Ordinance was violated because Respondents' response did not justify the withholding of headers and metadata from the production.
5. Complainant contends that California Government Code sec. 6253.9, regarding the production of documents in the electronic format in which the documents are maintained by the entity, was violated for the reasons stated above.
6. Complainant contends that California Government Code sec. 6253(a), which requires that the "[a]ny reasonably segregable portion of a record shall be available for inspection by any

person requesting the record after deletion of the portions that are exempted by law," was violated for the same reasons set forth in #4, set forth above.

7. Finally, Complainant contends that California Government Code sec. 6255(a), which requires that the "[t]he agency shall justify withholding any record by demonstrating that the record in question is exempt under express provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record," was violated for the reasons set forth in point #2, above.

In response, Respondents contend that Administrative Code 67.29-7 was not violated because the communications sent via Signal, while they could have been encrypted or automatically deleted by the relevant software, were produced to Complainant. In addition, Respondents contends that they were not required to produce certain records held by Tryone Jue because Respondents did not believe Mr. Jue to be within the scope of the request.

Respondents respond to their withholding of certain metadata and redacted information on the grounds asserted in Complaint No. 19044, *Anonymous v. Herrera, et al.* As we wrote in regard to that complaint:

In their May 17, 2019, written submission to the Task Force, Respondents point out that on April 24, 2019, they provided two responsive emails that had been exchanged between their office and "Muck Rock" on April 18 and 19. When the Complainant requested metadata associated with those emails, the City Attorney's office "elected to supplement [its] production" and gave "the requester the metadata we were able to find following a reasonable and diligent good faith search." However, "[t]o safeguard the security of our computer system," Respondents withheld "certain portions of the metadata that describe unique identifiers for our individual computer terminals and computer servers and our security certificates and similar information." In support of their general position on the production of metadata, Respondents identify various privilege-related and security concerns regarding the disclosure of metadata, argue that the CPRA does not provide authoritative guidance regarding whether metadata are subject to disclosure, and contend that their position is consistent with the City Attorney's position, as set forth in the Good Government Guide.

QUESTIONS THAT MIGHT ASSIST IN DETERMINING FACTS

- What is the legal basis for withholding metadata where an email with which it is associated is otherwise a disclosable public record?
- Did Respondents properly articulate the basis for the redactions in the documents they produced?

-
- Is the use of Signal a violation of San Francisco's Sunshine Ordinance? Does the answer depend on whether messages are encrypted or automatically deleted?

LEGAL ISSUES/LEGAL DETERMINATIONS

- Did the Mayor's Office violate the Sunshine Ordinance or CPRA by allegedly failing to satisfy Complainant's request for public records in a complete manner?

CONCLUSION

THE TASK FORCE FINDS THE FOLLOWING FACTS TO BE TRUE:

THE TASK FORCE FINDS THE ALLEGED VIOLATIONS TO BE TRUE OR NOT TRUE.

**CHAPTER 67, SAN FRANCISCO ADMINISTRATIVE CODE (SUNSHINE
ORDINANCE)**

**SEC. 67.21. PROCESS FOR GAINING ACCESS TO PUBLIC RECORDS;
ADMINISTRATIVE APPEALS**

(a) Every person having custody of any public record or public information, as defined herein, (hereinafter referred to as a custodian of a public record) shall, at normal times and during normal and reasonable hours of operation, without unreasonable delay, and without requiring an appointment, permit the public record, or any segregable portion of a record, to be inspected and examined by any person and shall furnish one copy thereof upon payment of a reasonable copying charge, not to exceed the lesser of the actual cost or ten cents per page.

(b) A custodian of a public record shall, as soon as possible and within ten days following receipt of a request for inspection or copy of a public record, comply with such request. Such request may be delivered to the office of the custodian by the requester orally or in writing by fax, postal delivery, or e-mail. If the custodian believes the record or information requested is not a public record or is exempt, the custodian shall justify withholding any record by demonstrating, in writing as soon as possible and within ten days following receipt of a request, that the record in question is exempt under express provisions of this ordinance.

(c) A custodian of a public record shall assist a requester in identifying the existence, form, and nature of any records or information maintained by, available to, or in the custody of the custodian, whether or not the contents of those records are exempt from disclosure and shall, when requested to do so, provide in writing within seven days following receipt of a request, a statement as to the existence, quantity, form and nature of records relating to a particular subject or questions with enough specificity to enable a requester to identify records in order to make a request under (b). A custodian of any public record, when not in possession of the record requested, shall assist a requester in directing a request to the proper office or staff person.

(d) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b), the person making the request may petition the supervisor of records for a determination whether the record requested is public. The supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public. Where requested by the petitioner, and where otherwise desirable, this determination shall be in writing. Upon the determination by the supervisor of records that the record is public, the supervisor of records shall immediately order the custodian of the public record to comply with the person's request. If the custodian refuses or fails to comply with any such order within 5 days, the supervisor of records shall notify the district attorney or the attorney general who shall take whatever measures she or he deems necessary and appropriate to insure compliance with the provisions of this ordinance.

(e) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b) above or if a petition is denied or not acted on by the supervisor of public records, the person making the request may petition the Sunshine Task Force for a determination whether the record requested is

public. The Sunshine Task Force shall inform the petitioner, as soon as possible and within 2 days after its next meeting but in no case later than 45 days from when a petition in writing is received, of its determination whether the record requested, or any part of the record requested, is public. Where requested by the petition, and where otherwise desirable, this determination shall be in writing. Upon the determination that the record is public, the Sunshine Task Force shall immediately order the custodian of the public record to comply with the person's request. If the custodian refuses or fails to comply with any such order within 5 days, the Sunshine Task Force shall notify the district attorney or the attorney general who may take whatever measures she or he deems necessary to insure compliance with the provisions of this ordinance. The Board of Supervisors and the City Attorney's office shall provide sufficient staff and resources to allow the Sunshine Task Force to fulfill its duties under this provision. Where requested by the petition, the Sunshine Task Force may conduct a public hearing concerning the records request denial. An authorized representative of the custodian of the public records requested shall attend any hearing and explain the basis for its decision to withhold the records requested.

(f) The administrative remedy provided under this article shall in no way limit the availability of other administrative remedies provided to any person with respect to any officer or employee of any agency, executive office, department or board; nor shall the administrative remedy provided by this section in any way limit the availability of judicial remedies otherwise available to any person requesting a public record. If a custodian of a public record refuses or fails to comply with the request of any person for inspection or copy of a public record or with an administrative order under this section, the superior court shall have jurisdiction to order compliance.

(g) In any court proceeding pursuant to this article there shall be a presumption that the record sought is public, and the burden shall be upon the custodian to prove with specificity the exemption which applies.

(h) On at least an annual basis, and as otherwise requested by the Sunshine Ordinance Task Force, the supervisor of public records shall prepare a tally and report of every petition brought before it for access to records since the time of its last tally and report. The report shall at least identify for each petition the record or records sought, the custodian of those records, the ruling of the supervisor of public records, whether any ruling was overturned by a court and whether orders given to custodians of public records were followed. The report shall also summarize any court actions during that period regarding petitions the Supervisor has decided. At the request of the Sunshine Ordinance Task Force, the report shall also include copies of all rulings made by the supervisor of public records and all opinions issued.

(i) The San Francisco City Attorney's office shall act to protect and secure the rights of the people of San Francisco to access public information and public meetings and shall not act as legal counsel for any city employee or any person having custody of any public record for purposes of denying access to the public. The City Attorney may publish legal opinions in response to a request from any person as to whether a record or information is public. All communications with the City Attorney's Office with regard to this ordinance, including petitions, requests for opinion, and opinions shall be public records.

(j) Notwithstanding the provisions of this section, the City Attorney may defend the City or a City Employee in litigation under this ordinance that is actually filed in court to any extent required by the City Charter or California Law.

(k) Release of documentary public information, whether for inspection of the original or by providing a copy, shall be governed by the California Public Records Act (Government Code Section 6250 et seq.) in particulars not addressed by this ordinance and in accordance with the enhanced disclosure requirements provided in this ordinance.

(l) Inspection and copying of documentary public information stored in electronic form shall be made available to the person requesting the information in any form requested which is available to or easily generated by the department, its officers or employees, including disk, tape, printout or monitor at a charge no greater than the cost of the media on which it is duplicated. Inspection of documentary public information on a computer monitor need not be allowed where the information sought is necessarily and unseparably intertwined with information not subject to disclosure under this ordinance. Nothing in this section shall require a department to program or reprogram a computer to respond to a request for information or to release information where the release of that information would violate a licensing agreement or copyright law.

SEC. 67.26. WITHHOLDING KEPT TO A MINIMUM.

No record shall be withheld from disclosure in its entirety unless all information contained in it is exempt from disclosure under express provisions of the California Public Records Act or of some other statute. Information that is exempt from disclosure shall be masked, deleted or otherwise segregated in order that the nonexempt portion of a requested record may be released, and keyed by footnote or other clear reference to the appropriate justification for withholding required by Section 67.27 of this Article. This work shall be done personally by the attorney or other staff member conducting the exemption review. The work of responding to a public-records request and preparing documents for disclosure shall be considered part of the regular work duties of any City employee, and no fee shall be charged to the requester to cover the personnel costs of responding to a records request.

SEC. 67.27. JUSTIFICATION OF WITHHOLDING.

Any withholding of information shall be justified, in writing, as follows:

(a) A withholding under a specific permissive exemption in the California Public Records Act, or elsewhere, which permissive exemption is not forbidden to be asserted by this ordinance, shall cite that authority.

(b) A withholding on the basis that disclosure is prohibited by law shall cite the specific statutory authority in the Public Records Act or elsewhere.

(c) A withholding on the basis that disclosure would incur civil or criminal liability shall cite any specific statutory or case law, or any other public agency's litigation experience, supporting that position.

(d) When a record being requested contains information, most of which is exempt from disclosure under the California Public Records Act and this Article, the custodian shall inform the requester of the nature and extent of the nonexempt information and suggest alternative sources for the information requested, if available.

SEC. 67.27-9(a). CORRESPONDENCE AND RECORDS SHALL BE MAINTAINED.

(a) The Mayor and all Department Heads shall maintain and preserve in a professional and businesslike manner all documents and correspondence, including but not limited to letters, e-mails, drafts, memorandum, invoices, reports and proposals and shall disclose all such records in accordance with this ordinance.

GOVERNMENT CODE SECTION 6250, et seq. (CPRA)

SEC. 6253

(a) Public records are open to inspection at all times during the office hours of the state or local agency and every person has a right to inspect any public record, except as hereafter provided. Any reasonably segregable portion of a record shall be available for inspection by any person requesting the record after deletion of the portions that are exempted by law.

(b) Except with respect to public records exempt from disclosure by express provisions of law, each state or local agency, upon a request for a copy of records that reasonably describes an identifiable record or records, shall make the records promptly available to any person upon payment of fees covering direct costs of duplication, or a statutory fee if applicable. Upon request, an exact copy shall be provided unless impracticable to do so.

(c) Each agency, upon a request for a copy of records, shall, within 10 days from receipt of the request, determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefor. In unusual circumstances, the time limit prescribed in this section may be extended by written notice by the head of the agency or his or her designee to the person making the request, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched. No notice shall specify a date that would result in an extension for more than 14 days. When the agency dispatches the determination, and if the agency determines that the request seeks disclosable public records, the agency shall state the estimated date and time when the records will be made available. As used in this section, "unusual circumstances" means the following, but only to the extent reasonably necessary to the proper processing of the particular request:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request.

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request.

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein.

(4) The need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

(d) Nothing in this chapter shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The notification of denial of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial.

(e) Except as otherwise prohibited by law, a state or local agency may adopt requirements for itself that allow for faster, more efficient, or greater access to records than prescribed by the minimum standards set forth in this chapter.

(f) In addition to maintaining public records for public inspection during the office hours of the public agency, a public agency may comply with subdivision (a) by posting any public record on its Internet Web site and, in response to a request for a public record posted on the Internet Web site, directing a member of the public to the location on the Internet Web site where the public record is posted. However, if after the public agency directs a member of the public to the Internet Web site, the member of the public requesting the public record requests a copy of the public record due to an inability to access or reproduce the public record from the Internet Web site, the public agency shall promptly provide a copy of the public record pursuant to subdivision (b).

SEC. 6253.9

(a) Unless otherwise prohibited by law, any agency that has information that constitutes an identifiable public record not exempt from disclosure pursuant to this chapter that is in an electronic format shall make that information available in an electronic format when requested by any person and, when applicable, shall comply with the following:

(1) The agency shall make the information available in any electronic format in which it holds the information.

(2) Each agency shall provide a copy of an electronic record in the format requested if the requested format is one that has been used by the agency to create copies for its own use or for provision to other agencies. The cost of duplication shall be limited to the direct cost of producing a copy of a record in an electronic format.

(b) Notwithstanding paragraph (2) of subdivision (a), the requester shall bear the cost of producing a copy of the record, including the cost to construct a record, and the cost of programming and computer services necessary to produce a copy of the record when either of the following applies:

(1) In order to comply with the provisions of subdivision (a), the public agency would be required to produce a copy of an electronic record and the record is one that is produced only at otherwise regularly scheduled intervals.

(2) The request would require data compilation, extraction, or programming to produce the record.

(c) Nothing in this section shall be construed to require the public agency to reconstruct a record in an electronic format if the agency no longer has the record available in an electronic format.

(d) If the request is for information in other than electronic format, and the information also is in electronic format, the agency may inform the requester that the information is available in electronic format.

(e) Nothing in this section shall be construed to permit an agency to make information available only in an electronic format.

(f) Nothing in this section shall be construed to require the public agency to release an electronic record in the electronic form in which it is held by the agency if its release would jeopardize or compromise the security or integrity of the original record or of any proprietary software in which it is maintained.

(g) Nothing in this section shall be construed to permit public access to records held by any agency to which access is otherwise restricted by statute.

SEC. 6255

(a) The agency shall justify withholding any record by demonstrating that the record in question is exempt under express provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record.

(b) A response to a written request for inspection or copies of public records that includes a determination that the request is denied, in whole or in part, shall be in writing.

Anonymous v. Mayor London Breed and Hank Heckel, Office of the Mayor

Date filed with SOTF: 08/26/19

Anonymous (76434-70600365@requests.muckrock.com) (Complainant)

Mayor London Breed, Hank Heckel (hank.heckel@sfgov.org) (Respondents)

File No. 19091: Complaint filed by Anonymous against Mayor London Breed, Hank Heckel and the Office of the Mayor for allegedly violating Administrative Code, (Sunshine Ordinance) Sections 67.21, 67.26, 67.27 and 67.29-7, by failing to respond to a request for public records in a timely and/or complete manner.

Administrative Summary if applicable:

Complaint Attached.

Complainant/Petitioners Documents Submission

After close of business January 16, 2020 and again on January 17, the Respondents supplemented their response to my July 2, 2019 request for records. As background: Response was originally due after extension on July 26, 2019. The Mayor's Office originally timely provided responses on July 26, 27, and finished on July 29. Their responses did not comply however with various Sunshine and CPRA requirements, including but not limited to SFAC 67.26 requiring minimal withholding and a key by footnote or other clear reference to a SFAC 67.27 justification for each and every deletion, masking, or other segregation (aka "redaction") of exempt info¹. This complaint 19091 was filed in August 2019.

The Supervisor of Records (SoR) stated on **Sept 5, 2019** that Respondents would provide all redaction reasons. Respondents failed to comply. The SoR had a duty to "immediately" order disclosure of the unjustified redactions due to their failure to comply, but the SoR did not do so.

The SoR further stated on **Oct 10, 2019** pursuant to our follow-up petition that the non-exempt attachments would be provided by Respondents². Only one additional attachment was provided. Again, the SoR had a duty to "immediately" order disclosure since SoR acknowledged that public records had been withheld. Respondents did not comply. SoR made no orders.

After a **third, January 15, 2020**, petition to the Supervisor of Records demanding compliance, finally on January 16, Respondents added individual redaction reasons, and on January 17, provided or justified withholding no less than 26 additional attachments improperly withheld in their entirety without justification since last July, which they also failed to provide on Oct. 10.

The Mayor's Office and the Supervisor of Records acted unlawfully, including engaging in collusive behavior to evade the issuance of lawfully-required SFAC 67.21(d) orders.

We are still reviewing the redactions to see if we wish to contest any of the them. At this time the Mayor's Office continues to withhold certain information: color in the records, cropped images, and URLs. There is no justification not to provide all such non-metadata information.³

You should find all violations against the Respondents. Respondents violated SFAC 67.26 for not providing footnotes or clear references to justifications for redactions and not minimizing withholding (which continues as of today). Respondents obviously also gave an incomplete response, SFAC 67.21, with numerous attachments not provided.

If the Mayor's Office continues to not provide footnotes or clear references for all redactions in the future - in their records responses, not in complaints - we shall allege willful and intentional violation.

¹ And also for various metadata reasons not discussed here

² Note we had already requested every single part of the records, including attachments explicitly, in our original request and we have no duty to repeatedly request records.

³ Respondents possess currently and also possessed last July the standard Adobe Acrobat PDFMaker tool that allows for lawfully compliant production with minimal withholding (which tool includes the option to exclude all email headers if they so wish until SOTF 20006 is resolved).

We also intend to monitor their responses to all other records requestors. All persons must get the benefits of the Sunshine Ordinance - every record, every requestor, every request, every time.

We will pursue the SoR's violations of the law separately. The SoR is not a Respondent in this case.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). SOTF 19091 - Anonymous v. Mayor London Breed, Sean Elsbernd, Andres Power, Andrea Bruss, Marjan Philhour, Jeff Cretan, Sophia Kittler, Hank Heckel, Office of Mayor
2020-01-29 update

- **July 2, 2019** - Request for each Respondent's emails, chats, and text (explicitly requested attachments, inline images, and more)
 - Also asked for metadata and native formats; split to SOTF 19109/20006
- **July 12** - Extension declared
- **July 26, 27, 29** - Provided records with a generic list of 4-8 redaction reasons (no redaction key). Provided some but not all attachments. Only cited atty/client and atty work-product privileges for full record withholding.
- **Aug 26** - SOTF 19091 filed. 1st Sup. of Records petition filed.
- **Sept 5** - Sup. of Records neither grants nor denies 1st petition, states redaction reasons would be provided. Respondents fail to provide them.
- **Oct 10** - Sup. of Records denies 2nd petition, yet also states non-exempt attachments will be provided. Respondents provide **one** attachment.
- **Jan 15, 2020** - 3rd Sup. of Records petition filed due to Respondents' continuing non-compliance.
- **Jan 16** - Respondents finally provide redaction reasons.
- **Jan 17** - Respondents provide ~26 new attachments and one new full record withholding reason. DCA Russi states Resp. have now complied.
- **Jan 24** - 4th Sup. of Records petition filed for disputed redactions/withholdings.

(And the saga continues ...)

Violations/OD:

- **SFAC 67.21(b)** - Incomplete/untimely response lacking ~26 requested attachments until 5.5 months later.
- **SFAC 67.26** - Redactions were not keyed to justifications until 5.5 months later. (Respondents do not deny this allegation) Continued non-minimal withholding of colors, images, hyperlinks, etc. without citation and currently withheld/redacted info that is still disputed.
- **SFAC 67.27** - Citation to hiring exemption GC 6254(c) for withholding full records (2 attachments) not provided until 5.5 months later. (They initially cited only Attorney-Client and Work-Product privilege for full record withholding.)

These violations occurred not only at the time of the July 2019 responses but continued for months despite Supervisor of Records responses. Some continue as of the filing of this document.

Supervisor of Records Dennis Herrera,
(cc SOTF for filing in 19091)

Background of this case re: the Mayor's Office emails, texts, and chats:

- I made a request to Respondents **July 2, 2019**. They complied incompletely and in violation of the law on **July 26-29, 2019**.
- I filed an initial 67.21(d) petition (and a simultaneous SOTF complaint, 19091) which you responded to on **Sept 5, 2019**, representing that Respondents would justify all redactions (**proves violation of 67.26**). Respondents did not comply.
- I filed a second 67.21(d) petition which you responded to on **Oct 10, 2019**, representing that Respondents would provide non-exempt attachments. Respondents provided only one, and not the others, (**proves violation of 67.21(b)**).
- I filed a third 67.21(d) petition on Jan 15, 2020 re: the Mayor's Office failure to comply with the earlier petitions, for which no signed Herrera response was provided, but DCA Russi indicated informally on **Jan 17, 2020** that he believed compliance was now complete. Respondents finally provided justifications and ~26 additional attachments, withheld without justification since last July. Additional justifications not originally cited in July were used to now withhold entire attachments (**proves violation of 67.27**).

I now file a fourth 67.21(d) petition in this same case for continued non-minimal, non-metadata withholding (67.26):

- On https://cdn.muckrock.com/foia_files/2020/01/16/MuckRock_Request_-_Policy_Director_Andres_Power_1.pdf I challenge:
 - pg. 2, 3, 6, 7, 8 - cited as "Ongoing negotiations regarding real estate and draft recommendations of the author. See Admin. Code § 67.2[4](a), (c)." (corrected from 67.25(a,e)). Respondents completely mis-understand SFAC 67.24 - which serves solely to *eliminate* in whole or in part CPRA or other exemptions. Read 67.27 - You have to point to an exemption in the CPRA or elsewhere *which is not prohibited by local law (67.24)*. Local law can *never* create exemptions that are *not* found at the state-level. 67.24(a) merely prohibits you from exempting anything EXCEPT draft author recommendations "not normally kept on file and would otherwise be disposed of"; but that doesn't make even those exempt under CPRA. There is no evidence that these portions of an email table would be "disposed of." And 67.24(e) in no way even implies that real estate negotiations could generally be exempt, it merely forces you to disclose them at a certain point. It doesn't and cannot make them exempt prior to that point under CPRA without a citation.
 - pg. 10-18, 26-32 - cited as "attorney-client privilege. Gov't Code § 6254(k); Evidence Code § 954; Admin. Code § 67.21(k)." Clearly the first redacted block is written by a person not in City Attorney's office. This needs to be minimally withheld to just the privileged portions.
- Pg 4 of https://cdn.muckrock.com/foia_files/2020/01/16/MuckRock_Request_-_Liaison_to_the_Board_of_Supervisors_Sophia_Kittler.pdf has an underlined link URI written by a human being. It cannot be lawfully withheld. *Format* exemptions, to the extent they apply (which I do not concede), cannot exempt the *information* itself. (SOTF on Jan 21 ruled email metadata at least partially disclosable but I don't have the Order in hand yet so I'm sticking with non-metadata arguments for now).
- Pg 27-28 of https://cdn.muckrock.com/foia_files/2020/01/16/MuckRock_Request_-_Communications_Director_Jeff_Cretan_Redacted.pdf has two types of redactions: "law enforcement investigation exemption (Cal Gov. Code 6254(f)) and informer identity protections (Cal. Evidence Code 1040)" - I challenge all of the 6254(f) portions: DPW and REC are not law enforcement agencies, emails to them cannot be covered by 6254(f). Also I'm pretty sure EC 1041, not EC 1040, is informer identity. So I also challenge the supposed EC 1040 citation. (I don't think the identity has to be disclosed, but the City has to cite correct justification to legally withhold it, SFAC 67.27).
- All in https://cdn.muckrock.com/foia_files/2020/01/16/MuckRock_Request_-_Mayor_London_Breed.pdf are cited as "private contact information withheld to avoid an unwarranted breach of personal privacy. See Cal. Govt. Code Secs. 6254(c), 6254(k); California Constitution, Art. I, Sec. 1." I challenge:
 - pg. 1, 6 - is this a business email, not personal
 - pg. 32 - is this an official email/letterhead, not personal
- All in https://cdn.muckrock.com/foia_files/2020/01/16/MuckRock_Request_-_Chief_of_Staff_Sean_Elshernd_2.pdf are cited as "private contact information withheld to avoid an unwarranted breach of personal privacy. I am going through the redactions now.

Furthermore, you indicated on Oct 10 they would provide the non-provided attachments. At the time they gave me *1*.

Today, months later, they gave me 26 additional attachments.

What your office and the Mayor's office did together in this case is not acceptable.

This is why you must grant my petitions: I was right, and you should have issued a 67.21(d) order against the Mayor's Office months ago.

You had a responsibility to "immediately" order the Mayor's Office's disclosure of the improperly withheld documents or parts.

You did not do so. You let them do things voluntarily, and they had not even complied with the law at the time you denied or otherwise responded to my petitions.

Your role is to protect the public's right of access, not cover for the Mayor's office.

I will continue to pursue a complete restructuring of your procedures to truly protect the public's rights.

All of this evidence will be brought to SOTF, Ethics, and wherever else I need to go.

Supervisor of Records,

On Sept. 5, 2019 you responded to my Aug 26 petition via 76434-70600365@requests.muckrock.com, regarding the Mayor's Office's redactions:

https://cdn.muckrock.com/foia_files/2019/09/05/2019-09-05_Response_to_Muckrock.pdf

In that response you stated that the Mayor's Office would justify their redactions. You did not deny my petition.

It is now over 4 months later and these redactions have never been justified.

The redactions currently performed by the Mayor's Office are unlawful because they are not keyed by footnote or other clear reference to a SFAC 67.27 justification.

We are thus explicitly requesting ALL redacted portions be deemed public because NONE are legally justified.

The burden of proof that a record or part of a record is not public is on the City agency, not on me.

By not following the law (SFAC 67.26) and justifying their redactions, the City has failed to meet its burden of proof.

Please grant this petition to have all redacted parts of these public records deemed public and order them disclosed.

The continuing refusal of your office to grant my petitions where the law is clearly on my side is unjust.

There is no grey area or technological bleeding-edge issues in this petition.

Dear Mayor Breed,

We were honored by the city of San Francisco in 2012 for our work abroad as cultural ambassadors. We continue our mission with this new project called Culture Kin.

This is a very special concert celebrating SF Sister Cities. This Saturday, May 25th 8pm at YBCA. In creating this project for which we were awarded a Wallace Alexander Gerbode Special Award in the Arts, creating the music with collaborators for SF Sister Cities, recording it and preparing for Saturday's premiere with ALL of our collaborative artists, I learned that the worth and meaning of sister city relationships is what we bring to them. I am so proud to present this project and hope you will consider joining us.

If you are interested, I will happily put you on the guest list for the performance. And would happily invite you to say a few words if you were inclined. But even just to have you attend would be an honor.

DEPARTMENT OF ART HISTORY & ARCHAEOLOGY

The Honorable London N. Breed
Mayor, City of San Francisco
Office of the Mayor, City Hall, Room 200
1 Dr. Carlton B. Goodlett Place,
San Francisco, CA 94102

10 May 2019

Dear Mayor Breed:

I read recently in both the *New York Times* and the *Washington Post* dismaying articles regarding a proposal to remove, cover, or even destroy the Victor Arnautoff murals that had been created for George Washington High School in San Francisco. As a specialist in 20th-century art, with a focus on the relationship between modern Eastern European and American artists, I am both professionally and personally deeply concerned by any step that might imperil these murals, whose importance has truly international resonance aesthetically, socially, and politically.

The news articles rightly point out the singular biography of Victor Arnautoff. What they don't emphasize sufficient is the artist's link (mostly through study and directly training) with the Mexican muralists, especially Diego Rivera. This decisive connection makes these San Francisco murals essential to the understanding of the defining role the Mexican Muralist movement played in the genesis of American art of the interwar era – from New York to California. Of course, San Francisco was an essential “node” in this chain of advanced art and political engagement; and we can witness the Bay area's contributions in various examples, such as Coit Tower. Indeed, the George Washington High School murals demand greater recognition than they previous enjoyed, which was primarily limited to scholars as a consequence of the site being consistently used as a public educational institution with limited access. Arnautoff surely recognized the determinative role that a high school setting would play as the stage for his New Deal-sponsored murals with their emphatic political valence. Hence, he stressed the complex role that Washington himself assumed in the nation's early history and thereby intimated the consequences of his actions for later generations – including our own. This pedagogical purpose makes it all the more important that these murals remain where they were always intended to be viewed; namely, in a conspicuous educational setting that might help generations of high school students (and their teachers) recognize the conflicted narrative of American history, its conventional claims and its too often hidden contradictions. These murals bring to the surface the very contradictions and complexities that students need to appreciate as emerging citizens and participants in the American experience.

I had the privilege of visiting the Presidio Chapel frescoes last year and left impressed by their power, range, and inclusivity. The series distills the history of San Francisco in several deft vignettes, zeroing in on the events involving the Presidio and its people. It is remarkable that the monumental mural showcases not just the role of officers but also everyday enlisted men, like the telegraph operator in the foreground. From the photographs I've seen, I suspect the GWHS murals may be even more consequential. These works, along with the murals by Ralph Stackpole, Lucien Labault and Gordon Langdon and the frieze by pioneering African American sculptor Sargent Johnson, decorate the building created by Timothy Pflueger for the federal Works Progress Administration. GWHS sits at the top of a hill, a lofty columned Parthenon dedicated to education. It is not often in our country that one encounters such a magnificent ensemble of sculpture, painting, and architecture designed and executed at the same time and working toward the same goal. Unfortunately, the murals are very difficult to see for an “outsider” without an appointment. Thus, on my 2018 trip, I managed only to see the Sargent Johnson relief from the distant parking lot and yearned to explore the rest of the complex.

The iconography of the GWHS murals are now well known, mostly as a happy result of the less-than-happy national public attention being focused on the fate of Arnautoff's wall paintings. But what the many articles and editorials do not capture is the attraction these self-same murals have for a new generation of scholars. For art historians, historians, and sociologists, Arnautoff is becoming a truly significant figure of study. Indeed, I have urged my own doctoral students to make a trip from the University of Maryland to San Francisco in order to see his murals and to study how his choices –aesthetic and political – both conform to and differ from the “established” murals of the period, especially those that adorn so many courthouses and post offices in the American Mid-West, the Deep South, and Texas. The GWHS murals are truly singular and are of singular importance for this school's students and equally for the citizens of San Francisco. But they are also of transcendent importance to students and scholars of American art, American history, and even Eastern European art history. For all our sakes, and in the interest of those who will come to San Francisco in the future, I urge you to preserve, protect, and, if appropriate, exalt these universally important murals by Victor Arnautoff.

With sincere respect,

Hey Marjan and Sandra – here is the latest cut of RSVPs. Please note Facebook is out of date and will need to be reviewed again tomorrow. I can filter that list down and just include people who were not on this list.

The attached spreadsheet has RSVPs cut four ways:

- 1) All Yes RSVPs (anyone who RSVP'd yes via Facebook as of yesterday morning or via the link as of 30 minutes ago) sorted by last name.
- 2) All Maybe RSVPs (anyone who RSVP'd maybe via Facebook as of yesterday morning) sorted by last name.
- 3) Detected commissioners – I ran our RSVP list against a list of known commissioners. I don't expect this captured everyone or is perfect, but it should be a good start.
- 4) Detected Department Heads/Directors – I ran our RSVP list against the Mayor's Department Head email list serv. Again, I don't expect it is perfect, but is a good start. I also included anyone who emailed me to confirm they'll be attending or who verbally told me they were attending. *If there is anyone you expect to see here and don't please let me know ASAP so I can follow up with their assistants.*

I'm going to be available most of the evening so please call/text if you want to discuss or have feedback that's time sensitive. I'll run the RSVPs again tomorrow.

Hi Al,

Thanks for getting on a call with me earlier. Just to re-confirm our conversation and ensure everyone on our team is looped in. Regarding your request to reserve Room 201, these are the following dates you would like to know if 201 is available:

- 1) Wednesday, July 17 - Room is available during time requested.
- 2) Thursday, July 18 - Room is available during time requested. (Please note: there is a meeting scheduled to end at 4:30pm).
- 3) Friday, July 19 - Room is available during time requested.

Of the 3 days you requested, do you have a preferred date to hold the Community Kick-Off?

Also, the time frame in which you requested to hold the Pistahan Community Kick-Off was 5:30-7:30pm. On July 17 and July 19, the room is available as early as 2pm. But July 18, due to previous reservations the room is available after 4:30pm. If additional time is needed for set-up please let us know. Also, what room layout would you prefer so we can allocate enough time for any chairs and tables to be moved if desired prior to the event time.

Thank you Al! Let us know what date is preferred so we can confirm. Looking forward to hearing from you!

Hello Marjan,

Thanks for the quick response.

Here are some possible dates for the Pistahan Community Kickoff. We usually schedule it about one month prior to the Pistahan, as a "call to action" for the community to sign-up for various participation opportunities.

We usually have our weekly planning meeting on Mondays, so we can't plan the kickoff on Mondays. We also try to avoid Tuesdays since the Board of Supervisors meet on Tuesdays and would prohibit them from attending.

And we try to avoid Friday night events, since most people begin their weekend on Fridays and so we have low turn-outs on Friday night events.

So that leaves us with Wednesdays and Thursdays.

Please advise if any of these dates are available for room 201:

THU, July 11, 5:30pm - 7:30pm
WED, July 17, 5:30pm - 7:30pm
WHU, July 19, 5:30pm - 7:30pm

Let me know what works.

Commissioners,

On behalf of Director Torres and I, thank you again for the opportunity to present at the Veterans Summit today.

We have already made inquiry of the Dept of Human Resources with respect to Commissioner Olivieri's City employment question and plan to discuss the CityBuild question that Commissioner Ellis had tomorrow with Acting CityBuild Director Ken Nim.

We will circle back with responses as soon as possible.

Thanks again,

Josh

Hi Sophia and Andres – just an FYI that Matthias in COIT has been organizing regular check-in calls about the implementation of the surveillance ordinance. The next call is today at noon. Forwarding the details in case you'd like to listen in.

And I can't call in today, but will join in the future and can fill you in if you're interested. (Though now that the ordinance is law, I'm not sure if you still want to be involved.)

Thanks,

Hello all,

This meeting is intended to kick-off the citywide effort to comply with the Stop Secret Surveillance Ordinance <<https://sfgov.legistar.com/LegislationDetail.aspx?ID=3953863&GUID=926469C0-A7BA-47D3-BD32-05C2C6D8EB2B&Options=ID|Text|&Search=surveillance>> passed by the Board of Supervisors. In this meeting, we will be discussing:

- * Process Overview: Roles, Responsibilities, and Timelines
- * Definition of Surveillance Technology
- * Q&A

This meeting is intended for Department CIO's & IT Managers, policy staff, and anyone else who will be directly working on the surveillance ordinance. Please forward this calendar invite to relevant stakeholders inside the City as needed.

Due to the complexity of this ordinance, it will be important that you each work with your Department's City Attorney to help define what exactly is considered a surveillance technology. This call is to help answer any overarching questions as we go into this initial phase. Joining us to help answer some of these initial questions will be Neha Gupta from the City Attorney's Office who will be co-leading this effort with COIT.

Talk to you all soon,

Matthias

Mr. Heckel,

No one is requiring that each respondent provide separate responses. They are free to delegate to you.

But they as the principals must each be bound by the SOTF's Order since it is their records that must be produced correctly. You are definitely not the only person who produced the records and the PDFs in this case prove that.

Regarding your request:

The City will make it much harder for me to claim willfulness next time if I don't get a full order this time.

Each time I make a concession or give the City the benefit of the doubt assuming they are genuinely improving something, it turns out there are some fingers crossed behind the City's back and some loophole is found to restrict or delay access. Your office has itself done this a few times. Even when I win.

My rights of public access are rights, not privileges subject to the whims or discretion of the government.

I will maintain my complaint as is.

Anonymous,

As I noted, I am the one who handled the response to this request and I am following up on the open issues you cite in your complaint. Nobody is claiming ignorance of the requirements of the ordinance nor would we rely on exclusion from a complaint as a basis for doing so.

A system in which requests to a department require separate responses from all the many holders of records that are responsive, rather than a designated department custodian/point person would be inefficient and is not the system we employ.

I ask you as a courtesy to drop respondents who have numerous other duties and whose response has been delegated to me. Thank you for your consideration.

Subject: RE: SOTF 19091 - summary for the hearing

According to the SOTF complaint procedure, I am supposed to include both the agency and any "individual working at the agency who the request involves."

My presentation also includes at least one example of violation from each respondent's records.

I dropped Tyrone Jue a few days ago due to the claimed miscommunication as you stated.

If there is SOTF case law indicating I am wrong, please let me know and I will reconsider.

A perusal of the SOTF's prior Orders indicates that nearly always it is the owner/subject of the records, not just the compliance officer, who is a proper respondent.

In this case you are both the compliance officer and a subject.

In the future, I don't want the Mayor or her leadership to avoid Sunshine compliance claiming supposed ignorance of SFAC 67.26, and any Order of Determination in my favor will serve as final notice before I start alleging willfulness. (Though, as before: a binding, published letter, as specified earlier along with all of my other terms, signed by Mayor Breed, also serves the purpose I seek and remains an option through this Friday. Her specific consent to the full Sunshine terms, without caveats, serves as notice just as well as an Order in 19091 does.)

The CPIO would be a non-lawyer (or at least, not operating as an attorney and without privilege), and provide practical, instead of legal, advice with consistent city-wide policies, and take input from SOTF, City Attorney, and Dept of Technology. The CPIO would exist either under the City Administrator or the Controller, and would also audit (formally) agencies' records production, as I do informally.

January 21, 2020

**Before the SOTF
San Francisco City Hall**

**Re: Disclosure of Text Messages, Emails, Chats, Images,
Attachments; *San Jose v Superior Court (Smith)***

Timeline & Facts of the Case

1. **July 2, 2019** - Request for certain emails, chats, and texts of Mayor's Office leadership, in native formats, with metadata/headers, and including personal accounts
2. **July 12** - Invoked 14-day Extension
3. **July 26-27** - Response to July 2; Failure to justify redactions with footnote/clear reference
4. **July 29** - Supplemental Response to July 2
5. **Aug 26** - This complaint and a Sup of Records petition filed
6. **Sept. 5** - Sup of Records neither denies nor grants my Aug. 26 petition, but further states Respondents will justify all redactions
7. **Sept. 11** - Subsequent Sup of Records petition filed
8. **Oct. 10** - Sup of Records denies Sep 11 petition, except for Respondents provision of additional attachments withheld since July without justification. One such attachment was provided.

*This is not a complete timeline of these requests,
but only about the remaining allegations
presented today*

State of Complaint 19091

Original Aug. 26 complaint contained 7 allegations. Most important part of what is left in this complaint file is the following portion:

"3. Violations of SF Admin Code Sec: 67.26. Withholding Kept To A Minimum ... Furthermore, the numerous non-metadata redactions in the responsive records should be "keyed by footnote or other clear reference to the appropriate justification for withholding required by section 67.27 of this article." (SFAC 67.26) Instead, the justifications are enumerated only in the response letter, preventing us from understanding precisely which reason is associated with which redaction." [Aug 26 Complaint]

Headers/EML/MSG split by SOTF Committee into complaint #20006 (prev. known as #19109)

19091 Anonymous v Office of Mayor, Breed, et al.

Sec. 67.26. Withholding Kept To A Minimum.

(emphasis mine)

No record shall be withheld from disclosure in its entirety unless all information contained in it is exempt from disclosure under express provisions of the California Public Records Act or of some other statute. **Information that is exempt from disclosure shall be masked, deleted or otherwise segregated in order that the nonexempt portion of a requested record may be released, and keyed by footnote or other clear reference to the appropriate justification for withholding required by section 67.27 of this article. **This work shall be done personally by the attorney or other staff member conducting the exemption review.** The work of responding to a public-records request and preparing documents for disclosure shall be considered part of the regular work duties of any city employee, and no fee shall be charged to the requester to cover the personnel costs of responding to a records request.**

19091 Anonymous v Office of Mayor, Breed, et al.

SFAC 67.26 - Every withholding must be "keyed by footnote or other clear reference to the appropriate justification."

- Many redactions were made, and a summary list of all possible reasons were provided. No keys or footnotes was provided in their July responses.
- Sept. 4 - Respondents did not deny this allegation in their response.
- Sept. 5 - Supervisor of Records stated Respondents would identify redaction reasons, but Respondents still never have as of Jan. 9, 2020.
 - I reserve the right to file further complaints about specific unlawful redactions once I get the justifications.
- It is **mandatory** that every single withholding of any information must be justified in writing (67.27) and keyed by footnote or other clear reference to that 67.27 justification (67.26).
 - For obligations that the Sunshine Ordinance makes optional, the law uses the phrase "when requested" or similar (ex. IDRs, statements of assistance, easily-generated formats are only required on request).

19091 Anonymous v Office of Mayor, Breed, et al.

SFAC 67.26 - Withholding must be kept to a minimum

- Respondents admit one attachment was withheld in entirety until Oct. 10. There may be others. (We did in fact explicitly ask for attachments in our original request.)
- Many other (non-metadata) portions of email records appear to be non-minimally withheld, and no justification was provided. Examples follow.
- Failure to key masking/deletion of information with specific justifications **causes** non-minimal withholding: when they do after-the-fact specific justifications, the City can be sloppy in withholding to withhold whatever it wants, gambling on the fact that most requestors will not challenge each redaction, and thus get away with non-minimal withholding.

Appendix - More Non-Exhaustive Examples

Hi Marisa, Laura, and Lillian -

Wondering if any of the three of you have more detail on the thinking behind the Working Families credit expansion in the ERAF reallocation plan. Noelle has heard, via Trent via your office, that we would use the funds to: 1) do away with the once-in-a-lifetime cap on receipt of the credit and 2) also increase the amount from \$250 to \$500. [REDACTED]

Specifically, we were wondering:

- 1) Given how ERAF funds are being handled, is this all intended to be spent in FY19-20 if possible? [REDACTED]
- 2) How much flexibility do we have around implementation of the expansion? We weren't sure how much thinking there was about our ability to actually achieve both #1 and #2 within the \$2.5 M allotment or whether there is an expectation we will adjust on our end to make it fit. [REDACTED]

Staff happen to have a meeting tomorrow (Tuesday) scheduled on the WFC, so if you have ready answers, we'd love them. Happy to chat by phone if it's easier.

Re: Petition to Supervisor of Records

To Whom It May Concern:

This letter responds to your petition to the Supervisor of Records submitted on August 26, 2019, concerning a public records request to the Mayor's Office dated July 2, 2019, in which you requested various emails and other forms of electronic communications from mayoral staff. You have sought a determination from the Supervisor of Records on the following issues related to this request:

This petition is regarding, inter alia, the Office of Mayor's:

- (a) failure to provide various email in .msg format and with headers,
- (b) use of personal and/or secret communications technologies to discuss the people's business and therefore failing to preserve correspondence in a "professional and businesslike" manner (67.29-7).
- (c) use of scanned PDFs instead of text PDFs, and
- (d) lack of specificity re: redaction justification.

With regard to item (a), you have acknowledged that our "Aug. 26, 2019 response to [your] 19044 May 8 petition already reflects [this] office's position regarding (a)."

Items (b) and (c) are beyond the jurisdiction of the Supervisor of Records. The Sunshine Ordinance (Section 67.21(d) of the Administrative Code), tasks the Supervisor of Records with determining whether a City department has withheld a record, or any part of a record, without a lawful basis for doing so – for determining "whether the record requested, or any part of the record requested, is public." With regard to item (b), you do not allege that the Mayor's Office has withheld or redacted public records responsive to your request. Instead, you allege that the Mayor's Office failed to maintain some records in a "professional and businesslike" manner in violation of Section 67.29-7 of the Sunshine Ordinance by using the Signal application. Whether the use of a particular communications technology is proper and complies with this provision of the Sunshine Ordinance is not an issue within the ambit of our responsibility under the Sunshine Ordinance. Similarly, with respect to item (c), whether the Sunshine Ordinance requires the Mayor's Office to produce a searchable PDF file is beyond the scope of our review; we do not

view this as an allegation that the Mayor's Office improperly withheld a record or any part of a record.

Finally, with respect to item (d), we understand that the Mayor's Office has agreed to identify the legal basis for each redaction that it applied to the responsive documents. Re: Petition to Supervisor of Records

To Whom It May Concern:

This letter responds to your further petition to the Supervisor of Records concerning your requests to the Mayor's Office dated July 2, 2019 and August 22, 2019. The Mayor's Office produced records responsive to your request.

First, you contend the Mayor's Office either failed to produce public records maintained on employees' personal accounts or failed to state that it had no such responsive records. The response from the Mayor's Office, dated July 26, 2019, states: "Additionally, responsive text messages from personal devices pertaining to city business have been provided for Communications Director Jeff Cretan, Liaison to the Board of Supervisors Sophia Kittler and Compliance Officer Hank Heckel. No such responsive texts were located for the other requested custodians. Further, no responsive communications in the other electronic media named were located for the requested custodians."

Second, you contend that the Mayor's Office improperly withheld native files and metadata. For the reasons articulated in our response to another one of your petitions, attached hereto as Exhibit A, we find that the Mayor's Office did not improperly withhold native files or metadata.

Third, you contend that the Mayor's Office improperly withheld email addresses of City employees in the To/From/Cc/Bcc headers of some emails provided in PDF format. We find that the Mayor's Office did not improperly withhold information. The Mayor's Office provided the records in PDF format, which we find to be reasonable and appropriate. We understand that the way in which the City's email system prints such records – and the way they appear on the screen – does not show the email addresses. You may of course request a directory of City email addresses if you so choose. Similarly, you contend that the Mayor's Office withheld URL links, HTML content, certain images, color and formatting of documents, and timestamp information due to the manner in which the records were printed and provided. We find that the Mayor's Office did not improperly withhold this information for the same reasons.

Fourth, you contend the Mayor's Office withheld responsive email attachments without a legal basis. We understand that the Mayor's Office will produce any responsive attachments that are not exempt from disclosure, if it has not done so already.

Fifth, you contend the Mayor's Office improperly withheld a responsive text message conversation partially visible on the top of page 57 of the attachments you sent with your

Letter to Anonymous

Page 2

petition. Records on personal devices that do not relate to City business are not subject to disclosure under the Public Records Act or the Sunshine Ordinance. See *City of San Jose v. Superior Court*, 2 Cal.5th 608, 618 (2017).

Finally, you request that we determine whether some or part of the information in 116 different metadata headers must be disclosed. We decline to do so. The Mayor's Office produced the records in PDF format and did not disclose the metadata headers, and we have already determined that this is a proper way to respond to the request. Moreover, the information contained in these fields is highly technical and without engaging in an analysis that exceeds the requirements of the Public Records Act, the information is not "reasonably segregable," further supporting the Mayor's Office's method of responding to the request. See Gov't Code § 6253(a).

For the reasons stated above, your petition is denied.

Very truly yours,

DENNIS J. HERRERA
City Attorney

EXHIBIT C: My Jan 7, 2020 Letter to Mayor's Office regarding their proven use of Adobe PDFMaker tool to provide metadata, URLs, images, and attachments in a PDF form on Jan 7, 2020 in a different request

Mayor's Office,

Thank you for your response to 82570-96710725@requests.muckrock.com.

We notice that you have started providing at least email PDFs in the appropriate way, for some of these responsive records. There is still some inconsistency for unknown reasons, but we'll get to that later.

The metadata of the PDFs themselves prove that Mr. Heckel (and thus your office) possesses the tool "PDFMaker" which allows the City to produce email PDFs with: body URLs (not metadata), email attachments and inline images (not metadata), and some email headers (metadata). This is the tool I alluded to at the SOIT 19105 hearing.

This is much closer¹ to the exact copies per Gov Code 6253(b) and minimum withholding of information of SFAC 67.26 than printing to PDF or printing to paper and scanning. Here is an example of the PDF's email metadata (redactions and elisions below are mine), which tells me how and when the PDF was created and some of the email metadata as well: attachment names, date it was sent, folder name, subject, to (with email addresses), from, CC, and the receiving timestamp. Each of these are records "thereby created" when a person writes an email, and are thus a writing; clearly retained by the City, and are not purely personal -- these are thus public records pursuant to CPRA.

EXHIBIT D: Original Request #1, July 2, 2019
(Email, texts, chats, San Jose)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office. Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Hello Ms. Major,

I am writing in support of Releaf Dispensary's bid to move their cannabis license to the new location requested, per file no. 190973.

Cannabis helps many people like myself find relief and freedom from constant pain and discomfort. I have 8 years clean from an opiate addiction after 4 surgeries, but still suffer from chronic pain and other issues. Cannabis is the only safe and affordable avenue I have found for effective relief.

Having multiple dispensaries available to visit helps reduce difficulty in getting medicine by making it physically accessible, and also helps keep prices competitive.

From a business perspective, losing one's lease should not effectively shutter a business from operating. This business owner should be given the opportunity to continue serving the local community, and helping people like me find healing.

Thank you for your time.

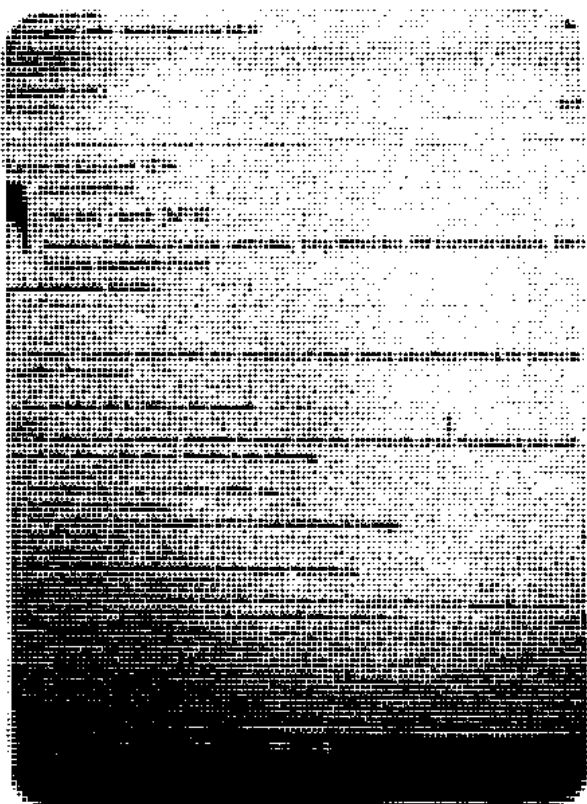

All the best,
Jana Sullivan

Hi Sophia and Andie - just an FYI that Matthias in COIT has been organizing regular check-in calls about the implementation of the surveillance ordinance. The next call is today or noon. Forwarding the details in case you'd like to listen in.

And I can't call in today, but will join in the future and can fill you in if you're interested. (Though now that the ordinance is law, I'm not sure if you still want to be involved.)

Thanks.

When: Tuesday, July 9, 2019 4:00 PM-5:00 PM (UTC-08:00) Pacific Time (US & Canada)

Hello all,

This meeting is intended to kick-off the citywide effort to comply with the Stop Secret Surveillance Ordinance <<https://sfgov.legistar.com/legislationDetail.aspx?ID=3953662&CID=926469C0-A71A-47D3-BB32-03C2C6D8EB2B&Options=ID|Text|&Search=surveillance>> passed by the Board of Supervisors. In this meeting, we will be discussing:

- * Process Overview: Roles, Responsibilities, and Timelines
- * Definition of Surveillance Technology
- * Q&A

This meeting is intended for Department CIO's & IT Managers, policy staff, and anyone else who will be directly working on the surveillance ordinance. Please forward this calendar invite to relevant stakeholders inside the City as needed.

Due to the complexity of this ordinance, it will be important that you each work with your Department's City Attorney to help define what exactly is considered a surveillance technology. This call is to help answer any overarching questions as we go into this initial phase. Joining us to help answer some of these initial questions will be Neha Gupta from the City Attorney's Office who will be co-leading this effort with COIT.

Talk to you all soon,

Mathias

2019 - 4th of July Waterfront Celebration - Contacts List.pdf

Hi everyone,

The CCSF will hold its annual Independence Day Waterfront Celebration on Thursday, July 4, 2019.

Attached, please find the following documents:

Site plans for the Fisherman's Wharf, Upper Fort Mason and the section of Jefferson Street, west of Hyde Street

Production Schedule for the period Monday, July 1, 2019 through Friday, July 5, 2019

Vendor contact sheet

I am working with Hartmann Studios to produce the CCSF's July 4th Waterfront Celebration. Admiral Security Services will provide the private security coverage.

I have contracted with AMR to provide the EMS coverage for the Aquatic Park/Fisherman's Wharf area.

There is (1) performance stage; it is located on Jefferson Street, just west of Hyde Street, in Aquatic Park.

The stage goes live at 2 PM on Thursday, July 4, 2019.

The performance schedule is as follows:

2:00 PM – Aquatic Park

DJ Consuelo

6:00 PM – Aquatic Park

Fleetwood Macrame – A Fleetwood Mac tribute band

7:45 PM – Aquatic Park
Pop Rocks – Bay Area Dance Party Band

9:30 PM – Aquatic Park & Pier 39
Fireworks Display

As I have done in years past, I am providing production inventory and janitorial service in the Upper Fort Mason area.

Both Aquatic Park and Upper Fort Mason are under the jurisdiction of the NPS.
I have pulled the required Special Use permit from the NPS.

Please note: there are NO permitted food, beverage or trinket vendors associated with the CCSF's July 4th Waterfront Celebration in the Fisherman's Wharf area.

With the assistance of Nick Chapman, SFMTA, I have applied, through the MTA's ISCOTT process, for temporary street closures in the Fisherman's Wharf area.
Please note: the closure of any streets, other than Jefferson, west of Hyde and Van Ness, between Northpoint and the Muni Pier, will be due solely to pedestrian traffic; absolutely no production inventory will be placed in/on the streets.

Pyro Spectaculars, led by Jeff Thomas, will produce the July 4th fireworks display for the CCSF. The fireworks display will begin at 9:30 PM; it will last approximately 18 minutes. The pyro will be fired from barges staged in (2) locations on the Bay; just north of the Muni Pier (the Pier forms the west edge of Aquatic Park) and just north of Pier 39. The pyro will be loaded onto the Westar Marine barges at Pier 50.

With the assistance of Sound on Stage (SOS), we will place sound towers in the Aquatic Park area and along Jefferson Street in the Wharf.
The towers allow us to broadcast the soundtrack that accompanies the fireworks display. Please note: the sound/music from the stage in Aquatic Park is broadcasted only in the Aquatic Park area; we do not broadcast the stage performances along Jefferson Street.

Thank you in advance for all of your hard work that makes the CCSF's July 4th Celebration possible.

I hope you and your families have a safe and enjoyable holiday.
If you have any questions, please do not hesitate to contact me.

Hi Kate and Kevin,

Per my phone call yesterday, attached is plat map (final subdivision, lot 68) and aerial for 3435 Cesar Chavez, a 43,875 sq.ft. site (currently parking lot) at the corner of Cesar Chavez and Valencia. Ownership is very interested in working with the City on a possible sale. Based on the density achieved at 1990 Folsom St (1 unit per 203 sq.ft. of lot), 216 units could be built at 3435 Cesar Chavez. Please contact me to discuss 415-268-2259.

Thank you Sandra for drafting and Kayleigh for your edits.

Instead of saying she would like to invite you, please say "we hope you will be able to join us for -"

The reason I say this is that although the mayor intends to attend, should that not occur it is better for us to say this is a casual gathering in the mayor's office.

This one should come from Sandra.

Suggested edits:

First, do you want to do a mail merge if we want and have it say "Dear {first_name}, etc etc"? Jimmer and I can both do this if you'd like. NBD if not!

Second, do you want to include a "P.S. if you would like to join Mayor Breed for the Parade and haven't yet RSVP'd please do so here"?

Third, some suggested revisions to the email:

Dear Friends:

Mayor Breed is looking forward to participating in San Francisco's 49th Annual Pride Parade this Sunday, June 30. She would like to invite you to a small reception in her office following the parade. Please RSVP by filling out this form no later than 8:00 am on Saturday, June 29.

Prior to Sunday morning, I will send an email confirming your attendance with instructions for entry to City Hall. *Please note: due to the heightened security for both the parade and City Hall no one will be admitted without an RSVP confirmation. There are no exceptions.*

Thank you and I hope you can join Mayor Breed on Sunday!

Sincerely,
Sandra Zuniga
Mayor's Neighborhood Services Director
Office of London N. Breed
Sandra.Zuniga@sfgov.org

Lastly, same email from MLB if she'd rather it be a "personal" invite:

Dear Friends:

I am looking forward to participating in San Francisco's 49th Annual Pride Parade this Sunday, June 30 and hope to see you there! After the parade, I will be hosting a small reception in my office and would like to invite you to join me. Please RSVP by filling out this form no later than 8:00 am on Saturday, June 29.

Prior to Sunday morning, my staff will send an email confirming your attendance with instructions for entry to City Hall. *Please note: due to the heightened security for both the parade and City Hall no one will be admitted without an RSVP confirmation. There are no exceptions.*

I don't anticipate a large crowd for this protest, although can you or Marjan flag it with the Mayor.

**Media Release:
Protest against the hypocritical presence of Scott Wiener at the Pink
Triangle Commemoration Ceremony, 10:30 am, Saturday, June 29,
2019, Twin Peaks**

Scott Wiener once predicted that with all the legislative efforts he has been involved with through the years, all he will be remembered for is the San Francisco Nudity Ban Ordinance. This protest is to bring up why Scott Wiener is right and deserves to be remembered for the Nudity Ban.

The Bare Body Freedom/Urban Nudist movements hold that the human body and all body parts are normal and natural. The movements lead to more reality based thinking and reality. These are non-violent, artistic, political, cultural movements with a positive social mental health outcome. Everyone has one less thing to worry or be upset about. For the very few that are uptight and distressed by a clothing optional world, public nudity gives them a cure and a road to better mental health recovery. People have a right to chose to wear or not wear what they want either for comfort or a fashion statement. Public nudity was a legal in San Francisco for decades until Scott Wiener accepted leadership responsibility to push through a Nudity Ban Ordinance that only passed on a 6 to 5 Board of Supervisors vote in 2012.

Aside from local nudists, many non-nudist practicing civil libertarians and members of the Gay community warned Scott Wiener in 2012 not to proceed with a Nudity Ban Ordinance. I would estimate more than half of San Francisco Urban Nudists are Gay. Most Gays are way more sensitive to concepts of freedom of individual belief and natural freedom of expression and police/legislative prohibitions on civil liberty themes than most members of society. Aren't the rights of Gays and other minorities to exist what the Pink Triangle Commemoration Ceremony is all about? Yet, with all these warnings, Scott Wiener chose to suppress a

legitimate cultural movement via suppression of Civil Liberties. Isn't it a little hypocritical and phoney for Scott Wiener to be present at the Twin Peaks Ceremony?

Since the Pink Triangle Ceremony speaks on Nazi oppression, let's bring up an inconvenient truth. The Goring Decree of March 3, 1933 (about a week after the Reichstag Fire when Hitler seized total dictatorial control of Germany) called for "all police authorities that, in support of the spiritual powers developed through the national movement, they take all police measures to destroy the so-called nude culture." In 1932, 4 million out of 85 million Germans were members of nudists clubs and organizations. The Nudity Ban Goring Decree was dated well before the Nazis got around to giving special badges to and liquidating homosexuals, Jews, Gypsies, disabled, criminals, and commies.

FYI: to any that question whether there is a clothing optional art and political movement. A Bare Body Freedom activist friend of mine; singer/songwriter Ton Dou (poet-speak for Anthony Douglas) from Las Vegas is running for 2020 President of the United States as an independent. Because of the Nudity Ban Ordinance, he is disinclined to campaign in San Francisco. He considers New York City which recognizes public nudity as a right for "theatrical, artistic, and political expression" as a real world class intellectual center and the Art Capital of the World. Spencer Tunick, noted group nudist photographer (19,000 nudes in the Zocolo in Mexico City) very recently held a nudist anti-censorship protest in front of FaceBook Headquarters in NYC. Next to police intimidation, the biggest hurdle for acceptance of Bare Body Freedom/Urban Nudism is media censorship of nude images. Arguably, more effective Bare Body Freedom/Urban Nudism activism is happening in NYC, not here in SF. This NYC cultural supremacy over SF has happened before. In the world of Gay Liberation, SF may have predated NYC with the Compton Cafeteria Riot, but it took Stonewall to make a lasting impact. For the 2nd year, Ton Dou is holding "The Ultimate Freedom Concert" outdoors, totally nude in Duffy Square, heart of Times Square in New York City on Sunday, September 1, 2019 (the day before Labor Day). All are invited to observe and listen or, for a modest fee, to participate.

As a related and unrelated aside to this media release, a lot of people tell me Public Nudity is fine with them but "What about the children?" There have been numerous easily Google-able studies both in America and Europe by psychologists, sociologists, and academics on children being around nudity. All the studies show. Repeat, no exceptions, all the studies show the intuitive conclusion that children are not harmed by the sight of naked bodies. In fact, the studies show children have a better and more realistic concepts of their body and bodies of others and are better mentally adjusted than children raised to believe the nude human body and certain body parts are abnormal or shameful. Bare Body Freedom/Urban Nudism proves to be a movement toward positive mental health realism.

So, let's give Scott Wiener the remembrance he deserves.

Subject: Follow up with Laurel Muniz
Importance: High

Hi Emma:

I highlighted and bolded my instructions for you regarding Laurel Muniz's request. I usually never send people to coordinate with city departments directly unless the city departments ask me too. I agree that having three districts may be a lot, but these issues brought up by Laurel are the exact types of concerns MONS should be following up on. Mayor Breed expects us to provide this service to residents, let me know if you have any questions.

Thank you,
Sandra

Here's a list of a few things that need immediate attention:

Virginia Street (one of a few main entrances into Bernal)

1) Zero Block--West side of street has street sweeping every Friday but it is constantly filled

with litter. Part of the problem is that Safeway and a main transit corridor are adjacent to this block. We really need someone to sweep that area everyday. We have street sweeping (manual and mechanical) on Cortland but no attention is paid to the zero block of Virginia.

Sandra's instruction:

Please reach out to Sean Lange (sean.lange@sfdpw.org) at the Department of Public Works. Sean normally doesn't get emails from the public and we shouldn't probably send the public to him directly.

2) Trees on the 100 and 300 block need to be trimmed. The trees are so overgrown that

when walking at night the sidewalk lighting becomes nonexistent. Depending on the size and age of the trees, this may be DPW or Friends of the Urban Forest. Please reach out to Nancy Sarieh (nancy.sarieh@sfdpw.org) at DPW and/or treecare@fuf.net.

Sandra's instruction:

Look at the tree pruning schedule on public works website

Mission Street Intersection (west side at Safeway north entrance)

1) This intersection suffers from sinkholes/pot holes that have been filled over and over

again. An engineer needs to come out to the street and create a work order to get the

job done right. Buses use this lane and we need the street to be safe. It sounds like this is an issue that needs to be escalated beyond the normal 311 system for potholes. I encourage you to reach out to Rachel Gordon (rachel.gordon@sfdpw.org) at DPW about the issue. Sending photos may provide useful as well.

Sandra's instruction:

Emma -- you should take photos

Safeway Sidewalk Parking Lot Entrance (northside on Mission Street)

1) Safeway needs to be put on notice to fix the large cracks in the sidewalk. They are of the

mind that the sidewalk is not their problem. Have you already reported this issue via the 311 app? It is useful for the 311 department if you also include a photo of the issue so that they know exactly the area that you are referring to. If you have already tried this method with no results, I would reach out to Rachel Gordon with this issue as well.

Sandra's instruction:

Emma – you should take photos and upload them to 311 OR, take photos and email them to Jessica.salamy@sfdpw.org

29th Street between Mission and Tiffany (north side)

1) There is a public bike parking pod and a huge Ford bike parking pod. This would be fine

if there wasn't a UPS store and a Post Office. Daily UPS and USPS double park

because they are unable to park to drop off and pick up packages and mail. Recently,

the city installed a much needed crosswalk at the corner of Tiffany so now when the

trucks double park cars that maneuver around the trucks put pedestrians at risk. There is

a Ford bike parking pod on 30th where they should be as it is a transit hub. To ensure

the safety of pedestrians we need to move the Ford bike parking pod to a safer location

so that UPS and USPS have a safe location to load and unload. MTA should be more

mindful of pedestrians when permitting these huge bike parking pods/stations. This issue touches a few different departments, and even some private industry. I would start by reaching out to Janet Martinsen (Janet.Martinsen@sfmta.com) at SFMTA who handles escalated issues such as this one.

Sandra's instruction:

Emma – you should talk with JOEL RAMOS at SFMTA and probably schedule a site visit with him.

It would be great if we could get an update on the SRO at 29th and Mission which was

damaged in the fire on Mission Street. The last we heard the building was going to be repaired

and a restaurant was going to be established in the location of the 3300 Club. Please check with

DBI and Planning to see what is stalling the project. The building is an eyesore and of course

the loss of housing is of great concern. I see that there was a (somewhat) recently submitted Planning Application for this space submitted to the Planning Department. The planner assigned to this application is Natalia Kwiatkowska (natalia.kwiatkowska@sfgov.org). Please reach out to her for more information on the lot and the proposed plan.

Sandra's instruction:

Emma – you should reach out to Natalia for Laurel.

I will follow-up with you on June 25th at Progressive Grounds.

Hey Marjan and Sandra – here is the latest cut of RSVPs. Please note Facebook is out of date and will need to be reviewed again tomorrow. I can filter that list down and just include people who were not on this list.

The attached spreadsheet has RSVPs cut four ways:

- 1) All Yes RSVPs (anyone who RSVP'd yes via Facebook as of yesterday morning or via the link as of 30 minutes ago) sorted by last name.
- 2) All Maybe RSVPs (anyone who RSVP'd maybe via Facebook as of yesterday morning) sorted by last name.
- 3) Detected commissioners – I ran our RSVP list against a list of known commissioners. I don't expect this captured everyone or is perfect, but it should be a good start.
- 4) Detected Department Heads/Directors – I ran our RSVP list against the Mayor's Department Head email list serv. Again, I don't expect it is perfect, but is a good start. I also included anyone who emailed me to confirm they'll be attending or who verbally told me they were attending. *If there is anyone you expect to see here and don't please let me know ASAP so I can follow up with their assistants.*

I'm going to be available most of the evening so please call/text if you want to discuss or have feedback that's time sensitive. I'll run the RSVPs again tomorrow.

Hi everyone,

The CCSF will hold its annual Independence Day Waterfront Celebration on Thursday, July 4, 2019.

Attached, please find the following documents:

Site plans for the Fisherman's Wharf, Upper Fort Mason and the section of Jefferson Street, west of Hyde Street

Production Schedule for the period Monday, July 1, 2019 through Friday, July 5, 2019

Vendor contact sheet

I am working with Hartmann Studios to produce the CCSF's July 4th Waterfront Celebration.

Admiral Security Services will provide the private security coverage.

I have contracted with AMR to provide the EMS coverage for the Aquatic Park/Fisherman's Wharf area.

There is (1) performance stage; it is located on Jefferson Street, just west of Hyde Street, in Aquatic Park.

The stage goes live at 2 PM on Thursday, July 4, 2019.

The performance schedule is as follows:

2:00 PM – Aquatic Park
DJ Consuelo

6:00 PM – Aquatic Park
Fleetwood Macrame – A Fleetwood Mac tribute band

7:45 PM – Aquatic Park
Pop Rocks – Bay Area Dance Party Band

9:30 PM – Aquatic Park & Pier 39
Fireworks Display

As I have done in years past, I am providing production inventory and janitorial service in the Upper Fort Mason area.

Both Aquatic Park and Upper Fort Mason are under the jurisdiction of the NPS.
I have pulled the required Special Use permit from the NPS.

Please note: there are NO permitted food, beverage or trinket vendors associated with the CCSF's July 4th Waterfront Celebration in the Fisherman's Wharf area.

With the assistance of Nick Chapman, SFMTA, I have applied, through the MTA's ISCOTT process, for temporary street closures in the Fisherman's Wharf area.

Please note: the closure of any streets, other than Jefferson, west of Hyde and Van Ness, between Northpoint and the Muni Pier, will be due solely to pedestrian traffic; absolutely no production inventory will be placed in/on the streets.

Pyro Spectaculars, led by Jeff Thomas, will produce the July 4th fireworks display for the CCSF.
The fireworks display will begin at 9:30 PM; it will last approximately 18 minutes.
The pyro will be fired from barges staged in (2) locations on the Bay; just north of the Muni Pier (the Pier forms the west edge of Aquatic Park) and just north of Pier 39.
The pyro will be loaded onto the Westar Marine barges at Pier 50.

With the assistance of Sound on Stage (SOS), we will place sound towers in the Aquatic Park area and along Jefferson Street in the Wharf.

The towers allow us to broadcast the soundtrack that accompanies the fireworks display.
Please note: the sound/music from the stage in Aquatic Park is broadcasted only in the Aquatic Park area; we do not broadcast the stage performances along Jefferson Street.

Thank you in advance for all of your hard work that makes the CCSF's July 4th Celebration possible.

I hope you and your families have a safe and enjoyable holiday.

If you have any questions, please do not hesitate to contact me.

- 1) Wednesday, July 17 - Room is available during time requested.
- 2) Thursday, July 18 - Room is available during time requested. (Please note: there is a meeting scheduled to end at 4:30pm)
- 3) Friday, July 19 - Room is available during time requested.

Of the 3 days you requested, do you have a preferred date to hold the Community Kick-Off?

Also, the time frame in which you requested to hold the Pistahan Community Kick-Off was 5:30-7:30pm. On July 17 and July 19, the room is available as early as 2pm. But July 18, due to previous reservations the room is available after 4:30pm. If additional time is needed for set-up please let us know. Also, what room layout would you prefer so we can allocate enough time for any chairs and tables to be moved if desired prior to the event time.

Hello Marjan,

Thanks for the quick response.

Here are some possible dates for the Pistahan Community Kickoff. We usually schedule it about one month prior to the Pistahan, as a "call to action" for the community to sign-up for various participation opportunities.

We usually have our weekly planning meeting on Mondays, so we can't plan the kickoff on Mondays. We also try to avoid Tuesdays since the Board of Supervisors meet on Tuesdays and would prohibit them from attending.

And we try to avoid Friday night events, since most people begin their weekend on Fridays and so we have low turn-outs on Friday night events.

So that leaves us with Wednesdays and Thursdays.

Please advise if any of these dates are available for room 201:

THU, July 11, 5:30pm - 7:30pm

Hello,

My name is Sophia Kunthara and I'm a reporter with the San Francisco Chronicle. I'm working on a story about FCC Chairman Ajit Pai's proposal to preempt a San Francisco ordinance that prevented landlords from denying internet service providers access to existing wiring within multi-tenant buildings (Article 52). I was wondering if Mayor Breed had any comment on Mr. Pai's proposal to overrule the city ordinance.

Hi Kate,

I'm a reporter with a new radio program, "Civic," from the San Francisco Public Press, which will begin airing soon on KSFP, 102.5 FM.

For one of our first series of shows, we'd like to speak to someone in depth about the proposed housing bond and what could be achieved with the funding if it's approved. We're also exploring how this funding fits into what the city already allocates to affordable housing and what has happened to state and federal funding to support affordable housing.

Would you be available to sit down with me to tape an interview sometime in the next week or so? I can come to you, we just need somewhere quiet to sit and talk. I expect this would take a half hour to 45 minutes of your time.

Thanks and best

We previously responded to your request on May 28 and again on June 3, invoking an extension of time to continue our response under Government Code § 6253(c) and San Francisco Admin. Code § 67.25(b) because of the need for consultation with other city departments.

Response Dated June 3, 2019

We previously notified you that your request would be subject to at least the full statutory period for a public records request as it did not meet the requirements of an Immediate Disclosure Request due to a lack of proper labeling and failure to seek information that was simple, routine or otherwise readily answerable. S.F. Admin Code § 67.25(a); San Francisco City Attorney Good Government Guide at p. 95. We are continuing to process your request.

Please note that we are invoking an extension of time to continue our response for up to 14 days under Government Code § 6253(c) and San Francisco Admin. Code § 67.25(b) because of the continuing need for consultation with other city departments. Response Dated May 28, 2019

Thank you for your inquiry. We have received your request and are conducting a search for responsive records. In the last paragraph of your request letter you state that "[t]his is an immediate request under the Sunshine Ordinance and should be provided promptly." Please note that under the San Francisco Sunshine Ordinance, a public records request must be fulfilled on the next business day only where "the words 'Immediate Disclosure Request' are placed across the top of the request and on the envelope, subject line, or cover sheet in which the request is transmitted." S.F. Admin Code § 67.25(a); San Francisco City Attorney Good Government Guide at p. 95. Your request does not meet this requirement and is therefore subject to the full 10 day period to comply. Further, the Sunshine Ordinance provides that the maximum deadlines are available where a request is not simple, routine or otherwise readily answerable. *Id.* Your request

requires consultation with other City Departments and therefore is not readily answerable. See also § S.F. Admin Code § 67.25(b) (where "the need to consult with another interested department warrants an extension ... the requester shall be notified"). For these reasons, we are treating your request as subject to the full statutory period of 10 days to complete our response, barring sufficient grounds for a further extension.

Nevertheless, we understand our obligation to conduct our response with all practicable speed and will endeavor to provide any responsive information as it becomes available for production.

Please note that we are responding only on behalf of the Office of the Mayor and not on behalf of other City Departments. If you have any questions about your request or would like to submit another public records request, please feel free to contact us at mayorsunshinerequests@sfgov.org.

Subject: SFHA Transition Team Leader
Date: Tuesday, June 25, 2019 2:39:03 PM
Attachments: SFHA.TLEDJU.S.20.19.docx

Here are some summary bullet points and Tonia's resume. Let me know if this is enough or if you want me to reframe it.

Background:

Earlier this year, the U.S. Department of Housing and Urban Development (HUD) issued a default letter to the San Francisco Housing Authority (SFHA or Housing Authority) for violating various agreements. In order to cure these defaults HUD has required:

- That the City assume responsibility for the Housing Authority's core functions.
- The Housing Authority and City enter into a Memorandum of Understanding with HUD which includes contracting with a HUD-approved third party vendor to administer the Housing Choice Voucher Program and the Low Rent Public Housing (LRPH) Programs

These new obligations imposed by HUD, along with the long planned transfer and rehabilitation of the Sunnysdale and Potrero Hill public housing sites under the City's HOPE SF program, will result in a restructuring of the Housing Authority.

Transition Team and Leadership:

The Mayor's Office, MOHCD, Controller, Department of Human Resources, and the Housing Authority have been working collaboratively over the past few months to address concerns raised by HUD, assist the Housing Authority in complying with the HUD default letter, and restructure the Housing Authority. All parties have identified a need for a single person, a Transition Team Leader, to focus exclusively on this effort. The Transition Team Leader will serve as the City's principle liaison to the Housing Authority during the transition and restructuring period (estimated to take one year), coordinating all necessary activities and input of agencies participating in the transition effort. As part of restructuring the Housing Authority, the Transition Team Leader will also be tasked with facilitating the transition of the Housing Authority from a direct provider of ownership/management services under its public housing program, and direct manager of voucher subsidies under its HCV program, to a contract management, compliance and reporting agency that manages the work of third-party contractors, ensures compliance with HUD requirements, and reports out on activities to HUD, the City, and community stakeholders.

Tonia Lediju has been designated as the Transition Team Leader. Tonia currently serves as the City's Chief Audit Executive and brings over 20 years of experiencing transforming complex organizations and systems.

Key Responsibilities of the Transition Team Leader include:

- Developing and implementing a Transition Plan that includes timelines, performance metrics, risks/opportunities, staffing needs, and budget requirements.
- Providing leadership support to the Housing Authority through participation in management, departmental, and all-staff meetings.

- Support ongoing efforts by the Mayor's Office, Housing Authority, MOHCD, and the Department of Human Resources, to identify short term and long term staffing needs, create successful pathways to other employment opportunities for current staff, and retain staff needed through the transition and beyond.
- For any Housing Authority staff who are retained, provide ongoing support and leadership aimed at keeping morale positive and work quality high.
- Facilitate the onboarding of third party contractors, ensuring successful transition of work from existing staff to consultants.
- Based on a staffing plan, identify office space needs and develop a relocation plan for the Housing Authorities' operations, and the disposition of the Housing Authorities' current non-housing assets (Egbert office, vehicles, equipment).
- Identify potential gaps in operations during transition and create strategies for filling those gaps to ensure ongoing service delivery within the Housing Authority major program areas.
- Assess current data/IT functions and trouble-shoot any weaknesses and/or potential for data breaches during transition; outline potential shared services agreement with City IT services, as appropriate.
- Serve as City-representative for all Housing Authority budget-related meetings and, in coordination with the Mayor's Budget Office, the Controller, and MOHCD, review all budget updates to verify accuracy of budget projections and availability of ongoing resources to fund staffing, third-party contracts, and severance and pension liabilities.
- Assist in coordinating City support for labor negotiations between the Housing Authority and the representative bargaining units by organizing input of City agencies and maintaining regular communication among all parties.
- Support the Housing Authority in complying with HUD's requirement to outsource Public Housing and HCV operations to third-party experts.
- With the Housing Authority and the RFP consultants, ensure that the HCV RFP (currently in near final draft form) is issued in a coordinated and expeditious manner, including: organizing pre-submission meetings and information requests; assembling a selection panel; and, seeking required approvals for final selection.
- With the Housing Authority, MOHCD and RFP consultants, participate in developing RFP for Public Housing management/operations and coordinate its issuance.
- Manage onboarding of third-party consultants to assume program operations.
- Coordinate the development of quality assurance, compliance and reporting protocols so as to ensure the Housing Authorities' successful management of third party contracts.
- In collaboration with agency partners and core Housing Authority staff, devise and implement strategies to create a work culture within the Housing Authority that exemplifies compassion, excellence, and commitment to the households who benefit from its programs and services.

Transition Team Support

In addition to the Transition Team Leader, the City will continue to have a diverse team of professionals who will provide support to during the anticipated 12 month period. This includes:

- Mayor's Office of Housing and Community Development – Kate Hartley, Director and Dan Adams, Deputy Director
- Controller's Office – Ben Rosenfield, Controller

- Department of Human Resources – Micki Callahan, Director and Kate Howard, Deputy Director, and Carol Isen, Employee Relations Director
- City Attorney's Office – Keith Nagayama, Katie Porter
- Office of Economic and Workforce Development and Housing Authority Commission – Joaquin Torres
- HOPE SF – Theo Miller
- Mayor's Office – Andrea Bruss, Deputy Chief of Staff, Kelly Kirkpatrick, Budget Director

HUD will also be providing technical assistance to the Transition Team in the form of staff assigned from other higher performing Housing Authorities who have experienced similar HUD mandated restructuring.

Also, just to be sure, I have talked with Corey Teague for the story for basic facts about the annual office limit. I reviewed John's May 30 memo to the Planning Commission, too, outlining his advice for how to proceed with the approval process to avoid a beauty contest situation. If John can speak to whether the Mayor's office supports the approach of approving projects in phases and what that means in terms of community benefits, that's really the context we're looking

for at this point. Let me know if it's better for me to go back to the Mayor's office for that.

Hello,
I'm a freelance reporter

Business Times. I'm
working on a story for

their upcoming S.F. Structures edition about Prop. M and how there's more square footage of office development proposed than can be approved currently under the Prop. M cap.

I'd like to arrange a phone interview with Judson True for the story so we can include perspective about how the Mayor's office would like to see approvals approached or prioritized. Is there a time this week that would work for a call? It wouldn't take more than 20 minutes. Please feel free to reach out if you have any questions.

Hi-Chelsea,

Apologies that I didn't respond sooner, I was out of the office last week.

For Items 190733 and 190734 - is there any way these items can be put on the 7/10 agenda?

The terms of the site acquisition require BOS authorization no later than 7/23. If we go to Budget on 7/17, then there would be no wiggle room in terms of timing. Any delay or continuance would hinder the acquisition.

Let me know if you've got a minute to chat about this tomorrow.

Hi Marisa, Laura, and Lillian –

Wondering if any of the three of you have more detail on the thinking behind the Working Families credit expansion in the ERAF reallocation plan. Noelle has heard, via Trent via your office, that we would use the funds to: 1) do away with the once-in-a-lifetime cap on receipt of the credit and 2) also increase the amount from \$250 to \$500. [REDACTED]

Specifically, we were wondering:

- 1) Given how ERAF funds are being handled, is this all intended to be spent in FY19-20 if possible? [REDACTED]
- 2) How much flexibility do we have around implementation of the expansion? We weren't sure how much thinking there was about our ability to actually achieve both #1 and #2 within the \$2.5 M allotment or whether there is an expectation we will adjust on our end to make it fit [REDACTED]

Staff happen to have a meeting tomorrow (Tuesday) scheduled on the WFC, so if you have ready answers, we'd love them. Happy to chat by phone if it's easier.

Attachments: signature.asc

SOTF [for the 19091 file],

In their Sept. 4 formal response, the Respondents do not deny our allegation of a SFAC 67.26 violation. Furthermore, the Supervisor of Records stated on Sept. 5 in response to my petition that the Mayor's Office would indeed provide legal basis for each redaction. As of January 8, 2020 individual redaction reasons (or a key between the redactions and the original July generic lists of reasons) have still never been provided to us. Thus, you should take the SFAC 67.26 allegations as proven.

SFAC 67.26 further requires that only the minimal exempt portion of records be withheld. We will discuss only non-metadata violations (images, color, URLs, attachments). A further Supervisor of Records response on Oct. 10 and a simultaneous production by Respondents disclosed an additional attachment that had been withheld since July for unknown reasons. For these further reasons, you should take the SFAC 67.26 allegations as proven. We shall present at the hearing additional evidence of non-minimal withholding.

Negotiations in this case to avoid an SOTF Order have failed. Regardless of if or when a complete response is now eventually provided, we will maintain our allegations.

Minimal withholding and footnotes or other clear references are not due half a year after the request - they are due with every single Sunshine response, which the Mayor's Office resists. This is not an optional part of the Sunshine Ordinance. We will continue to file complaints against the Mayor's Office until they comply with all Sunshine obligations, without exception or delay.

We ask that you find Respondents violated SFAC 67.26, order them to either disclose (to achieve minimal withholding) or provide a clear reference to a justification for each and every withholding of non-metadata information, and send this File to the Compliance committee to ensure Respondents comply completely within 5 business days pursuant to law.

FYI:

Metadata for 19091 was split by SOTF into File 20006 (previously known as File 19109). I have introduced new complaints, that do not yet have file numbers, for the Mayor's Office's failure to maintain and disclose govt records on personal WhatsApps, and City of San Jose failures.

Therefore 19091 now considers solely SFAC 67.26 non-metadata allegations (and associated timeliness violations) and those are the only violations we will ask you to find.

1. As a note, 19044 was postponed twice by Respondents before (July 3 and June 25) and I will not consent to any further postponements, as the City Attorney attempts to further obstruct my right of public access.
2. Please provide any updated DCA memos or City responses for 19044 and 19091. If the City/DCAs hasn't added anything to these files after Oct. 2 and Oct. 15 respectively, I don't need anything.
3. Please dismiss Tyrone Jue as a respondent from 19091.
4. Is SOTF 19109 still in your case list? Your minutes state that 19109 is the metadata portion of my case 19091, but your tracking spreadsheet says someone else got that number 19109. I don't want to lose my case there.

Mr. Heckel,

Sorry for the delay on the compromise, I needed to review the audio from the hearing.

It doesn't actually appear the City would be willing to admit any violations.

From a housekeeping perspective however here is a smaller version of my proposal:

- City respondents in 19091 admit a violation of SFAC 67.26 (re: clear reference justification of every redaction) and stipulate to a finding and order as such by the Task Force.
- I will note that the Sup. of Records stated in denying my petition that Respondents had agreed to identify those justification references, but this has not happened to my knowledge.
- If the Task Force agrees, makes the motion, and issues the associated order, I waive specific justifications per redactions for all emails in 19091 already provided EXCEPT for 25 emails (out of hundreds) that I would specify. I would still need specific redactions for all non-email records and any other emails you have not yet provided at this time that are ordered released or that you voluntarily turn over after this point.
- This should save the City labor time and give me certainty and save argument time. I am quite confident SOTF would find this violation regardless of the City's admission, especially given the Sup of Records letter.
- This has no effect on other allegations or other cases.

I am happy to do a similar compromise for other allegations in 19091 as well, if you want. (For example, if Respondents admit a violation of SFAC 67.21(k) (via Gov Code 6253(b) for 'exact copies') for printing and scanning records instead of providing text PDFs, then only those same 25 emails would need to be re-produced, etc. just as above). Please let me know if you wish to consider these avenues. I do want to be clear that the SOTF's finding/order is important to me because it is needed to establish that the Sup. of Records' rulings are wrong.

You brought up that these were not willful: I want to be clear that I am not in this case 19091 alleging any willful violations, but the SOTF routinely finds violations even when they are not willful (as they must). Willfulness is not a requirement for a Sunshine violation as far as I know.

My opinion is not that your office (or generally the City) is usually willfully violating Sunshine laws, but instead lacks the tools or policies to ensure consistent production of public records both efficiently and safely - its not merely a metadata issue, but broadly speaking. The City should have city-wide policies that allow it to meet Sunshine requirements without extraordinary labor, but the City must also not be perversely incentivized to avoid buying/creating the tools that would allow it to efficiently produce records in order to claim difficulty. I will be discussing some of this at SOTF tomorrow as technology can help the City in doing this. For example see https://sfgov.org/sunshine/sites/default/files/it102219_item5.pdf#page=85 which will be presented tomorrow.

Sincerely,

Mr. Young,

Also, for both the new metadata case number, and old case 19091, the correct docket on the agenda needs to be as follows. Your DCA memo has correctly stated this, and that there is jurisdiction over each named respondent.

Please correct 19091 (and the new divided case) to be:
Anonymous v. Office of the Mayor, London Breed, Hank Heckel, Tryone Jue, Sean Elsbernd, Andres Power, Andrea Bruss, Marjon Philhour, Jeff Cretan, Sophia Kittler

As I believe you indicated to me on Oct. 8, I have the right to choose to name the respondents as I wish, and each of those respondents have personal custody over their own records, and were properly named in my complaint originally.

Thanks,

SOTF,

You recently administratively divided a portion of case 19091 for email headers and .msg and .eml formats. Please continue to use this email address, and not my general one, for that new case number.

Re: ICS: If you are able to supplement the Oct 22 record with a redacted ICS file, I would ask that you also add to the record the ICS fully released by DPW: (<https://sanfrancisco.nextrequest.com/documents/1670072>) so that SOTF can compare them. I would rather the SOTF get maximum information regardless of when it does so.

Re: This case 19091: I will send a proposal later today and we can negotiate if the City is willing.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Mr. Young and I previously conferred regarding the state of my cases and where there are metadata issues.

I believe my cases are now in the following state. If you believe otherwise, please do let me know.

- 19047 - On Oct 24, Order issued; completed for now, until Mayor's office gives redacted non-Prop G and ICS records
- 19044 - On Oct. 2, Referred by SOTF to IT committee for email metadata discussion, which created new file 19105
- -----
- 19089 - On Sept. 24, Referred by committee to full SOTF (no metadata)
- 19091 - On Oct. 15, Referred by committee to full SOTF (no metadata)
- 19091-B (you haven't given me a new case number) - On Oct. 15; a new file was divided from 19091 to send the email metadata portion to IT committee while 19091 continues to full SOTF
- 19094 - On Oct. 15, Referred by committee to full SOTF (no metadata)
- 19095 - On Oct. 22, Referred by committee to full SOTF (no metadata)
- -----
- 19097 - Waiting for committee (a few non-metadata issues, but mostly metadata issues, probably easiest to send the whole file to IT committee)
- 19098 - Waiting for committee (lots of non-metadata issues; a few metadata issues, which should be split off into its own file and sent to IT committee)
- 19103 - Waiting for committee (no metadata), respondent has not responded to SOTF by due date
- 19108 - Waiting for committee (no metadata), respondent has not responded to SOTF by due date

Re: the other complaints: If the Technology Committee will hear 19044 (as referred), 19097, and 19098 and make whatever splitting decisions it needs to, that makes sense. There is no justification however to delay the numerous non-email-header issues in 19097 and 19098.

Thanks! 2 corrections I believe:

1) 19095 has no email header allegations so I believe it should go only to the normal committee on Oct. 22 and not to TBD Technology.

2) 19097 and 19098 should also be in the normal queue to be heard for jurisdiction at the (non-Technology) committee whenever the agenda permits -- just like 19091, they have numerous non-email-header allegations and the (non-Technology) Committee I assume can split the files and refer the email header issues to Technology Committee while sending the remainder to SOTF (if they find jurisdiction).

**** For inclusion in all file numbers in the subject line, and for (acting) Administrator response ****

Please see and respond as needed on separate threads for 19047 and 19044, sent earlier today, to keep everything well-organized.

Mr. Young,

Thank you for your work last evening, and for the task force's extensive investigation as well. I understand it is 'after hours' for you, and the commissioners are volunteers and these meetings can go on for a long time.

You pointed out during the hearing we should discuss the disposition of my other pending cases re: IT Committee referral. (As a disclaimer, I have a right to remain anonymous and have no legal obligation to acknowledge that various anonymous requests are from the same person; while I am voluntarily indicating that I am the same anonymous complainant below, I am under no obligation to do so in the future, nor do I voluntarily undertake any such obligation in the future or in any case not specifically numbered below. Please do not simply assume all anonymous complaints are from me, or impute responsibility for them to me.)

The following are some of my pending cases with a summary of the allegations (the summaries are not exhaustive and not limiting):

- **19089** vs City Atty - jurisdiction found, awaiting Full Task Force - subject matter: whether the Supervisor of Records must provide timely/complete determinations to petitions under 67.21(d) in 10 days
- **19091** vs Mayor - on committee Oct. 15 - subject matter: use of secret chat apps; violations of City of San Jose v Superior Court (Smith, 2017); images and attachments withheld; text messages withheld; email addresses withheld; and email headers withheld

- **19094** vs Dept of Tech. - on committee Oct. 15 - subject matter: failure to immediately respond; violations of 67.21(k) incorporating by reference CPRA Gov Code 6270.5; withholding parts of the enterprise system catalog/SB 272
- **19095** vs City Atty - awaiting Committee - subject matter: violations of 67.21(k) incorporating by reference CPRA Gov Code 6270.5, withholding parts of the enterprise system catalog/SB 272
- **19097** vs Dept of Public Works - awaiting committee - subject matter: violations of City of San Jose v Superior Court (Smith, 2017); images and hyperlinks withheld; email addresses withheld; and email headers withheld
- **19098** vs Police Dept - awaiting committee - subject matter: timeliness; failure to justify redactions; violations of City of San Jose v Superior Court (Smith, 2017); images and hyperlinks withheld; text messages withheld; email addresses withheld; and email headers withheld

Therefore, 19089, 19094, and 19095 should proceed completely unaffected.

I would suggest that the Oct. 15 committee use its power at the hearing to split 19091 into two files, a new file (say 19091-B) for the email headers allegation sent to the IT committee for its recommendation for overall city guidelines, and keep all the other important allegations in 19091 which should proceed undelayed.

I would suggest that 19097 and 19098 are similarly split at initial committee.

Some upcoming un-filed complaints may involve (without limitation): police misconduct records, secrecy of City contracts, secrecy of City financials, use of non-profits as a shield, privatized govt functions; improper use of Attorney-Client privilege, and more. I intend to continue to file requests, and if needed complaints, comprehensively auditing all parts of the City's public records regime, and subject to SFAC 67.21(e) requiring Task Force determination within 45 days, and I expect my complaints continue to be fairly heard in my "queue" order, subject to your 2-item-per-meeting procedure, and not delayed based on my identity.

In some of the future cases, a portion will again be related to email headers (simply because the evidence of what the govt is doing is usually *in* the emails), but the remainder will not be. I assume your committees will split them if and as needed. However I intend to file them before the IT committee recommendation is complete because the Respondent is always required to respond within 5 business days and is on notice that they should not destroy responsive records, and to

preserve any statutes of limitation if imposed by future Court proceedings.

I will call later today if I don't hear from you by email, as I need to start working on the correct set of case presentations.

Thanks a lot!

Identification and description ⁱ

Full name	Email (Electronic Mail Format)
Description	<p>EML, short for electronic mail or email, is a file extension for an email message saved to a file in the Internet Message Format protocol for electronic mail messages. It is the standard format used by Microsoft Outlook Express as well as some other email programs. Since EML files are created to comply with industry standard RFC 5322, EML files can be used with most email clients, servers and applications. See IMF for a description of the message syntax.</p> <p>EML files typically store each message as a single file (unlike MBOX which concatenates all the messages from a folder into one file), and attachments may either be included as MIME content in the</p>

	message or written off as a separate file, referenced from a marker in the EML file.

Disclosure	Partially documented through RFC 5322 but documentation about EML specifically is not readily available.
Documentation	There is no known specification that defines EML as a file format to store email messages on a file system although it is commonly considered to be an extension of <u>IMF</u> as defined in RFC 5322.
Adoption	<p>Besides the Microsoft Outlook Express, EML files can be opened using most email clients, such as Microsoft Outlook, Microsoft Entourage, Mozilla Thunderbird, Apple Mail, or Incredimail. Since EML files are plain text and formatted much like MHT (MIME HTML) files, they can also be opened directly in the Internet Explorer, Mozilla Firefox and Opera, by first changing the file extension from .eml to .mht. It is also possible to view EML files using notepad or any other text editor.</p> <p>Windows 8, however, does not natively support EML in the built in Mail application so an <u>EML Viewer</u> was developed in order to support reading EML files.</p> <p><u>Prom reports</u> that <u>MBOX</u> and EML have "achieved a certain status as de facto standards because most modern email clients and servers can import and export one or both of the formats" including Thunderbird, Apple Mail, Outlook and Eudora. In addition, external programs such as Aid4Mail, Emailchemy and Xena can convert between the two formats and numerous proprietary formats. Once in an <u>MBOX</u> or EML format, the data can be parsed into XML using standardized schemas.</p> <p>Harvard University Libraries' <u>Electronic Archiving System (EAS)</u> normalizes email messages to EML.</p>
Licensing and patents	None
Transparency	EML files are usually simple text files and can be opened in Notepad or a web browser, either by changing the extension from eml to txt or HTML, or by changing the file association to Notepad.

Identification and description ¹

Full name	Microsoft Outlook Item (MSG)
Description	<p>The Outlook Item MSG (.msg) file format is a syntax for storing a single Message object, such as an email, an appointment, a contact, a task, and so on, in a file. Any properties that are present on the Message object, including Attachment objects, are also present in the MSG file.</p> <p>MSG is based on the CFB 3 format which implements a simplified file system through a hierarchical collection of storage objects and stream objects which behave as directories and files, respectively within a single file. Message files contain objects which contain properties and collections of properties. For all intents and purposes,</p>

	<p>objects are represented by storages and properties are represented and reside in streams.</p> <p>MSG specifies five storage elements, each representing one major component of the Message object and a number of streams are contained within those storages, each stream representing a property (or a set of properties) of that component.</p> <p>The storages are:</p> <ul style="list-style-type: none"> • Recipient object storage • Attachment object storage • Embedded Message object storage • Custom attachment storage • Named property mapping storage <p>The numbers and types of storages and streams present in a MSG file depend on the type of Message object, the number of Recipient objects and Attachment objects it has, and other properties. Properties define attributes of the object like the sender email, whether a read receipt was requested by the sender, whether this message was auto forwarded, an attachment's filename, etc.</p> <p>String properties in MSG must be either Unicode or non-Unicode. The .msg File Format does not allow the presence of both simultaneously.</p>
Production phase	MSG files provide a mechanism for the storage of an email message, an appointment, a contact, or a task within a file system.

This is a follow up to request number 19091:

Mr. Young,

Also, for both the new metadata case number, and old case 19091, the correct docket on the agenda needs to be as follows. Your DCA memo has correctly stated this, and that there is jurisdiction over each named respondent.

Please correct 19091 (and the new divided case) to be:

Anonymous v. Office of the Mayor, London Breed, Hank Heckel, Tryone Jue, Sean Elsbernd, Andres Power, Andrea Bruss, Marjon Philhour, Jeff Cretan, Sophia Kittler

As I believe you indicated to me on Oct. 8, I have the right to choose to name the respondents as I wish, and each of those respondents have personal custody over their own records, and were properly named in my complaint originally.

Thanks,
Anonymous

SOTF,

You recently administratively divided a portion of case 19091 for email headers and .msg and .eml formats. Please continue to use this email address, and not my general one, for that new case number.

Dear Anonymous,

Thank you for your offer of a compromise. I am happy to discuss this proposal and your related one regarding calendar ICS production. We are still in consultations regarding the latter item and so were unable to submit a new version today as you suggested. If we can come to some agreement, we can ask to supplement the record at SOTF in advance of the meeting.

CASE 19091

Mr. Heckel,

I apologize for not submitting the compromise before the Task Force as I had not come up with the full idea early enough.

Let me know if a compromise in this case is something you are willing to discuss by email.

I do understand that this is work for you personally; unfortunately, I also have no way of verifying that the City in general meets its Sunshine obligations without actually making the requests and going through the records.

I have also made an offer on the calendar ICS production - please do read it over and respond on that specific thread if you are willing to do that.

Thanks,

Thank you for fixing the errors.

However that is not how this works.

At the time of my petition, the City failed to disclose a record that in your own opinion was in fact public. Therefore, you must issue the determination that the record was public, and must not deny my petition. The words of 67.21(d) are very clear. You will shortly be cc-ed on a new complaint to the SOTF.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

This is a follow up to request number 19091:

SOTF,

You recently administratively divided a portion of case 19091 for email headers and .msg and .eml formats. Please continue to use this email address, and not my general one, for that new case number.

Thanks,

Re: ICS: If you are able to supplement the Oct 22 record with a redacted ICS file, I would ask that you also add to the record the ICS fully released by DPW: (<https://sanfrancisco.nextrequest.com/documents/1670072>) so that SOTF can compare them. I would rather the SOTF get maximum information regardless of when it does so.

Dear Anonymous,

Thank you for your offer of a compromise. I am happy to discuss this proposal and your related one regarding calendar ICS production. We are still in consultations regarding the latter item and so were unable to submit a new version today as you suggested. If we can come to some agreement, we can ask to supplement the record at SOTF in advance of the meeting.

CASE 19091

Mr. Heckel,

I apologize for not submitting the compromise before the Task Force as I had not come up with the full idea early enough.

Let me know if a compromise in this case is something you are willing to discuss by email.

I do understand that this is work for you personally; unfortunately, I also have no way of verifying that the City in general meets its Sunshine obligations without actually making the requests and going through the records.

I have also made an offer on the calendar ICS production - please do read it over and respond on that specific thread if you are willing to do that.

Thanks,

Thank you for fixing the errors.

However that is not how this works.

At the time of my petition, the City failed to disclose a record that in your own opinion was in fact public.

Therefore, you must issue the determination that the record was public, and must not deny my petition.

The words of 67.21(d) are very clear. You will shortly be cc-ed on a new complaint to the SOTF.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

SOTF/Mr. Young,

There are two omissions in my case packets.

19094 is missing the attached document A.pdf (which is a rebuttal to 19095 as well, but I previously requested added to the 19094 file too, since the issue is the same).

19091 is missing the following two documents:

https://cdn.muckrock.com/foia_files/2019/09/05/2019-09-05_Response_to_Muckrock.pdf

https://cdn.muckrock.com/foia_files/2019/10/01/Ltr_to_Muckrock_10.1.2019.pdf

Please correct, and resend packets to the Task Force/committee if needed; these documents were provided by me in a timely manner, before deadlines, and are important to my arguments.

Please clarify whether these records are from Mr. Cretan's government or personal whatsapp account (i.e. was this responsive to request AA or BB)?

Furthermore there appear to be 27 photos withheld in page 1 - are those the 6254(f) withholdings? I asked for attachments and inline images in the request.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or

improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: SOTF Admin - Case Management 19089, 19091, 19094, 19095, 19097, and 19098

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

**** For inclusion in all file numbers in the subject line, and for (acting) Administrator response ****

Please see and respond as needed on separate threads for 19047 and 19044, sent earlier today, to keep everything well-organized.

Mr. Young,

Thank you for your work last evening, and for the task force's extensive investigation as well. I understand it is 'after hours' for you, and the commissioners are volunteers and these meetings can go on for a long time.

You pointed out during the hearing we should discuss the disposition of my other pending cases re: IT Committee referral. (As a disclaimer, I have a right to remain anonymous and have no legal obligation to acknowledge that various anonymous requests are from the same person; while I am voluntarily indicating that I am the same anonymous complainant below, I am under no obligation to do so in the future, nor do I voluntarily undertake any such obligation in the future or in any case not specifically numbered below. Please do not simply assume all anonymous complaints are from me, or impute responsibility for them to me.)

The following are some of my pending cases with a summary of the allegations (the summaries are not exhaustive and not limiting):

- **19089** vs City Atty - jurisdiction found, awaiting Full Task Force - subject matter: whether the Supervisor of Records must provide timely/complete determinations to petitions under 67.21(d) in 10 days
- **19091** vs Mayor - on committee Oct. 15 - subject matter: use of secret chat apps; violations of City of San Jose v Superior Court (Smith, 2017); images and attachments withheld; text messages withheld; email addresses withheld; and email headers withheld
- **19094** vs Dept of Tech. - on committee Oct. 15 - subject matter: failure to immediately respond; violations of 67.21(k) incorporating by reference CPRA Gov Code 6270.5; withholding parts of the enterprise system catalog/SB 272
- **19095** vs City Atty - awaiting Committee - subject matter: violations of 67.21(k) incorporating by reference CPRA Gov Code 6270.5, withholding parts of the enterprise system catalog/SB 272
- **19097** vs Dept of Public Works - awaiting committee - subject matter: violations of City of San Jose v Superior Court (Smith, 2017); images and hyperlinks withheld; email addresses withheld; and email headers withheld
- **19098** vs Police Dept - awaiting committee - subject matter: timeliness; failure to justify redactions; violations of City of San Jose v Superior Court (Smith, 2017); images and hyperlinks withheld; text messages withheld; email addresses withheld; and email headers withheld

Therefore, 19089, 19094, and 19095 should proceed completely unaffected.

I would suggest that the Oct. 15 committee use its power at the hearing to split 19091 into two files, a new file (say 19091-B) for the email headers allegation sent to the IT committee for its recommendation for overall city guidelines, and keep all the other important allegations in 19091 which should proceed undelayed.

I would suggest that 19097 and 19098 are similarly split at initial committee.

Some upcoming un-filed complaints may involve (without limitation): police misconduct records, secrecy of City contracts, secrecy of City financials, use of non-profits as a shield, privatized govt functions; improper use of Attorney-Client privilege, and more. I intend to continue to file requests, and if needed complaints, comprehensively auditing all parts of the City's public records regime, and subject to SFAC 67.21(e) requiring Task Force determination within 45 days, and I expect my complaints continue to be fairly heard in my "queue" order, subject to your 2-item-per-meeting procedure, and not delayed based on my identity.

In some of the future cases, a portion will again be related to email headers (simply because the evidence of what the govt is doing is usually *in* the emails), but the remainder will not be. I assume your committees will split them if and as needed. However I intend to file them before the IT committee recommendation is complete because the Respondent is always required to respond within 5 business days and is on notice that they should not destroy responsive records, and to preserve any statutes of limitation if imposed by future Court proceedings.

I will call later today if I don't hear from you by email, as I need to start working on the correct set of case presentations.

Thanks a lot!

19091 Anonymous v Office of Mayor, Breed, et al.

Low-Hanging Fruit

- **SFAC 67.26** - Respondents failed to identify with "clear reference" justification for redactions. Instead hundreds of redactions were made, and a summary list of all possible reasons were provided. It is still unknown which redaction is which. This also prevents me from effectively disputing individual redactions at this hearing. Redactions must be "keyed by footnote or other clear reference to the appropriate justification"
- **SFAC 67.26/67.27** - Respondents admittedly withheld one responsive attachment record until providing it on October 10, 2019, without any justification. Many more attachments have also been withheld, were never provided, and have never been justified.
 - Form of request: "A. an electronic copy, in the original electronic format, with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance,"

19091 Anonymous v Office of Mayor, Breed, et al.

City of San Jose (Personal Property) Issues

- I explicitly requested on July 2 a *San Jose* search of personal property; I *also* made a later IDR for evidence of that search.
- Respondent argued at Committee that declarations that there are some or no records on personal property are not required until a Court orders it.
- However, **Respondents apparently created such records anyway and admit some records do exist.** Since they exist, they must be turned over or justified as withheld.
- They claimed privilege over some of the responsive records but have never even finished responding to the request. We do not know whether the rest of the records are purportedly privileged at this moment.
- Their last response is below.
- It is a violation of **67.21(b)** that they failed to ever completely respond to this request and of **67.26/67.27** that they failed to justify withholding the other records.

19091 Anonymous v Office of Mayor, Breed, et al.

September 19, 2019 *San Jose* final response

Dear Anonymous,

Please note that **some of the records** you have requested below regarding "instrument used" to respond to your July 2 request include communications with the City Attorney's Office that are being withheld pursuant to the attorney/client privilege. See Gov't Code § 6254(k); Evidence Code § 954; Admin. Code § 67.21(k). We are continuing to consult with the City Attorney's Office regarding the scope of the privilege with respect to **other documents and will supplement our response as appropriate in due course.**

Regards,

Hank Heckel

19091 Anonymous v Office of Mayor, Breed, et al.

67.29-7 - Failure to maintain records

On Aug 27/28, I requested WhatsApp records:

"an electronic copy, in the original electronic format, with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance, of the most recent 10 conversations (whether individual or group chats) of all PERSONAL account(s) of the following person in [WhatsApp], solely to the extent that such conversations are regarding the public's business ..."

Oct. 2, Heckel: "The records to which you refer are from a Whatsapp account used by Mr. Cretan on his personal device, solely for governmental purposes.

The photos were not provided because they need to be retrieved from a live image of the messages. We are inquiring as to whether they can feasibly be provided."

As of Oct. 30, Respondents still have been unable to provide these records due to how Mr. Cretan has chosen to store government records in his personal WhatsApp account.

67.29-7(a) The Mayor and all Department Heads shall maintain and preserve in a professional and businesslike manner all documents and correspondence, including but not limited to letters, e-mails, drafts, memorandum, invoices, reports and proposals and shall disclose all such records in accordance with this ordinance.

67.29-7 - Failure to maintain records

The records are business photos of the Mayor.

Respondents do not dispute that they are public records, but they are simply unable to "feasibly" provide them due to their willful choice to use a personal WhatsApp account.

If the City cannot retain or disclose public records stored in personal WhatsApp accounts, then it must not use such systems to store public records.

Request for Relief - Find Respondents Violated:

1. **SFAC 67.26** - Redactions were made without clear reference to justifications
2. **SFAC 67.26/67.27** - Attachments, hyperlinks, portions of messages, city e-mail addresses, sent dates, all withheld **without justification**
3. **SFAC 67.21(b)/67.26/67.27** - *City of San Jose* instruments withheld without justification; incomplete response to the requests.
4. **SFAC 67.21/67.26/City of San Jose v Superior Court (Smith, 2017)** - Public records on private property withheld and/or improperly searched (may need to be determined after documents in #3 are provided)
5. **SFAC 67.21** - Records not received from certain individual custodians of public records (at least Tyrone Jue) within the Mayor's Office
6. **SFAC 67.29-7** - Failure to maintain records in a professional manner

Order all records and parts of records unlawfully withheld as public.

[.EML/.MSG files and email headers divided to File 19109 and not included here]

19091 Anonymous v Office of Mayor, Breed, et al.

All violations below are **examples** - Respondents need to provide justifications or produce the record or part of a record in each and every withholding of the type shown below.

Re: Disclosure of Text Messages, Emails, Chats, Images,
Attachments; *San Jose v Superior Court (Smith)*; Native
Formats; Metadata & Headers

I am not an attorney or IT administrator. Instead, this presentation is my lay opinion based on my research.

19091 Anonymous v Office of Mayor, Breed, et al.

Timeline & Facts of the Case

1. **July 2, 2019** - Request for emails, chats, and texts of Mayor's Office leadership, in native formats, with metadata/headers, and including personal accounts
 2. **July 12** - Invoked 14-day Extension
 3. **July 26-27** - Response to July 2; Failure to justify redactions with specificity; Provided printed + scanned records
 4. **July 29** - Supplemental Response to July 2
 5. **Aug 22** - IDR for Custodian Working Group records

 9. **Aug 27/28** - Follow-up to July 2 request for WhatsApp and Instagram records as well
 10. **Sept. 5** - Sup. of Records denies Aug. 26 petition
 11. **Sept. 11** - Subsequent Sup. of Records petition.
 12. **Sept. 17** - Further disclosure re: Aug 22 request
 13. **Sept. 19** - Respondent denies *portion* of Aug 26 request under A/C privilege.
 14. **Sept. 23** - Disclosures for Aug 27/28 request.
 15. **Oct. 2** - Respondents indicate difficulty in providing image records on Cretan's personal WhatsApp account used for government business
- As of **Oct. 7**, Resp. has failed even to provide a complete response to Aug. 26/27/28 requests, and Sup. of Records has also provided no determination to Sept. 11 petition.

19091 Anonymous v Office of Mayor, Breed, et al.

Jurisdiction over Individual Named Respondents

- **Mayor London N. Breed** - department head, a custodian of her own personal communication re: the public's business, also responsible under SFAC 67.29-7
- **Hank Heckel** - contact point, department custodian, and a custodian of his own personal communication re: the public's business
- **Tyrone Jue, Sean Elsbernd, Andres Power, Andrea Bruss, Marjan Philhour, Jeff Cretan, Sophia Kittler** - custodians of their own personal communications re: the public's business
- SFAC 67.21 makes "every person having custody of any public record or public information" responsible for disclosing their records.
- SFAC 67.30 provides you jurisdiction over "any person" allegedly violating the Sunshine Ordinance.

19091 Anonymous v Office of Mayor, Breed, et al.

Allegations in 19091

1. **SFAC 67.21/67.26/City of San Jose v Superior Court (Smith, 2017)** - Public records on private property withheld and/or improperly searched
2. **SFAC 67.21** - Records not received from certain individual custodians of public records (at least Tyrone Jue) within the Mayor's Office
3. **SFAC 67.21/67.26** - *City of San Jose* instruments withheld; incomplete response to requests.
4. **SFAC 67.21(I)/CPRA Gov Code 6253(b)** - Respondents printed and scanned records, instead of providing native .msg/.eml or *even* non-scanned .pdf.
5. **SFAC 67.26** - Redactions were made without clear reference to justifications
6. **SFAC 67.26/67.27** - Respondents withheld without justification: images, attachments, URLs, portions of messages, city e-mail addresses, sent dates
7. **SFAC 67.29-7** - Failure to maintain records in a professional manner
8. **SFAC 67.26** - Respondents withheld (with justification, that I allege is wrong): email headers (*a la* 19044 v City Attorney)

19091 Anonymous v Office of Mayor, Breed, et al.

Recommended Committee Action

1. Find jurisdiction over the subject matter and all respondents, and find that the requested records are public.
2. Divide email header allegation #8 into its own case number, and refer it to the Technology Committee for expert IT advice *a la* Case 19044 on Oct. 2 (aka determinations #11-14 of the Supervisor of Records petition dated Sept. 10)
3. Refer this case (with all remaining allegations) to the full Task Force to be taken up in the regular course.

19091 Anonymous v Office of Mayor, Breed, et al.

EXHIBIT X

In the following sequence of emails, all government emails have rows saying "Office of the Mayor" but they may be from various SF govt persons.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are

requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or print-d format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those

records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as

specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

On July 2, 2019:
Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)
RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF

Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA; and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Re: Amended and Supplemental Response to Public Records Request Received July 2, 2019

Dear Anonymous:

This amends and supplements our July 26, 2019 response to your Public Records Request, attached, entitled Email and Electronic Communications Audit, received by the Office of the Mayor on July 2, 2019. We previously invoked an extension of time to continue our response under Government Code § 6253(c) and San Francisco Admin. Code § 67.25(b) for up to 14 days from the original due date because of the need for consultation with other city departments and the potential volume of requested materials. We then responded and provided responsive documents on July 26, 2019.

Amended and Supplemental Response Dated July 29, 2019

We have completed our search and consultation and are attaching herewith responsive records located in the possession of the Office of the Mayor. The documents have been provided in multiple emails due to file size. Please note that responsive emails from official city email accounts have been provided for all of the requested custodians. Additionally, responsive text messages from personal devices pertaining to city business have been provided for Communications Director Jeff Cretan, Liaison to the Board of Supervisors Sophia Kittler and Compliance Officer Hank Heckel. No such responsive texts were located for the other requested custodians. Existing messages received using Signal pertaining to city business have been provided for Chief of Staff, Sean Elsbernd. These communications are provided herewith as a supplemental production. No responsive communications in the other electronic media named were located for the requested custodians.

The responsive documents have been provided in a PDF format for its ease of transferability and accessibility, consistent with Cal. Gov. Code 6253.9(a)(1). Metadata from any native format has not been provided to avoid risks to the security and integrity of the city's data system and avoid the release of exempt confidential or privileged information. Pursuant to Cal. Gov. Code 6253.9 (f), an agency is not required to provide an electronic record in an electronic format that would jeopardize or compromise the security or integrity of the original record or its data system. The PDF format ensures the security and integrity of the original record.

Please note that certain documents have been withheld on the basis of the attorney-client privilege and/or the attorney work product doctrine. Gov't Code § 6254(k); Evid. Code § 954; Code of Civ. Proc. § 2018.030; Gov't Code § 6276.04; Admin. Code § 67.21(k).

Please note that certain personal information such as private email addresses, phone numbers and personal addresses has been redacted to avoid an unwarranted breach of personal privacy. See Cal. Govt. Code Secs. 6254(c), 6254(k); California Constitution, Art. I, Sec. 1.

Please note that certain information has been redacted on the basis of the attorney-client privilege. Gov't Code § 6254(k); Evidence Code § 954; Admin. Code § 67.21(k).

Please also note that certain call-in information has been redacted pursuant to the official information privilege. See Cal. Evid. Code Sec. 1040(b)(2).

Please note that certain identifying information has been redacted to protect the identity of certain individuals involved in ongoing hiring processes. See Cal. Govt. Code Secs. 6254(c), Admin. Code § 67.24(c).

Please note that we are responding only on behalf of the Office of the Mayor and not on behalf of other City Departments. If you have any questions about your request or would like to submit another public records request, please feel free to contact us at mayorsunshinerequests@sfgov.org.

Subject: RE: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

Good Evening Mr. Heckel,

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

I will be filing in the immediate future an SOTF complaint regarding: the lack of headers/metadata, the use of PDFs instead of .msg/.eml formats, and the use of image PDFs instead of textual PDFs, and your failure to identify with particularity specifically which laws apply to which redactions. The issues are quite similar to those you heard in your own case SOTF 19047, and in the SOTF 19044 case re: the city attorney. However, we will be emphasizing the image PDF and lack of redaction specificity issues in this new case.

In addition, this is a further immediate disclosure request for the following:
PART 3: all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request; and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)

I understand such instruments would not have existed on the date of my original request, by definition, so I am re-requesting them now.
Since a City of San Jose v Superior Court (2017) search was requested for various officials' personal property, and you have indicated no responsive records existed, we believe such instruments must exist.

Thanks,
Anonymous

Subject: RE: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

Good afternoon Supervisor of Records,

This is a new petition under SFAC 67.21(d).

This petition is regarding, inter alia, the Office of Mayor's:

- (a) failure to provide various email in .msg format and with headers,
- (b) use of personal and/or secret communications technologies to discuss the people's business and therefore failing to preserve correspondence in a "professional and businesslike" manner (67.29-7).
- (c) use of scanned PDFs instead of text PDFs, and
- (d) lack of specificity re: redaction justification.

This overlaps partially with SOTF 19044 v. the City Attorney's office, which you have already responded to, but there are new issues not covered in 19044.

I believe your Aug. 26, 2019 response to my 19044 May 8 petition already reflects your office's position regarding (a), however it does not cover (b), (c), and (d).

My petition incorporates all of the allegations in the following documents:
SOTF

Exhibits: https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/76434/SOTF-Mayor-20190826-Exhibits.pdf

I look forward to your response within 10 days.

Ms. Leger,

Your current file for 19091 indicates the individual respondents are only Heckel and Breed. My original complaint further includes the following individual respondents because they are referred to as the "custodians" by the Office of the Mayor's records response and because they are responsible for City of San Jose v Superior Court (2017) searches of their personal property: Tyrone Jue (Senior Advisor), Sean Eisbernd (Chief of Staff), Andres Power (Policy Director), Andrea Bruss (Deputy Chief of Staff), Marjan Philhour (Senior Advisor), Jeff Cretan (Communications Director), Sophia Kittler (Liaison to the Board)

I would appreciate the correction.

Dear Anonymous,

This is in response to your immediate disclosure request below received August 26 in the Office of the Mayor regarding "all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)" in reference to your earlier July 2 request.

We are processing our response. Please note that your request is not simple, routine or otherwise readily answerable. Accordingly we are treating the request as subject to the maximum deadline of 10 days. See San Francisco Admin. Code § 67.25 (a), (b). We also reserve the right to continue our response from that date for up to 14 days pursuant to Government Code § 6253(c) and San Francisco Admin. We understand the need to continue this consultation with all practicable speed and will process your request accordingly.

If you have any questions regarding your request, please let me know.

This is a follow up to a previous request:

Good Evening Mr. Heckel,

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

I will be filing in the immediate future an SOTF complaint regarding: the lack of headers/metadata, the use of PDFs instead of .msg/.eml formats, and the use of image PDFs instead of textual PDFs, and your failure to identify with particularity specifically which laws apply to which redactions. The issues are quite similar to those you heard in your own case SOTF 19047, and in the SOTF 19044 case re: the city attorney. However, we will be emphasizing the image PDF and lack of redaction specificity issues in this new case.

In addition, this is a further immediate disclosure request for the following:

PART 3: all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)

I understand such instruments would not have existed on the date of my original request, by definition, so I am re-requesting them now.

Since a City of San Jose v Superior Court (2017) search was requested for various officials' personal property, and you have indicated no responsive records existed, we believe such instruments must exist.

Thanks,

If a person has multiple accounts, 10 items from each are requested. For example the Mayor may have a public-facing alias and also an account she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in any form we request them in if they are the format you hold them in OR any format that is easily-generated. If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

However, if you choose to convert conversations, for example, to PDF, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you provide image PDFs, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us.

You must justify all withholding. Please follow SFAC 67.26 and 67.27 and identify specifically which justifications are associated with which redaction, for example, using a footnote.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure,

Supervisor of Records,

This is a follow-up to my Aug. 26 petition from this email address re: the Mayor's email, text, and chat records (now labeled SOTF 19091).

Since it is your responsibility to determine whether *any portion* of the withheld record is public, I would like to draw your attention to the fact that I allege public employee email addresses in the

From/To/etc. headers were improperly withheld in this case (complaint pg. 3, improperly withheld email address examples on exhibits pg. 49, 50, 51, 52, 24, 26, 36, 45, 46, and more).

Even if you determine all other metadata is being withheld properly for security reasons (which I continue to dispute), please do find in my favor regarding the public email addresses in the From, To, Cc, AND Bcc headers.

I would like to point out that your Aug. 26 denial of my May 8 petition regarding the City Attorney's email metadata did not consider whether the withholding of those email addresses was legally valid, so please do address the issue in this petition.

Subject: Re: SOTF - Complaint Filed with the Sunshine Ordinance Task Force - File No. 19091

Dear Members of the Task Force,

The complaint referenced below by Anonymous raises largely the same issues regarding metadata as an existing dispute with the same requestor. That complaint is File No. 19044. The Office of the Mayor hereby incorporates by reference, as if fully set forth herein, its response to that complaint, which is included in File No. 19044.

For the same reasons previously set forth in its response to File No. 19044, the Office of the Mayor respectfully submits that no violation has occurred. The new complaint File No. 19091 raises some additional issues to which the Office of the Mayor responds as follows:

1. Anonymous asserts that there has been a violation of SF Admin Code Sec. 67.29-7 requiring the keeping of records "in a professional and businesslike manner" based on the very limited usage of the texting app Signal. Anonymous complains that this app permits "encrypted and automatically-expiring communications". However, the communications at issue received by Anonymous were neither encrypted nor automatically deleted as demonstrated by the fact that Anonymous now possesses them. Some theoretical but not actually used functionality of a communications app cannot form the basis for a violation of 67.29-7 and Anonymous points to no such basis. Moreover, there is no authority cited for the proposition that 67.29-7 prohibits certain communications platforms or requires certain retention periods outside of the general orderly maintenance of

documents in a manner that makes them presentable and organized.

2. Anonymous complains that the communications of "Senior Advisor to the Mayor on the Environment", Tyrone Jue, were omitted from production. Again, Anonymous received the communications in question on Signal from Sean Elsbernd which included the messages sent and received by Tyrone Jue. Tyrone Jue was not included in the larger communications audit because we understood Anonymous' request to be directed to the general "Senior Advisor to the Mayor" position, a title held only by Marjan Philhour, not Senior Advisors on certain policy areas. This is simply a misunderstanding and not an intentional withholding. If Anonymous wishes to include Mr. Jue in the request they may do so.

3. Anonymous asserts that the Office of the Mayor did not provide a basis for withholding certain metadata and redacted information. Regarding metadata and format we cited to Cal Gov Code 6253.9(a)(1) and 6253.9(f) and Anonymous discusses their objections to these grounds extensively here and in the file for complaint no. 19044. Anonymous is thus plainly aware of the basis for withholding, though disputes them. We rely on our previous arguments regarding these bases but there can be no question that Anonymous received notice of the basis for withholding. Regarding redactions for privacy, privilege and other bases, the attached files showing our initial responses to these requests show citations for various categories of withholding. If requestor seeks a key matching specific redactions and bases we are happy to cooperate in working with requestor to provide this information and make the exemptions clearer.

For these reasons and those provided in response to File No. 19044, it is our position that no violation has occurred. Regarding the practices of other departments for certain requests regarding metadata cited herein by requestor, we do not agree that certain exceptions to the practice of withholding metadata to preserve the security and integrity of the network and computers of the city justifies abandoning such safeguards in all cases.

We are glad to further work with Anonymous to fulfill other aspects of this request including providing additional custodians as specified and further explaining any withholdings.

Subject: RE: California Public Records Act Request #19091

RE: File 19091

Task Force and Office of Mayor,

I write in reply to the Respondent's response to my complaint 19091.

I maintain all my allegations of violations of 67.21, 67.26, 67.27, and others Gov Code sections based on the failure to provide metadata, failure to provide .msg/.eml formats, and failure to provide even text PDFs instead of image PDFs, as discussed in this complaint 19091 and previously in 19044 (for a different respondent).

The text vs image PDF issue for some reason has been avoided by Respondents here in 19091, in 19044, and in 19047.

Re: response #1, I maintain my allegation of a violation of 67.29-7 and will argue as such at committee.

Re: response #2, by the time committee hearing occurs, conditioned on receipt of records from all Senior Advisors to the Mayor (of any topic/policy), I will withdraw that specific allegation against Respondent Jue. I cannot withdraw it yet, and due to the many other issues in 19091, I do not wish to delay this complaint being heard in committee. My experience in 19044 indicates this process in total takes months anyway.

Re: response #3:

a) I withdraw my Complaint #2 (re: SFAC 67.27) in 19091, EXCEPT the following sentence: "For example, the public employee e-mail addresses in the 'From' and 'To' of the various emails are non-exempt public information, but nearly all of them are withheld in the responsive emails, without any justification." which I maintain.

b) I maintain my Complaint #3 (re: SFAC 67.26) in 19091. SFAC 67.26 states in relevant part "Information that is exempt from disclosure shall be masked, deleted or otherwise segregated in order that the nonexempt portion of a requested record may be released, and **keyed by footnote or other clear reference to the appropriate justification** for withholding required by section 67.27 of this article." This allows a requestor to understand the specific justification for each redaction. Respondents did not do this. They are required to do this in their response. Here is a good example from the City on how to follow 67.26: <https://sanfrancisco.nextrequest.com/documents/408808> (where the specific redaction states "Privacy").

Respondents are not permitted to give a half-valid response, and then negotiate or only provide a full response once the requestor complains. Most members of the public would just give up, and aren't going to spend the time or energy requiring the government to follow the Sunshine Ordinance, by repeated followups, complaints, and hearings, which permits the government to not provide total transparency in most cases.

Respondents, and every government respondent, must follow the ordinance, as written, in every response, to every request. I intend to ensure that.

As an aside, I understand that the Custodian Working Group is possibly working on getting more departments to use standard response templates and to use modern automated systems to accurately redact and publish records. Anecdotally, the departments using those systems appear to give responses more in conformance with the Sunshine Ordinance than those that do not.

Sincerely,
Anonymous

The public employee email addresses in the From and To headers there are clearly public parts of the record. There is no security or other justification to withhold those parts of the record. I cannot understand how your office is coming to these legal conclusions unless they aren't actually looking at the records.

Please reconsider, determine (at least) that the email address parts of the records are public, and issue an order to the Office of Mayor to disclose them.

I never said they were redactions; they are improper withholdings of public parts of records.

Pg. 50 through 52

of https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/76434/SOTF-Mayor-20190826-Exhibits.pdf show a few emails printed out.

The original email record held by the City has To and From fields in the actual email that usually look like this:

To: "Full Name" <address@example.com>, "Another Name" <another@example.com>, ...

As an example, in the email you just sent me that I am replying to, the fields look like this:

- X-Envelope-From: <Brad.Russi@sfcityatty.org>

- From: Supervisor Records <supervisor.records@SFCITYATTY.ORG>

Note how the From has a name (Supervisor Records) and an email address (supervisor.records@SFCITYATTY.ORG). If someone CPRA-ed this email, and you printed this email out and it only showed [From: Supervisor Records] instead of also <supervisor.records@SFCITYATTY.ORG> you would be improperly withholding a part of a public record.

In some cases, depending on how your email systems work, the To/From/Cc/Bcc will not be email addresses, but instead a Microsoft Exchange identifier showing the employee's department affiliation and other such organizational information. None of this is properly exempt from disclosure.

In the printout on pg 50-52, the Mayor's Office has given solely the city employee names in the To/From , and not the email address and/or Microsoft Exchange identifier that would be present. This is an improper withholding of part of the To/From/Cc/Bcc headers in the record as kept by the City and a violation of SFAC 67.26 and 67.27. There is no justified withholding of this part of the record.

Just because the City believes it is justified in converting the record format and withholding the purportedly security-sensitive headers as you have previously argued, it cannot *also* withhold additional information, like email addresses, unrelated to those security justifications.

For an example of how the City could do this properly (if it still wishes to withhold all the other headers and not use .msg format), it could:

a) print out to PDF the full with-header emails as the City Atty's office did in Case 19044, May 17 supplemental response, then redact all security headers, and provide the To/From/Cc/Bcc headers in their entirety

or, easier:

b) do what DPW did here on page

1: <https://sanfrancisco.nextrequest.com/documents/1767171/download> - even though they used print-out PDFs like the Mayor's Office, the From and To emails are hyperlinks that preserve the email address information. (Hover your mouse over them to see what I mean).

That is what I am asking for here: an official Sup. of Records determination that the To/From/Cc/Bcc full headers are public parts of records (unless specifically exempt in certain cases, like whistleblowers, or email addresses of private citizens under Constitutional privacy protections, etc.).

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

If a person has multiple accounts, 10 items from each are requested. For example the Mayor may have a public-facing alias and also an account she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in any form we request them in if they are the format you hold them in OR any format that is easily-generated. If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

However, if you choose to convert conversations, for example, to PDF, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you provide image PDFs, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us.

You must justify all withholding. Please follow SFAC 67.26 and 67.27 and identify specifically which justifications are associated with which redaction, for example, using a footnote.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure,

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF
Mayor)

Dear Anonymous,

This is in response to your immediate disclosure request below received August 26 in the Office of
the Mayor regarding "all instruments used to inquire of each official as to whether they possess any
responsive records of our July 2, 2019 request, and all of the responses of the official or their legal
representatives (including all affidavits/declarations that no responsive records exists)" in reference
to your earlier July 2 request.

We are processing our response. Please note that your request is not simple, routine or otherwise
readily answerable. Accordingly we are treating the request as subject to the maximum deadline of
10 days. See San Francisco Admin. Code § 67.25 (a), (b). We also reserve the right to continue
our response from that date for up to 14 days pursuant to Government Code § 6253(c) and San
Francisco Admin. Code § 67.25(b) due to any continuing need for consultation with other city
departments.

We understand the need to continue this consultation with all practicable speed and will process
your request accordingly.

If you have any questions regarding your request, please let me know.

This is a follow up to a previous request:

Good Evening Mr. Heckel,

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

I will be filing in the immediate future an SOTF complaint regarding: the lack of headers/metadata, the use of PDFs instead of ~~msg/eml~~ formats, and the use of image PDFs instead of textual PDFs, and your failure to identify with particularity specifically which laws apply to which redactions. The issues are quite similar to those you heard in your own case SOTF 19047, and in the SOTF 19044 case re: the city attorney. However, we will be emphasizing the image PDF and lack of redaction specificity issues in this new case.

In addition, this is a further immediate disclosure request for the following:

PART 3: all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)

I understand such instruments would not have existed on the date of my original request, by definition, so I am re-requesting them now.

Since a *City of San Jose v Superior Court* (2017) search was requested for various officials' personal property, and you have indicated no responsive records existed, we believe such instruments must exist.

Thanks,

Ms. Leger,

Your current file for 19091 indicates the individual respondents are only Heckel and Breed. My original complaint further includes the following individual respondents because they are referred to as the "custodians" by the Office of the Mayor's records response and because they are responsible for City of San Jose v Superior Court (2017) searches of their personal property: Tyrone Jue (Senior Advisor), Sean Elsbernd (Chief of Staff), Andres Power (Policy Director), Andrea Bruss (Deputy Chief of Staff), Marjan Philhour (Senior Advisor), Jeff Cretan (Communications Director), Sophia Kittler (Liaison to the Board)

I would appreciate the correction.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and

Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

If NO such conversations exist for each entry, remember you must state under Govt Code 6253(c) that there are no responsive records.

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

If a person has multiple accounts, 10 items from each are requested. For example the Mayor may have a public-facing alias and also an account she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in any form we request them in if they are the format you hold them in OR any format that is easily-generated. If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

However, if you choose to convert conversations, for example, to PDF, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you provide image PDFs, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us.

You must justify all withholding. Please follow SFAC 67.26 and 67.27 and identify specifically which justifications are associated with which redaction, for example, using a footnote.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure,

Anonymous

Dear Anonymous,

This is in response to your immediate disclosure request below received August 26 in the Office of the Mayor regarding "all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)" in reference to your earlier July 2 request.

We are processing our response. Please note that your request is not simple, routine or otherwise readily answerable. Accordingly we are treating the request as subject to the maximum deadline of 10 days. See San Francisco Admin. Code § 67.25 (a), (b). We also reserve the right to continue our response from that date for up to 14 days pursuant to Government Code § 6253(c) and San Francisco Admin. Code § 67.25(b) due to any continuing need for consultation with other city departments.

We understand the need to continue this consultation with all practicable speed and will process your request accordingly.

This is a follow up to a previous request:

Good Evening Mr. Heckel,

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

I will be filing in the immediate future an SOTF complaint regarding: the lack of headers/metadata, the use of PDFs instead of .msg/.eml formats, and the use of image PDFs instead of textual PDFs, and your failure to identify with particularity specifically which laws apply to which redactions. The issues are quite similar to those you heard in your own case SOTF 19047, and in the SOTF 19044 case re: the city attorney. However, we will be emphasizing the image PDF and lack of redaction specificity issues in this new case.

In addition, this is a further immediate disclosure request for the following:

PART 3: all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)

I understand such instruments would not have existed on the date of my original request, by definition, so I am re-requesting them now.

Since a City of San Jose v Superior Court (2017) search was requested for various officials' personal property, and you have indicated no responsive records existed, we believe such instruments must exist.

Thanks,
Anonymous

Ms. Leger,

Your current file for 19091 indicates the individual respondents are only Heckel and Breed.

My original complaint further includes the following individual respondents because they are referred to as the "custodians" by the Office of the Mayor's records response and because they are responsible for City of San Jose v Superior Court (2017) searches of their personal property:

Tyrone Jue (Senior Advisor), Sean Elsbernd (Chief of Staff), Andres Power (Policy Director), Andrea Bruss (Deputy Chief of Staff), Marjan Philhour (Senior Advisor), Jeff Cretan (Communications Director), Sophia Kittler (Liaison to the Board)

I would appreciate the correction.

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE:** this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ******

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

On Sept. 9, 2019:

Subject: RE: California Public Records Act Request #19091

Mr. Russi,

I never said they were redactions; they are improper withholdings of public parts of records.

Pg. 50 through 52 of https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/76434/SOTF-Mayor-20190826-Exhibits.pdf show a few emails printed out.

The original email record held by the City has To and From fields in the actual email that usually look like this:

To: "Full Name" <address@example.com>, "Another Name" <another@example.com>, ...

As an example, in the email you just sent me that I am replying to, the fields look like this:

- X-Envelope-From: <Brad.Russi@sfcityatty.org>

- From: Supervisor Records <supervisor.records@SFCITYATTY.ORG>

Note how the From has a name (Supervisor Records) and an email address (supervisor.records@SFCITYATTY.ORG). If someone CPRA-ed this email, and you printed this email out and it only showed [From: Supervisor Records] instead of also <supervisor.records@SFCITYATTY.ORG> you would be improperly withholding a part of a public record.

In some cases, depending on how your email systems work, the To/From/Cc/Bcc will not be email addresses, but instead a Microsoft Exchange identifier showing the employee's department affiliation and other such organizational information. None of this is properly exempt from disclosure.

In the printout on pg 50-52, the Mayor's Office has given solely the city employee names in the To/From , and not the email address and/or Microsoft Exchange identifier that would be present.

This is an improper withholding of part of the To/From/Cc/Bcc headers in the record as kept by the City and a violation of SFAC 67.26 and 67.27. There is no justified withholding of this part of the record.

Just because the City believes it is justified in converting the record format and withholding the purportedly security-sensitive headers as you have previously argued, it cannot *also* withhold additional information, like email addresses, unrelated to those security justifications.

For an example of how the City could do this properly (if it still wishes to withhold all the other headers and not use .msg format), it could:

a) print out to PDF the full with-header emails as the City Atty's office did in Case 19044, May 17 supplemental response, then redact all security headers, and provide the To/From/Cc/Bcc headers in their entirety

or, easier:

b) do what DPW did here on page 1: <https://sanfrancisco.nextrequest.com/documents/1767171/download> - even though they used print-out PDFs like the Mayor's Office, the From and To emails are hyperlinks that preserve the email address information. (Hover your mouse over them to see what I mean).

That is what I am asking for here: an official Sup. of Records determination that the To/From/Cc/Bcc full headers are public parts of records (unless specifically exempt in certain cases, like whistleblowers, or email addresses of private citizens under Constitutional privacy protections, etc.).

Thanks,

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office. Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

EXHIBIT F

Subject: California Public Records Act Request: Custodian of Records Working Group - Immediate Discl...

Dear Office of the Mayor ,

This is a new Immediate Disclosure Request under the San Francisco Sunshine Ordinance, made before start of business August 22, 2019.

**** Please redact your responses correctly! This is a public mailbox, and all of your responses (including emails, attachments, file shares, and the disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Once you send them to us, there's no going back. ****

The audio record of the August 7 SOTF meeting appears to reference a "Custodian of Records Working Group" (aka "Custodian Working Group", called the "Group" below) of public employees attempting to, among other things, lobby (in a colloquial sense), via a letter, the SOTF to impose certain suggestions or restrictions on the behavior of the public. Perhaps my impression is incorrect; I would like to know more.

I request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA):

1. IMMEDIATE DISCLOSURE REQUEST: all agendas (draft or final) of meetings of the Group
2. IMMEDIATE DISCLOSURE REQUEST: all minutes (draft or final) of meetings of the Group
3. IMMEDIATE DISCLOSURE REQUEST: all listings of the membership/roster of the Group
4. regular request: all supporting documentation used at meetings of the Group
5. IMMEDIATE DISCLOSURE REQUEST: all records showing any budget allocations or other financial support given to the Group
6. regular request: all records that would demonstrate the public monies being used to support the activities of the Group (including showing the time spent by public employees performing Group work, for example calendar/schedule items showing when the meetings took place and who attended). Ms. Blackman said [in the Aug 7 SOTF audio record] that the signers spent "quite a lot of time" was spent writing this letter. Provide all records showing what public employee work time was spent writing this letter.
7. IMMEDIATE DISCLOSURE REQUEST: all records related to the attempt to lobby the Sunshine Ordinance Task Force to change their rules or procedures, including but not limited to the letter discussed at the SOTF Aug 7 meeting. Including a copy of the letter and all drafts or other versions of this letter.
8. regular request: all correspondence between your Compliance Officer and/or Custodian of Records and/or Public Records Manager and the Group as an entity
9. regular request: all correspondence between your Compliance Officer and/or Custodian of Records and/or Public Records Manager and any of { David Steinberg, Sue Blackman, Hank Heckel, Caroline Celaya, Marianne Mazzucco-Thompson } since Jan. 1, 2019.
10. regular request: Ms. Celaya stated [in the Aug 7 SOTF audio record] that certain best practices have been generated. Provide all policies/best practices written by the Group.

We remind you of your obligations to provide electronic records in any format we request them in, as long as either you hold them in that format, the format is available to you, or the format is easy to generate (Admin Code 67.21(l)). Therefore, calendars exported in the .ics, iCalendar, or vCard formats ("A") and emails exported in the .eml or .msg formats ("B") with all non-exempt headers, metadata, attachments, etc. are our desired formats. Such formats are easily exportable from Google Calendar/Gmail, Microsoft Outlook, Microsoft Exchange or other common calendaring/email systems. However, if you choose to convert electronic calendar items, for

P553

example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original calendar item record (as specified in requests 1 and 2), which contains many detailed headers beyond the ones generally printed out. If you provide PDFs or printed items with only a few of the headers or lacking attachments/images, and therefore withhold the other headers/attachments without justification, you may be in violation of SF Admin Code 67.21, 67.26, 67.27, Govt Code 6253(a), 6253.9, and/or 6255, and we may challenge your decision. We *do not* waive the requirement of 67.21(l) discussed above, and are merely instructing you to preserve information even if you provide to us the undesirable PDF format.

For word processing documents, either .docx or .pdf formats are fine. For physical items, scanning to PDF format is acceptable.

For this request, we are asking for a City of San Jose v Superior Court (2017) search be performed of the Compliance Officer/Custodian of Records/Public Records Manager and all other members of your department's staff who are a member of or have ever attended the Group, such that each such employee either provide all records responsive to this request present on their personal accounts/devices/property (solely to the extent the record or portion thereof relates to the public's business), or provide a declaration/affidavit that no such records exist. All such affidavits/declarations are also requested as responsive records to this request. Please handle the government account record search as an immediate disclosure search, and the personal search under regular timelines.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

I look forward to your immediate disclosure.

Sincerely,
Anonymous

Subject: Custodians of Record meeting

Hi all,

We had tentatively settled on April for our next quarterly meeting, but things have gotten delays. There are a number of issues that I think we should discuss and possibly weigh in on before the Sunshine Ordinance Task Force. Among them:

- The SOTF hasn't responded to the December letter signed by a number of custodians.
- The SOTF has recently expressed the opinion that custodians should not be redacting personally identifiable information from records released to the public. A committee hearing was supposed to further explore this issue.
- Plans to expand NextRequest to additional departments.
- DT has expressed an interested in hosting a demo about archiving social media activity.

Are there other issues that we should discuss, and is anyone able to host a meeting? (Disclosure: I'll be very busy until the first full week of May, after Public Works Week.)

Thanks,

David A. Steinberg

Subject: Update on Custodians letter to Sunshine Ordinance Task Force
Attachments: Sunshine Working Group Letter_10-24-18.docx

Dear Custodians,

Thanks to everyone who has agreed to sign the letter that has been drafted by the Custodians of Record Working Group. A quick update:

- So far, representatives from 11 departments have agreed to sign the letter, including most recently the **Mayor's Office** and the **Office of the City Administrator**.
- Several people said they want to sign but haven't yet received an OK from a supervisor, so please send me an update.
- My goal would be to send this letter by the end of this week so it arrives before the Thanksgiving holiday and before the next task force meeting.
- If you know of other custodians who are not on our mailing list, please forward their contact information to me so I can loop them in.
- The plan we discussed was to include the names and departments of everyone signing the letter, with copies to the unions representing those individuals. I will confirm with every "Yes" to verify how you want your name to be listed and to find out which union should be copied.

Please let me know if anyone has additional questions or comments. I'm attaching the "final" version of the letter that has been approved. Don't forget, we also are looking for a host for our next meeting, which should be in December.

Members of the Sunshine Ordinance Task Force

1. Dr. Carlton B. Goodlett Place

City Hall Room 244

San Francisco, CA 94102

Dear Honorable Members of the Sunshine Ordinance Task Force:

We are writing to let you know that since fall 2017, City and County of San Francisco (City) employees who serve as Custodians of Records for their respective agencies have been meeting to share best practices in responding to Sunshine requests.

The Custodians of Record Working Group is committed to open and transparent government, and to providing the best possible customer service to all members of the public. We meet quarterly to: share promising practices; discuss ways we can improve the customer experience; collectively work through issues we face in our roles; and ensure consistency throughout all City departments in how we comply with the Sunshine Ordinance.

Our group recognizes the important role the Sunshine Ordinance Task Force plays with regard to ensuring compliance, and appreciates the work of the Task Force. In the spirit of partnering to ensure that good work can continue, as a group, we would like ~~are compelled to~~ communicate that several members have raised concerns about disturbing behavior from the public during the hearings. These behaviors include: being heckled during testimony; being videotaped at uncomfortably close proximity; having objects thrown during testimony; name-calling; and being the recipients of angry, demeaning, and sometimes threatening comments and gestures.

We feel that Such behaviors are abusive and stressful, and create a very uncomfortable environment. If we engaged in these behaviors as City employees we would be in violation of the City's "Policy Regarding the Treatment of Co-Workers and Members of the Public," which states:

City policy requires employees to treat co-workers and members of the public with courtesy and respect. City employees and managers are responsible for maintaining a safe and productive workplace which is free from inappropriate workplace behavior.

The City's "Policy Prohibiting Employee Violence in the Workplace" also states:

Violence includes any conduct, verbal or physical, which causes another to reasonably fear for his or her own personal safety or that of his or her family, friends, associates, or property.

We respectfully request that the Task Force consider ways to better ~~do more to~~ enforce order and establish a professional and collegial tone during its hearings.

We can point to several policy bodies as good examples of setting an expectation of decorum at their meetings. For example, the Ethics Commission includes the following language on every agenda:

The Ethics Commission encourages and promotes integrity in government by education and example and is committed to treating all staff, members of the public, and colleagues with courtesy, respect, objectivity and fairness. Ethics Commission By-Laws Article XI Sec. 1. Members of the public who attend commission meetings are also expected to behave responsibly and respectfully. Persons who engage in name-calling, shouting, interruption, or other distracting behavior may be asked to leave. The following behaviors or activities are strictly prohibited inside the hearing room: applause or vocal expression of support or opposition; eating or drinking; signs regardless of content or message; profanity; physical aggression. The prohibition on signs does not apply to clothing, which includes signage pinned to clothing, messages displayed on clothing, pins, hats, or buttons. If the Chair is unable to obtain voluntary compliance, he may seek assistance from the sheriff's Deputy on call. This provision supplements the rules and policies adapted by City Hall, the Sheriff's Office, or the Board of Supervisors related to decorum, prohibited conduct or activities, noise, etc. and is not meant to be exhaustive.

We hope the Task Force will adopt a similar policy, and ask that this policy be read aloud at SOTF hearings.

Thank you in advance for giving our feedback consideration. Again, we have great respect for the important function of the Task Force and would be happy to meet with the SOTF Chair and Vice Chair to further discuss our concerns.

We look forward to working with you and to ensuring an open and transparent government for all.

Sincerely,

Subject: Next Custodians meeting + SOTF response to letter

Hi all,

Was anyone aware that the SOTF Rules Committee met March 26 and discussed the letter that many of us sent regarding decorum and conduct at meetings? A draft code of conduct is being worked on and will be referred to the full task force. More info here: https://sfgov.org/sunshine/sites/default/files/rules_032619_minutes.pdf. I know Bill Barnes was going to reach out to the SOTF administrator, so maybe we can get more information and we can discuss this at our May meeting.

Subject: SOTF & Custodians letter

Hi all,

In case you didn't listen to last week's task force audio, the issue of the letter signed by many custodians requesting a code of conduct for SOTF meetings was discussed. It starts with a report by the Rules Committee, which decided there wasn't a need for a code of conduct. The discussion that followed was interesting and the bottom line is that the task force will be inviting the custodians to attend the Aug. 7 SOTF meeting to discuss the issue.

Some interesting take-aways:

- Chairman Wolfe noted that the letter from the custodians has some gravity because of the number of signatures.
- He also pointed out that some staff (he specifically mentioned Kate's colleague from the Arts Commission) refuse to attend hearings because they feel attacked and disparaged.
- He opined that if the task force doesn't allow the custodians to speak about the issue, the task force would likely be hearing from our unions next.
- Another member pointed out that if they don't let the custodians come in and present, they would be reinforcing the bias that people feel exists.

You can listen starting at about 5:31: http://sanfrancisco.granicus.com/MediaPlayer.php?view_id=95&clip_id=33669.

Subject: Custodians Working Group & SOTF

Hi all,

For those of you who weren't able to attend, the SOTF spent almost an hour discussing the letter that was signed by a number of custodians asking that the Task Force adopt a code of conduct for meetings. Five of us spoke, including one custodian who hadn't even signed the letter. The others who were there can chime in, but I'd say that most members of the Task Force were resistant to adopting any rule that would prohibit personal attacks. The matter was referred back to the Rules Committee, which plans to take the issue up at its September meeting.

Given the sentiments voiced by Task Force members, it would be a good idea to meet before the September Rules meeting to plan our response. Caroline Celaya said the MTA could host our next quarterly meeting in September.

The audio here: <https://sfgov.org/sunshine/audio-archive-full-sotf>. The discussion about our letter and adopting a code of conduct starts at about 1:13. (The separate report from the Rules Committee chair at 4:53 notes that they intend to hold a September meeting.)

Dear Josh Slowiczek (NBC Bay Area),

Thank you for your inquiry. On behalf of the Office of the Clerk of the Board, I am confirming receipt of your request.

In response to the first item, our office does not provision departmental cell phones or mobile applications to staff for City business. For inquiry regarding the use of cell phones or mobile applications by other City agencies, we advise that you please contact the San Francisco Department of Technology (DT), as they provide Information Technology support and resources to departments Citywide. DT can be contacted at dtis.helpdesk@sfgov.org. Alternatively, you may submit (redirect) a Public Records Request to DT [here](#).

In response to the second item, our office is not the custodian of record for Mayor London Breed's social media accounts, nor do we have responsive records retained during her term as a member of the Board of Supervisors. Please contact the Office of the Mayor at mayorsunshinerequests@sfgov.org, as they are the custodian of record for records pertaining to Mayor London Breed.

Hi Marisa, Laura, and Lillian –

Wondering if any of the three of you have more detail on the thinking behind the Working Families credit expansion in the ERAF reallocation plan. Noelle has heard, via Trent via your office, that we would use the funds to: 1) do away with the once-in-a-lifetime cap on receipt of the credit and 2) also increase the amount from \$250 to \$500. [REDACTED]

Specifically, we were wondering:

- 1) Given how ERAF funds are being handled, is this all intended to be spent in FY19-20 if possible? [REDACTED]
- 2) How much flexibility do we have around implementation of the expansion? We weren't sure how much thinking [REDACTED]

Staff happen to have a meeting tomorrow (Tuesday) scheduled on the WFC, so if you have ready answers, we'd love them. Happy to chat by phone if it's easier.

Thanks,

RE: SF Sunshine Ordinance petition against Office of Mayor, ref 19091/76434/79193

To the Supervisor of Records of the City and County of San Francisco:

NOTE: Every response you send or provide (including all responsive records) may be automatically and immediately visible to the general public on the MuckRock.com web service used to issue this request. (I am not a representative of MuckRock)

This is a new petition under SF Admin Code (SFAC) 67.21(d) for a written determination that records are public, regarding two sets of CPRA/Sunshine Ordinance requests made of the Mayor's Office starting July 2 and August 22. You may reference my related petition of August 26 to which you replied¹ on Sept 5, but, where relevant, those requests are explicitly made below in the context of this specific petition. Your Sept. 5 response appeared to:

- (a) implicitly deny the primary concern based on your prior responses to other petitions,
- (b) (c) dismiss two of the issues I raised as outside of your jurisdiction, and
- (d) ask me to wait for specific justifications for redactions from the Mayor.

After that, there have been numerous back and forth between your office and me, but in order to make it very clear what I want you to determine is public, I have written this petition more formally. The Mayor has not yet provided the specific justifications of (d), but the petition below is not about that part.

I have numbered the determinations that I request #1 through #14 and they are set off from the text for your convenience. I ask that you carefully consider whether *any part* of the records so far withheld from us are public. There is no mootness provision in the Sunshine Ordinance: "The supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public." (SFAC 67.21(d), emphasis mine). Even if the Mayor's Office supplements its responses after Sept. 10, I would still like, and believe I am owed under

¹https://cdn.muckrock.com/foia_files/2019/09/05/2019-09-05_Response_to_Muckrock.pdf

the law, this written determination. You are historically very clear when you deny my petitions, and I am hoping you are equally clear when you grant my petitions, even in part, when you determine that any part of a record is public.

Furthermore, if you determine that any records or parts thereof are public, you have a non-discretionary duty to immediately order their disclosure.² I do not wish to negotiate further with the Office of Mayor - please issue all appropriate orders, and provide me a copy along with the written determination. Of course, if by the time the petition is responded to, you have encouraged the Mayor to turn over supplemental disclosures, perhaps no order will be necessary. However, any purported mootness of an order does not also allow you to not provide your *written determination*.

Note that (in addition to the numerous other remedies available to me under SFAC 67.21(c), 67.35(a), and the CPRA) SFAC 67.35(d) also allows me to institute court proceedings "if enforcement action is not taken by a city or state official 40 days after a complaint is filed" and I believe the Supervisor of Records' failure to provide all appropriate written determinations and orders required by the Sunshine Ordinance would be such a lack of enforcement action.

Your duty to grant, even in part, petitions is crucial to your role as impartial Supervisor of Records; the next time the public wants this same class of records or part of records they should be able to avoid the months long appeals process and point to your prior determinations, which thus can help build some "case law" in these matters.

All references to "Exhibits" below means the Exhibits PDF attached to the enclosing email.

Note that the Exhibits contain a small fraction of the disclosed records in this case, and while I illustrate examples from that sample, the requested determination apply to the entire universe of responsive records which I'm sure the Mayor can turn over to you.

Public records on personal accounts; City of San Jose v Superior Court (2017)

It does not appear that records on personal accounts/devices (responsive to each of our requests in Exhibit A, parts 1D, 1E, 2G, 2H, 2I, 2J, 2K, and 2L) were disclosed. These records are plainly public under City of San Jose v Superior Court (2017). However, the Office of Mayor did not affirmatively deny the existence of such records (SFAC 67.21(c)) or indicate no responsive records existed (Gov Code 6253(c)) for each of those requests. I ask that you:

1. Determine that all records re: the public's business on personal accounts and devices responsive to the requests in Exhibit A, parts 1D, 1E, 2G, 2H, 2I, 2J, 2K, and 2L, are public records and that Office of Mayor must conduct the search and affirmatively deny the existence of any such records or provide those that do exist

City employee e-mail addresses/identifiers improperly withheld

On Exhibits pp. 26, 35, 36, 46, 49-52, and many others, the email addresses or other identifiers in the From/To/Cc are withheld, only the names are given. They are not redacted visibly; they were excluded when the records were voluntarily converted by the Office of Mayor to this format. The refusal to use a particular native format does not also justify the withholding of a portion of the record not otherwise exempt. This is the case with most withholdings discussed in this petition below as well. The actual native

²"Upon the determination by the supervisor of records that the record is public, the supervisor of records shall immediately order the custodian of the public record to comply with the person's request." (SFAC 67.21(d), emphasis mine)

entries and/or metadata would indicate this address information. While you may be familiar with e-mail addresses, sometimes emails sent within an organization do not actually use traditional e-mail addresses in the From/To/etc. and use identifiers variously from or known as Active Directory, Microsoft Exchange, LDAP/X.500 identifiers. Your IT department should be able to inform you about these.

No exemption justified the withholding of this part of the record, and Office of Mayor did not justify it in their list of justifications. City employee e-mail addresses or identifiers are not information security records. Therefore, please:

2. Determine that all To/From/Cc city employee e-mail address/identifier information in all emails are public parts of records.
3. Determine that all Bcc city employee names and e-mail address/identifier information in all emails are public parts of records.

Hyperlinks improperly withheld

On Exhibits pp. 26 ("Outlook for iOS"), 54 ("here"), 58 (most of the content), and others, one or more hyperlink URLs is withheld. The actual native messages and/or metadata (in this case the underlying HTML source which is in the e-mail body) would indicate this URL information. Even properly using text PDFs would have preserved this information; printing out an email and scanning it back in explicitly destroys this information. No exemption justified the withholding of this part of the record, and Office of Mayor did not justify it in their list of justifications. URLs are not information security records. Therefore, please:

4. Determine that all hyperlink URLs in all emails are public parts of records.
5. Determine that the HTML content in all emails are public parts of records.

Images improperly withheld

On Exhibits pp. 17, 18, 20, 21, 22, 23, and 25, and others, the inline images were improperly withheld. The actual native messages and/or metadata would include the inline images. No exemption justified the withholding of this part of the record, and Office of Mayor did not justify it in their list of justifications. Images are not information security records. Therefore, please:

6. Determine that all images in all emails are public parts of records.

Attachments improperly withheld

On Exhibits p. 55 and others, attached files were improperly withheld. The actual native messages and/or metadata would include the attached files. No exemption justified the withholding of this part of the record, and Office of Mayor did not justify it in their list of justifications. Attachments are not information security records. Therefore, please:

7. Determine that all attachments in all emails are public parts of records.

Color and formatting improperly withheld

On Exhibits p. 56 and others, the formatting choices of public employees in writing the email were improperly withheld. Note on pg. 56, the author explicitly states that her draft responses are in green. However by printing the emails to black and white and scanning we are deprived of this information. The actual native messages and/or metadata would include the formatting. No exemption justified the withholding

of this part of the record, and Office of Mayor did not justify it in their list of justifications. Color and formatting are not information security records. Therefore, please:

8. Determine that all color and formatting in all emails are public parts of records.

Timestamp metadata improperly withheld

On Exhibits p. 59 and others, the "Sent" date is improperly withheld. The actual native entries and/or metadata would indicate this timestamp information. No exemption justified the withholding of this part of the record, and Office of Mayor did not justify it in their list of justifications. Timestamps are not information security records. Therefore, please:

9. Determine that the timestamp/date information in all emails are public parts of records.

Portions of chat/text messages improperly withheld

On Exhibits pp. 57, the beginning of the text/chat message was improperly withheld. It is clear that some record exists scrolled off the top of the screen. No exemption justified the withholding of this part of the record, and Office of Mayor did not justify it in their list of justifications. These parts of messages are not information security records. Therefore, please:

10. Determine that all partially provided chat/text messages are public parts of records.

Misc. headers improperly withheld

I understand you may object to *some* of the following headers based on security concerns, however, all others must be disclosed as a public part of a record.

I understand your office has done extensive research with your IT staff regarding the concerns on releasing metadata for our prior petitions.³

I would like an on-the-record determination for each item in #12 below; however if #12 takes longer than 10 days, please answer the rest of this petition in a timely manner. Therefore, please:

11. Determine that the names of all e-mail headers are public parts of records.⁴

12. Determine that the values or some part of the values of each e-mail header below are public parts of records (you may find some or all of them are public, independently; your IT department

³In fact Mr. Coté argued as such on behalf of your office in your reply to SOTF Complaint 19089 explaining why your responses to petitions in SOTF 19044 and 19047 took so long. "In some situations, a request may be unusually complex, in terms of legal issues or factual issues or both, or may require the requester or the responding department to follow up in order to make the issue or issues ripe for determination. This was just such a case. Evaluating whether disclosure of metadata could result in a security risk is a highly technical and specialized effort. To the best of our knowledge, this is the first time that the Mayor's Office has ever received a request that raised these specific issues, and also the first time that the Supervisor of Records has received a petition dealing with these specific issues. Understandably, it has taken time for both the Mayor's Office and the Supervisor of Records to evaluate the request and security risks. Rather than respond at the 10-day mark with *incomplete information and poorly informed analysis*, the Supervisor of Records wrote to the requester on May 21, 2019 (within 10 days of receipt of the petition) to confirm that the petition was received and under review. The Supervisor of Records also sent the requester status updates on June 7, July 1, and July 24. After completing a thorough review of the petition and underlying requests and responses related to the petition, the Supervisor of Records issued its final determination on August 26, 2019." (emphasis mine). Your office, presumably, now has complete information and well-informed analysis.

⁴Withholding header names is analogous to withholding the *name* of a form field "Social security number" instead of just redacting the SSN itself.

Native formats; metadata, in general

The disclosed files are mostly text PDFs and some image PDFs. I ask that you:

- 13. Determine that the native files of all emails are public records; and
- 14. Determine that the metadata in all emails is a public part of a record.

It is your responsibility to determine if "any part" of the record is public - surely there is some metadata that is non-exempt and public. Some examples will be illustrated below. Before denying #14, please explicitly consider the various examples above which illustrate why the security justifications City agencies have given do not in fact cover all metadata/headers.

Furthermore, merely because I have not identified a part of a record above does not mean it is not a public part of a record that it is *your* responsibility to identify. Most members of the public would not be able to perform a technical analysis of disclosed records, and neither they nor I should have to do so in order to force the City to follow its own laws.

Sincerely,

Anonymous

This is a follow up to request number 19091:

RE: File 19091

Task Force and Office of Mayor,

I write in reply to the Respondent's response to my complaint 19091.

I maintain all my allegations of violations of 67.21, 67.26, 67.27, and others Gov Code sections based on the failure to provide metadata, failure to provide .msg/.eml formats, and failure to provide even text PDFs instead of image PDFs, as discussed in this complaint 19091 and previously in 19044 (for a different respondent).

The text vs image PDF issue for some reason has been avoided by Respondents here in 19091, in 19044, and in 19047.

Re: response #1, I maintain my allegation of a violation of 67.29-7 and will argue as such at committee.

Re: response #2, by the time committee hearing occurs, conditioned on receipt of records from all Senior Advisors to the Mayor (of any topic/policy), I will withdraw that specific allegation against Respondent Jue. I cannot withdraw it yet, and due to the many other issues in 19091, I do not wish to delay this complaint being heard in committee. My experience in 19044 indicates this process in total takes months anyway.

Re: response #3:

a) I withdraw my Complaint #2 (re: SFAC 67.27) in 19091, EXCEPT the following sentence: "For example, the public employee e-mail addresses in the 'From' and 'To' of the various emails are non-exempt public information, but nearly all of them are withheld in the responsive emails, without any justification." which I maintain.

b) I maintain my Complaint #3 (re: SFAC 67.26) in 19091. SFAC 67.26 states in relevant part "Information that is exempt from disclosure shall be masked, deleted or otherwise segregated in order that the nonexempt portion of a requested record may be released, and **keyed by footnote or other clear reference to the appropriate justification** for withholding required by section 67.27 of this article." This allows a requestor to understand the specific justification for each redaction. Respondents did not do this. They are required to do this in their response. Here is a good example from the City on how to follow 67.26: <https://sanfrancisco.nextrequest.com/documents/408808> (where the specific redaction states "Privacy").

Respondents are not permitted to give a half-valid response, and then negotiate or only provide a full response once the requestor complains. Most members of the public would just give up, and aren't going to spend the time or energy

requiring the government to follow the Sunshine Ordinance, by repeated followups, complaints, and hearings, which permits the government to not provide total transparency in most cases.

Respondents, and every government respondent, must follow the ordinance, as written, in every response, to every request. I intend to ensure that.

As an aside, I understand that the Custodian Working Group is possibly working on getting more departments to use standard response templates and to use modern automated systems to accurately redact and publish records. Anecdotally, the departments using those systems appear to give responses more in conformance with the Sunshine Ordinance than those that do not.

Sincerely,
Anonymous

Subject: Re: SOTF - Complaint Filed with the Sunshine Ordinance Task Force - File No. 19091

Dear Members of the Task Force,

The complaint referenced below by Anonymous raises largely the same issues regarding metadata as an existing dispute with the same requestor. That complaint is File No. 19044. The Office of the Mayor hereby incorporates by reference, as if fully set forth herein, its response to that complaint, which is included in File No. 19044.

For the same reasons previously set forth in its response to File No. 19044, the Office of the Mayor respectfully submits that no violation has occurred. The new complaint File No. 19091 raises some additional issues to which the Office of the Mayor responds as follows:

1. Anonymous asserts that there has been a violation of SF Admin Code Sec. 67.29-7 requiring the keeping of records "in a professional and businesslike manner" based on the very limited usage of the texting app Signal. Anonymous complains that this app permits "encrypted and automatically-expiring communications". However, the communications at issue received by Anonymous were neither encrypted nor automatically deleted as demonstrated by the fact that

Anonymous now possesses them. Some theoretical but not actually used functionality of a communications app cannot form the basis for a violation of 67.29-7 and Anonymous points to no such basis. Moreover, there is no authority cited for the proposition that 67.29-7 prohibits certain communications platforms or requires certain retention periods outside of the general orderly maintenance of documents in a manner that makes them presentable and organized.

2. Anonymous complains that the communications of "Senior Advisor to the Mayor on the Environment", Tyrone Jue, were omitted from production. Again, Anonymous received the communications in question on Signal from Sean Elsbernd which included the messages sent and received by Tyrone Jue. Tyrone Jue was not included in the larger communications audit because we understood Anonymous' request to be directed to the general "Senior Advisor to the Mayor" position, a title held only by Marjan Philhour, not Senior Advisors on certain policy areas. This is simply a misunderstanding and not an intentional withholding. If Anonymous wishes to include Mr. Jue in the request they may do so.

3. Anonymous asserts that the Office of the Mayor did not provide a basis for withholding certain metadata and redacted information. Regarding metadata and format we cited to Cal Gov Code 6253.9(a)(1) and 6253.9(f) and Anonymous discusses their objections to these grounds extensively here and in the file for complaint no. 19044. Anonymous is thus plainly aware of the basis for withholding, though disputes them. We rely on our previous arguments regarding these bases but there can be no question that Anonymous received notice of the basis for withholding. Regarding redactions for privacy, privilege and other bases, the attached files showing our initial responses to these requests show citations for various categories of withholding. If requestor seeks a key matching specific redactions and bases we are happy to cooperate in working with requestor to provide this information and make the exemptions clearer.

For these reasons and those provided in response to File No. 19044, it is our position that no violation has occurred. Regarding the practices of other departments for certain requests regarding metadata cited herein by requestor, we do not agree that certain exceptions to the practice of withholding metadata to preserve the security and integrity of the network and computers of the city justifies abandoning such safeguards in all cases.

We are glad to further work with Anonymous to fulfill other aspects of this request including providing additional custodians as specified and further explaining any withholdings.

Subject: RE: California Public Records Act Request #19091
Supervisor of Records,

This is a follow-up to my Aug. 26 petition from this email address re: the Mayor's email, text, and chat records (now labeled SOTF 19091).

Since it is your responsibility to determine whether *any portion* of the withheld record is public, I would like to draw your attention to the fact that I allege public employee email addresses in the From/To/etc. headers were improperly withheld in this case (complaint pg. 3, improperly withheld email address examples on exhibits pg. 49, 50, 51, 52, 24, 26, 36, 45, 46, and more).

Even if you determine all other metadata is being withheld properly for security reasons (which I continue to dispute), please do find in my favor regarding the public email addresses in the From, To, Cc, AND Bcc headers.

I would like to point out that your Aug. 26 denial of my May 8 petition regarding the City Attorney's email metadata did not consider whether the withholding of those email addresses was legally valid, so please do address the issue in this petition.

As a reminder:

Our complaint: https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/76434/SOTF-Mayor-20190826-Complaint.pdf (I allege a lot more than just the metadata issue in this case)

Exhibits: https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/76434/SOTF-Mayor-20190826-Exhibits.pdf

For your convenience I have also attached a spreadsheet of my various requests, petitions, and complaints so you can keep everything straight.

This email address is solely for SOTF 19091.

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

If a person has multiple accounts, 10 items from each are requested. For example the Mayor may have a public-facing alias and also an account she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in any form we request them in if they are the format you hold them in OR any format that is easily-generated. If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

However, if you choose to convert conversations, for example, to PDF, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you provide image PDFs, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we

may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us.

You must justify all withholding. Please follow SFAC 67.26 and 67.27 and identify specifically which justifications are associated with which redaction, for example, using a footnote.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure,

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

Dear Anonymous,

This is in response to your immediate disclosure request below received August 26 in the Office of the Mayor regarding "all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)" in reference to your earlier July 2 request.

We are processing our response. Please note that your request is not simple, routine or otherwise readily answerable. Accordingly we are treating the request as subject to the maximum deadline of 10 days. See San Francisco Admin. Code § 67.25 (a), (b). We also reserve the right to continue our response from that date for up to 14 days pursuant to Government Code § 6253(c) and San Francisco Admin. Code § 67.25(b) due to any continuing need for consultation with other city departments.

We understand the need to continue this consultation with all practicable speed and will process your request accordingly.

If you have any questions regarding your request, please let me know.

This is a follow up to a previous request:

Good Evening Mr. Heckel,

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

I will be filing in the immediate future an SOTF complaint regarding: the lack of headers/metadata, the use of PDFs instead of .msg/.eml formats, and the use of image PDFs instead of textual PDFs, and your failure to identify with particularity specifically which laws apply to which redactions. The issues are quite similar to those you heard in your own case SOTF 19047, and in the SOTF 19044 case re: the city attorney. However, we will be emphasizing the image PDF and lack of redaction specificity issues in this new case.

In addition, this is a further immediate disclosure request for the following:

PART 3: all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)

I understand such instruments would not have existed on the date of my original request, by definition, so I am re-requesting them now.

Since a City of San Jose v Superior Court (2017) search was requested for various officials' personal property, and you have indicated no responsive records existed, we believe such instruments must exist.

Thanks,
Anonymous

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Ms. Leger,

Your current file for 19091 indicates the individual respondents are only Heckel and Breed.
My original complaint further includes the following individual respondents because they are referred to as the "custodians" by the Office of the Mayor's records response and because they are responsible for City of San Jose v Superior Court (2017) searches of their personal property:
Tyrone Jue (Senior Advisor), Sean Elsbernd (Chief of Staff), Andres Power (Policy Director), Andrea Bruss (Deputy Chief of Staff), Marjan Philhour (Senior Advisor), Jeff Cretan (Communications Director), Sophia Kittler (Liaison to the Board)

I would appreciate the correction.

Thank you,

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: RE: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

Good afternoon Supervisor of Records,

This is a new petition under SFAC 67.21(d).

This petition is regarding, inter alia, the Office of Mayor's:

- (a) failure to provide various email in .msg format and with headers,
- (b) use of personal and/or secret communications technologies to discuss the people's business and therefore failing to preserve correspondence in a "professional and businesslike" manner (67.29-7).
- (c) use of scanned PDFs instead of text PDFs, and
- (d) lack of specificity re: redaction justification.

This overlaps partially with SOTF 19044 v. the City Attorney's office, which you have already responded to, but there are new issues not covered in 19044.

I believe your Aug. 26, 2019 response to my 19044 May 8 petition already reflects your office's position regarding (a), however it does not cover (b), (c), and (d).

My petition incorporates all of the allegations in the following documents:

SOTF complaint: https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/76434/SOTF-Mayor-20190826-Complaint.pdf

Exhibits: https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/76434/SOTF-Mayor-20190826-Exhibits.pdf

I look forward to your response within 10 days.

Sincerely,
Anonymous

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Good Evening Mr. Heckel,

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

I will be filing in the immediate future an SOTF complaint regarding: the lack of headers/metadata, the use of PDFs instead of .msg/.eml formats, and the use of image PDFs instead of textual PDFs, and your failure to identify with particularity specifically which laws apply to which redactions. The issues are quite similar to those you heard in your own case SOTF 19047, and in the SOTF 19044 case re: the city attorney. However, we will be emphasizing the image PDF and lack of redaction specificity issues in this new case.

In addition, this is a further immediate disclosure request for the following:

PART 3: all instruments used to inquire of each official as to whether they possess any responsive records of our July 2, 2019 request, and all of the responses of the official or their legal representatives (including all affidavits/declarations that no responsive records exists)

I understand such instruments would not have existed on the date of my original request, by definition, so I am re-requesting them now.

Since a *City of San Jose v Superior Court* (2017) search was requested for various officials' personal property, and you have indicated no responsive records existed, we believe such instruments must exist.

Thanks,

Dear Anonymous:

This amends and supplements our July 26, 2019 response to your Public Records Request, attached, entitled Email and Electronic Communications Audit, received by the Office of the Mayor on July 2, 2019. We previously invoked an extension of time to continue our response under Government Code § 6253(c) and San Francisco Admin. Code § 67.25(b) for up to 14 days from the original due date because of the need for consultation with other city departments and the potential volume of requested materials. We then responded and provided responsive documents on July 26, 2019.

Amended and Supplemental Response Dated July 29, 2019

We have completed our search and consultation and are attaching herewith responsive records located in the possession of the Office of the Mayor. The responsive documents have been provided in a PDF format for its ease of transferability and accessibility, consistent with Cal. Gov. Code 6253.9(a)(1). Metadata from any native format has not been provided to avoid risks to the security and integrity of the city's data system and avoid the release of exempt confidential or privileged information. Pursuant to Cal. Gov. Code 6253.9 (f), an agency is not required to provide an electronic record in an electronic format that would jeopardize or compromise the security or integrity of the original record or its data system. The PDF format ensures the security and integrity of the original record.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)
RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SF Mayor)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE:** this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ******

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office.

Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

RE: SF Sunshine Ordinance Complaint against Office of Mayor, ref 76434

To Whom It May Concern:

NOTE: Every response you send or provide (including all responsive records) may be automatically and immediately visible to the general public on the MuckRock.com web service used to issue this request. (I am not a representative of MuckRock)

A. METADATA:

Complainant Name: (Anonymous - use email 76434-70600365@requests.muckrock.com)

Date of Request: July 2, 2019 and August 22, 2019

Alleged Violations: 67.21, 67.26, 67.27, 67.29-7

Complaint Against Employees (listed by official capacity): London N. Breed (Mayor), Hank Heckel (Compliance Officer), Tyrone Jue (Senior Advisor), Sean Elsbernd (Chief of Staff), Andres Power (Policy Director), Andrea Bruss (Deputy Chief of Staff), Marjan Philhour (Senior Advisor), Jeff Cretan (Communications Director), Sophia Kittler (Liaison to the Board)

Complaint Against Agency: Office of Mayor

Responsive records received are too voluminous to include in this complaint - we request the respondent provide them in their required response to the SOTF.

B. NARRATIVE:

On July 2, 2019 we sent a San Francisco Sunshine Ordinance (Ordinance) and California Public Records Act (CPRA) request to the Office of Mayor (enclosed herein as Exhibit A) for, *inter alia*:

- emails sent and received by each official government email account of 7 employees and 1 class of employees of the Mayor's office
- City of San Jose v Superior Court (2017) search for emails sent and received by each personal email account of 7 employees and 1 class of employees of the Mayor's office, re: the people's business
- communications sent and received via various communications applications/media (Facebook Messenger, Telegram, Slack, Google Hangouts, Signal, SMS/MMS/text messages) of 7 employees and 1 class of employees of the Mayor's office on their official government accounts
- City of San Jose v Superior Court (2017) search for communications sent and received via various communications applications/media (Facebook Messenger, Telegram, Slack, Google Hangouts, Signal, SMS/MMS/text messages) of 7 employees and 1 class of employees of the Mayor's office on their personal accounts, to the extent they are related to the people's business

Respondents provided records on July 26 (response Exhibit B, records Exhibit D) and July 29, 2019 (response Exhibit C, records Exhibit E). We do not dispute the timeliness of the July 26 response, nor of the supplemental response on July 29.

On August 22, 2019 we sent an unrelated Ordinance/CPRA request regarding the Custodians of Records Working Group to the Office of Mayor for other communications (Exhibit F). Heckel provided¹ records on Aug. 23 (response Exhibit G, record Exhibit H). The allegations for this request are similar to the first request, with the same Respondent agency, and thus only one complaint is being filed.

C. COMPLAINTS:

I make the following allegations. I am not an attorney, so my understanding is associated with proper sections of the law to the best of my (lay) ability. Please also see our prior arguments regarding this issue in *19044 Anonymous v. Office of City Attorney, et. al* which are incorporated by reference here (https://sf.gov/sunshine/sites/default/files/complaint082019_item7.pdf, P341-343, P355-358; and https://cdn.muckrock.com/outbound_request_attachments/Anonymous_2859385/72056/5-SF-Attorney-Email-Appeal-SOTF-19044-followup.pdf). However, this complaint also involves some issues not covered in 19044.

1. Violations of SF Admin Code Sec. 67.29-7

67.29-7 ("... (a) The Mayor and all Department Heads shall maintain and preserve in a professional and businesslike manner all documents and correspondence, including but not limited to letters, e-mails, drafts, memorandum, invoices, reports and proposals and shall disclose all such records in accordance with this ordinance....") is being violated by the Respondents' personal use of apps like "Signal" to communicate about the public's business. We allege that use of the "Signal" app

¹These records were sent to the wrong email address, but I received them nonetheless on time.

and/or personal accounts for communication regarding the people's business does not constitute "professional and businesslike" preservation of correspondence.

The "Signal" app is a third-party mobile application permitting encrypted and automatically-expiring communications². Exhibit E is a record produced by Respondent Elsbernd including communication using Signal with what appears to be Respondent Jue regarding former SFMTA Director of Transportation Ed Reiskin. Respondent Jue was on July 2 and still is "Senior Advisor to the Mayor on the Environment"³ and was therefore within the scope of our July 2 request. Note that Respondent Jue failed to provide this Signal record in their production. If they were unable to preserve their side of the communication and therefore provide it, this is evidence of a failure to preserve correspondence in a "professional and businesslike" manner. If Respondents are using the automatic expiration of Signal, Google Hangouts, or other communications, that is also a failure to preserve correspondence in a "professional and businesslike" manner.

2. Violations of SF Admin Code Sec. 67.27. Justification Of Withholding

Heckel's responses did not justify withholding portions of the responsive email records (namely the headers and metadata, which we had specifically requested in our original request). No statutory nor case law authority was provided. Note Heckel provided an argument (which we believe to be wrong, see below) for why he had not provided the *original format*. However, he did not provide any justification for withholding the header and metadata information, even in PDF format. Our original request did indicate that if the Mayor were to convert the records to PDF format, we still wanted the entire record with all headers, metadata, etc. For example, the public employee e-mail addresses in the 'From' and 'To' of the various emails are non-exempt public information, but nearly all of them are withheld in the responsive emails, without any justification.

3. Violations of SF Admin Code Sec. 67.26. Withholding Kept To A Minimum

Responsive records as provided did not withhold the minimum necessary portions of the emails requested. While it may be argued that some of the headers of an email item could be withheld for privacy or security reasons (though we do not concede such point), that does not mean the Mayor can withhold all portions of the email headers/metadata *carte blanche*. Full headers and metadata have been produced by the City for years: <https://sanfrancisco.nextrequest.com/documents?filter=.msg>.

Furthermore, the numerous non-metadata redactions in the responsive records should be "keyed by footnote or other clear reference to the appropriate justification for withholding required by section 67.27 of this article." (SFAC 67.26) Instead, the justifications are enumerated only in the response letter, preventing us from understanding precisely which reason is associated with which redaction.

As described in Complaint 1, Exhibit E is a record produced by Respondent Elsbernd including communication using Signal with what appears to be Respondent Jue regarding former SFMTA Director of Transportation Ed Reiskin. Respondent Jue was on July 2 and still is "Senior Advisor to

²[https://en.wikipedia.org/wiki/Signal_\(software\)](https://en.wikipedia.org/wiki/Signal_(software))

³<https://www.linkedin.com/in/tyronejue/>

the Mayor on the Environment” and was therefore within the scope of our July 2 request. Note that Respondent Juc failed to provide this Signal record in their production. If this communication was preserved and is in the possession of the Respondents, then this record was improperly withheld.

4. Violations of SF Admin Code Sec. 67.21. Process For Gaining Access To Public Records; Administrative Appeals.

67.21(b) (“...If the custodian believes the record or information requested is not a public record or is exempt, the custodian shall justify withholding any record by demonstrating, in writing as soon as possible and within ten days following receipt of a request, that the record in question is exempt under express provisions of this ordinance...”) was violated by Heckel’s July 26, 2019 response wherein he did not indicate that the Mayor was withholding the remaining portions of the full email item records, with headers and metadata.

67.21(l) (“Inspection and copying of documentary public information stored in electronic form shall be made available to the person requesting the information in any form requested which is available to or easily generated by the department...”) was violated since Respondents provided the emails requested in scanned/image PDF format and not the raw/original format or the ‘.msg/.eml’ format requested. The original format or the ‘.msg/.eml’ format contains those additional headers we requested. .msg format is “easily generated” by Respondents as it is a built-in feature of Microsoft Outlook and Exchange (for example, select an email, click File and Save as and select “Outlook message format”, “Outlook message format - Unicode”). ‘.msg’ formats have been produced by the City for years: <https://sanfrancisco.nextrequest.com/documents?filter=.msg>. On Aug. 22, the Dept. of Public Works produced over 200 ‘.msg’ emails in less than 48 hrs of a request: <https://sanfrancisco.nextrequest.com/requests/19-3456>.

Furthermore, the use of image PDFs is an especially egregious violation of 67.21(l). Textual PDFs are easy to generate - emails can be printed directly to text PDF format and then redacted in Adobe Acrobat. Instead, the email PDFs provided to us were clearly printed to hardcopy then scanned into an image format. We know text PDFs are “easily generated” since they are recommended by the Good Government Guide pg. 101⁴ and because a portion of the responsive PDFs were provided in text format in this very request.

5. Violations of CA Govt Code 6253.9

6253.9(a)(1) (“...The agency shall make the information available in any electronic format in which it holds the information...”) was violated for reasons stated under the second paragraph of complaint #4.

6. Violations of CA Govt Code 6253

6253(a) (“Any reasonably segregable portion of a record shall be available for inspection by any person requesting the record after deletion of the portions that are exempted by law.”) was violated for reasons stated under complaint #3. Portions of the responsive email records (headers, metadata)

⁴<https://www.sfcityattorney.org/wp-content/uploads/2019/02/Good-Government-Guide-February-2019.pdf>

that are not exempt under the law were deleted by using the PDF print-out formats that the Mayor chose.

7. Violations of CA Govt Code 6255

6255(a) was violated for reasons stated under complaint #2.

D. REBUTTALS:

1. CA Govt Code 6253.9(a)(1) does not permit use of formats for "transferability and accessibility"

In Heckel's July 26 and 29 responses, the Office of the Mayor argued "The responsive documents have been provided in a PDF format for its ease of transferability and accessibility, consistent with Cal. Gov. Code 6253.9(a)(1)"

By its plain language, that is not what 6253.9(a)(1) requires. CA Govt Code 6253.9(a) reads:

(a) Unless otherwise prohibited by law, any agency that has information that constitutes an identifiable public record not exempt from disclosure pursuant to this chapter that is in an electronic format shall make that information available in an electronic format when requested by any person and, when applicable, shall comply with the following:

- (1) The agency shall make the information available in any electronic format in which it holds the information.
- (2) Each agency shall provide a copy of an electronic record in the format requested if the requested format is one that has been used by the agency to create copies for its own use or for provision to other agencies. The cost of duplication shall be limited to the direct cost of producing a copy of a record in an electronic format.

Since there is no ambiguity in the statute's language, 6253.9(a)(1) should be given its plain meaning. Nothing in this clause refers to conversion of files for transferability and accessibility.

2. CA Govt Code 6253.9(f) and 6254.19 do not exempt all headers/metadata nor preclude .msg/.eml production of emails

Respondents' justification under 6253.9(f) does not meet the precise wording of the statute⁵.

⁵6253.9(f) states "(f) Nothing in this section shall be construed to require the public agency to release an electronic record in the electronic form in which it is held by the agency if its release would jeopardize or compromise the security or integrity of the original record or of any proprietary software in which it is maintained." (emphasis mine)

Note that SFAC 67.21(l) requires release not only of the "electronic form in which it is held by the agency" but also any form that is "easily generated." These other "easily generated" forms are not the "form in which it is held by the agency" and therefore a plain construction of both statutes would indicate 6253.9(f) is not a valid justification to withhold .msg emails. (cont.)

Furthermore, emails are not "information security records" under 6254.19. *Certain* headers might be, but not emails as a whole.

Email headers include many headers that are completely unrelated to security concerns (for example, the date an email was sent and received, the exact email addresses of the sender and all recipients, and who sent the email or behalf of whom). The .msg format does not preclude redaction of any arguably sensitive headers.

The City has had no security qualms about production of .msg emails with headers in other requests (see for example: <https://sanfrancisco.nextrequest.com/documents/1669341/>).

E. RELIEF REQUESTED

I ask your Task Force to find violations by the respondents of each of SFAC 67.21, 67.26, 67.27, and 67.29-7.

I ask your Task Force to direct Respondents to:

- refrain from use of personal accounts and/or the "Signal" app to communicate about the people's business
- produce all remaining "Signal" records
- produce the full emails we originally requested, with redaction of only those headers or meta-data (if any) that can be justified legally and explicitly.
- produce the full emails we originally requested, in .msg or .eml format.
- produce any PDKs that they do produce in text format instead of scanned/image format.
- identify all remaining redaction justifications with particularity, using footnotes, for example.

I ask for a hearing, to the extent possible given my desire to remain anonymous. I have a parallel pending complaint (*19044 Anonymous v. Office of City Attorney, et. al*) against the Office of the City Attorney for similar (but not identical) claims regarding alleged failure to disclose emails in their full, original electronic format. However, this new case has additional allegations not covered therein.

I reserve my right to petition the Supervisor of Records and/or any judicial remedies that may be available.

Moreover, 6253.9(f) only limits release required "in this section" meaning Gov Code 6253.9.

This is, however, an absurd result, and we do not request your Task Force to interpret 6253.9(f) in such a way. Perhaps the CPRA and Ordinance need to be revised to be more harmonious. We read 6253.9(f) to mean: "(f) A public agency is not required to release an electronic record in any electronic form if its release would jeopardize or compromise the security or integrity of the original record or of any proprietary software in which it is maintained." We believe we prevail even when interpreting 6253.9(f) in such a manner more generous to the Respondents.

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the Mayor's Office. Similar requests were recently made of the Board of Supervisors and Clerk. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from your and other SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

EXHIBIT F

Subject: California Public Records Act Request: Custodian of Records Working Group - Immediate Discl...

Dear Office of the Mayor ,

This is a new Immediate Disclosure Request under the San Francisco Sunshine Ordinance, made before start of business August 22, 2019.

**** Please redact your responses correctly! This is a public mailbox, and all of your responses (including emails, attachments, file shares, and the disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Once you send them to us, there's no going back. ****

The audio record of the August 7 SOTF meeting appears to reference a "Custodian of Records Working Group" (aka "Custodian Working Group", called the "Group" below) of public employees attempting to, among other things, lobby (in a colloquial sense), via a letter, the SOTF to impose certain suggestions or restrictions on the behavior of the public. Perhaps my impression is incorrect; I would like to know more.

I request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA):

1. IMMEDIATE DISCLOSURE REQUEST: all agendas (draft or final) of meetings of the Group
2. IMMEDIATE DISCLOSURE REQUEST: all minutes (draft or final) of meetings of the Group
3. IMMEDIATE DISCLOSURE REQUEST: all listings of the membership/roster of the Group
4. regular request: all supporting documentation used at meetings of the Group
5. IMMEDIATE DISCLOSURE REQUEST: all records showing any budget allocations or other financial support given to the Group
6. regular request: all records that would demonstrate the public monies being used to support the activities of the Group (including showing the time spent by public employees performing Group work, for example calendar/schedule items showing when the meetings took place and who attended). Ms. Blackman said [in the Aug 7 SOTF audio record] that the signers spent "quite a lot of time" was spent writing this letter. Provide all records showing what public employee work time was spent writing this letter.
7. IMMEDIATE DISCLOSURE REQUEST: all records related to the attempt to lobby the Sunshine Ordinance Task Force to change their rules or procedures, including but not limited to the letter discussed at the SOTF Aug 7 meeting. Including a copy of the letter and all drafts or other versions of this letter.
8. regular request: all correspondence between your Compliance Officer and/or Custodian of Records and/or Public Records Manager and the Group as an entity
9. regular request: all correspondence between your Compliance Officer and/or Custodian of Records and/or Public Records Manager and any of { David Steinberg, Sue Blackman, Hank Heckel, Caroline Celaya, Marianne Mazzucco-Thompson } since Jan. 1, 2019.
10. regular request: Ms. Celaya stated [in the Aug 7 SOTF audio record] that certain best practices have been generated. Provide all policies/best practices written by the Group.

We remind you of your obligations to provide electronic records in any format we request them in, as long as either you hold them in that format, the format is available to you, or the format is easy to generate (Admin Code 67.21(f)). Therefore, calendars exported in the .ics, iCalendar, or vCard formats ("A") and emails exported in the .eml or .msg formats ("B") with all non-exempt headers, metadata, attachments, etc. are our desired formats. Such formats are easily exportable from Google Calendar/Gmail, Microsoft Outlook, Microsoft Exchange or other common calendaring/email systems. However, if you choose to convert electronic calendar items, for

example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original calendar item record (as specified in requests 1 and 2), which contains many detailed headers beyond the ones generally printed out. If you provide PDFs or printed items with only a few of the headers or lacking attachments/images, and therefore withhold the other headers/attachments without justification, you may be in violation of SF Admin Code 67.21, 67.26, 67.27, Govt Code 6253(a), 6253.9, and/or 6255, and we may challenge your decision. We *do not* waive the requirement of 67.21(l) discussed above, and are merely instructing you to preserve information even if you provide to us the undesirable PDF format.

For word processing documents, either .docx or .pdf formats are fine. For physical items, scanning to PDF format is acceptable.

For this request, we are asking for a City of San Jose v Superior Court (2017) search be performed of the Compliance Officer/Custodian of Records/Public Records Manager and all other members of your department's staff who are a member of or have ever attended the Group, such that each such employee either provide all records responsive to this request present on their personal accounts/devices/property (solely to the extent the record or portion thereof relates to the public's business), or provide a declaration/affidavit that no such records exist. All such affidavits/declarations are also requested as responsive records to this request. Please handle the government account record search as an immediate disclosure search, and the personal search under regular timelines.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

I look forward to your immediate disclosure.

Sincerely,
Anonymous

Subject: Custodians of Record meeting

Hi all,

We had tentatively settled on April for our next quarterly meeting, but things have gotten delays. There are a number of issues that I think we should discuss and possibly weigh in on before the Sunshine Ordinance Task Force. Among them:

- The SOTF hasn't responded to the December letter signed by a number of custodians.
- The SOTF has recently expressed the opinion that custodians should not be redacting personally identifiable information from records released to the public. A committee hearing was supposed to further explore this issue.
- Plans to expand NextRequest to additional departments.
- DT has expressed an interested in hosting a demo about archiving social media activity.

Are there other issues that we should discuss, and is anyone able to host a meeting? (Disclosure: I'll be very busy until the first full week of May, after Public Works Week.)

Thanks,

Subject: Update on Custodians letter to Sunshine Ordinance Task Force
Attachments: Sunshine Working Group Letter_10-24-18.docx

Dear Custodians,

Thanks to everyone who has agreed to sign the letter that has been drafted by the Custodians of Record Working Group. A quick update:

- ☑ So far, representatives from 11 departments have agreed to sign the letter, including most recently the Mayor's Office and the Office of the City Administrator.
- ☑ Several people said they want to sign but haven't yet received an OK from a supervisor, so please send me an update.
- ☑ My goal would be to send this letter by the end of this week so it arrives before the Thanksgiving holiday and before the next task force meeting.
- ☑ If you know of other custodians who are not on our mailing list, please forward their contact information to me so I can loop them in.
- ☑ The plan we discussed was to include the names and departments of everyone signing the letter, with copies to the unions representing those individuals. I will confirm with every "Yes" to verify how you want your name to be listed and to find out which union should be copied.

Please let me know if anyone has additional questions or comments. I'm attaching the "final" version of the letter that has been approved. Don't forget, we also are looking for a host for our next meeting, which should be in December.

Members of the Sunshine Ordinance Task Force
1 Dr. Carlton B. Goodlett Place
City Hall Room 244
San Francisco, CA 94102

Dear Honorable Members of the Sunshine Ordinance Task Force:

We are writing to let you know that since fall 2017, City and County of San Francisco (City) employees who serve as Custodians of Records for their respective agencies have been meeting to share best practices in responding to Sunshine requests.

The Custodians of Record Working Group is committed to open and transparent government, and to providing the best possible customer service to all members of the public. We meet quarterly to: share promising practices; discuss ways we can improve the customer experience; collectively work through issues we face in our roles; and ensure consistency throughout all City departments in how we comply with the Sunshine Ordinance.

Our group recognizes the important role the Sunshine Ordinance Task Force plays with regard to ensuring compliance, and appreciates the work of the Task Force. In the spirit of partnering to ensure that good work can continue, as a group, we ~~would like~~ ~~are compelled to~~ communicate that several members have raised concerns about disturbing behavior from the public during the hearings. These behaviors include: being heckled during testimony; being videotaped at uncomfortably close proximity; having objects thrown during testimony; name-calling; and being the recipients of angry, demeaning, and sometimes threatening comments and gestures.

We feel that such behaviors are abusive and stressful, and create a very uncomfortable environment. If we engaged in these behaviors as City employees we would be in violation of the City's "Policy Regarding the Treatment of Co-Workers and Members of the Public," which states:

City policy requires employees to treat co-workers and members of the public with courtesy and respect. City employees and managers are responsible for maintaining a safe and productive workplace which is free from inappropriate workplace behavior.

The City's "Policy Prohibiting Employee Violence in the Workplace" also states:

Violence includes any conduct, verbal or physical, which causes another to reasonably fear for his or her own personal safety or that of his or her family, friends, associates, or property.

We respectfully request ~~that~~ the Task Force consider ways to better ~~do more to~~ enforce order and establish a professional and collegial tone during its hearings.

We can point to several policy bodies as good examples of setting an expectation of decorum at their meetings. For example, the Ethics Commission includes the following language on every agenda:

The Ethics Commission encourages and promotes integrity in government by education and example and is committed to treating all staff, members of the public, and colleagues with courtesy, respect, objectivity and fairness. Ethics Commission By-Laws Article XI Sec. 1. Members of the public who attend commission meetings are also expected to behave responsibly and respectfully. Persons who engage in name-calling, shouting, interruption, or other distracting behavior may be asked to leave. The following behaviors or activities are strictly prohibited inside the hearing room: applause or vocal expression of support or opposition; eating or drinking; signs regardless of content or message; profanity; physical aggression. The prohibition on signs does not apply to clothing, which includes signage pinned to clothing, messages displayed on clothing, pins, hats, or buttons. If the Chair is unable to obtain voluntary compliance, he may seek assistance from the sheriff's Deputy on call. This provision supplements the rules and policies adopted by City Hall, the Sheriff's Office, or the Board of Supervisors related to decorum, prohibited conduct or activities, noise, etc. and is not meant to be exhaustive.

We hope the Task Force will adopt a similar policy, and ask that this policy be read aloud at SOTF hearings.

Thank you in advance for giving our feedback consideration. Again, we have great respect for the important function of the Task Force and would be happy to meet with the SOTF Chair and Vice Chair to further discuss our concerns.

We look forward to working with you and to ensuring an open and transparent government for all.

Sincerely,

Subject: Next Custodians meeting + SOTF response to letter

Hi all,

Was anyone aware that the SOTF Rules Committee met March 26 and discussed the letter that many of us sent regarding decorum and conduct at meetings? A draft code of conduct is being worked on and will be referred to the full task force. More info here: https://sfgov.org/sunshine/sites/default/files/rules_032619_minutes.pdf. I know Bill Barnes was going to reach out to the SOTF administrator, so maybe we can get more information and we can discuss this at our May meeting.

Subject: SOTF & Custodians letter

Hi all,

In case you didn't listen to last week's task force audio, the issue of the letter signed by many custodians requesting a code of conduct for SOTF meetings was discussed. It starts with a report by the Rules Committee, which decided there wasn't a need for a code of conduct. The discussion that followed was interesting and the bottom line is that the task force will be inviting the custodians to attend the Aug. 7 SOTF meeting to discuss the issue.

Some interesting take-aways:

- Chairman Wolfe noted that the letter from the custodians has some gravity because of the number of signatures.
- He also pointed out that some staff (he specifically mentioned Kate's colleague from the Arts Commission) refuse to attend hearings because they feel attacked and disparaged.
- He opined that if the task force doesn't allow the custodians to speak about the issue, the task force would likely be hearing from our unions next.
- Another member pointed out that if they don't let the custodians come in and present, they would be reinforcing the bias that people feel exists.

You can listen starting at about 5:31: http://sanfrancisco.granicus.com/MediaPlayer.php?view_id=95&clip_id=33669.

Subject: Custodians Working Group & SOTF

Hi all,

For those of you who weren't able to attend, the SOTF spent almost an hour discussing the letter that was signed by a number of custodians asking that the Task Force adopt a code of conduct for meetings. Five of us spoke, including one custodian who hadn't even signed the letter. The others who were there can chime in, but I'd say that most members of the Task Force were resistant to adopting any rule that would prohibit personal attacks. The matter was referred back to the Rules Committee, which plans to take the issue up at its September meeting.

Given the sentiments voiced by Task Force members, it would be a good idea to meet before the September Rules meeting to plan our response. Caroline Celaya said the MTA could host our next quarterly meeting in September.

The audio here: <https://sfgov.org/sunshine/audio-archive-full-sotf>. The discussion about our letter and adopting a code of conduct starts at about 1:13. (The separate report from the Rules Committee chair at 4:53 notes that they intend to hold a September meeting.)

Re: Petition to Supervisor of Records

To Whom It May Concern:

This letter responds to your petition to the Supervisor of Records submitted on August 26, 2019, concerning a public records request to the Mayor's Office dated July 2, 2019, in which you requested various emails and other forms of electronic communications from mayoral staff. You have sought a determination from the Supervisor of Records on the following issues related to this request:

This petition is regarding, *inter alia*, the Office of Mayor's:

- (a) failure to provide various email in .msg format and with headers,
- (b) use of personal and/or secret communications technologies to discuss the people's business and therefore failing to preserve correspondence in a "professional and businesslike" manner (67.29-7).
- (c) use of scanned PDFs instead of text PDFs, and
- (d) lack of specificity re: redaction justification.

With regard to item (a), you have acknowledged that our "Aug. 26, 2019 response to [your] 19044 May 8 petition already reflects [this] office's position regarding (a)."

Items (b) and (c) are beyond the jurisdiction of the Supervisor of Records. The Sunshine Ordinance (Section 67.21(d) of the Administrative Code), tasks the Supervisor of Records with determining whether a City department has withheld a record, or any part of a record, without a lawful basis for doing so – for determining "whether the record requested, or any part of the record requested, is public." With regard to item (b), you do not allege that the Mayor's Office has withheld or redacted public records responsive to your request. Instead, you allege that the Mayor's Office failed to maintain some records in a "professional and businesslike" manner in violation of Section 67.29-7 of the Sunshine Ordinance by using the Signal application. Whether the use of a particular communications technology is proper and complies with this provision of the Sunshine Ordinance is not an issue within the ambit of our responsibility under the Sunshine Ordinance. Similarly, with respect to item (c), whether the Sunshine Ordinance requires the Mayor's Office to produce a searchable PDF file is beyond the scope of our review; we do not

view this as an allegation that the Mayor's Office improperly withheld a record or any part of a record.

Finally, with respect to item (d), we understand that the Mayor's Office has agreed to identify the legal basis for each redaction that it applied to the responsive documents. If after receiving this information, you believe that the Mayor's Office improperly relied on an exemption to redact information, please follow up with us and we will address your concern at that time.

Re: Petition to Supervisor of Records

To Whom It May Concern:

This letter responds to your petition to the Supervisor of Records concerning your August 23, 2019 request to the Department of Public Works ("DPW") for the following:

A. IMMEDIATE DISCLOSURE: an electronic copy, in the original electronic format, with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance, of the most recent 10 emails RECEIVED BY EVERY OFFICIAL government email account of

1. Director, Public Works;
2. Director, Policy and Communications;

B. IMMEDIATE DISCLOSURE: an electronic copy, in the original electronic format, with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance, of the most recent 10 emails SENT FROM EVERY OFFICIAL government email account of [[same list of titles as 1-9]]

C. regular disclosure: an electronic copy, in the original electronic format, with all headers, metadata, timestamps, attachments, appendices, exhibits, and

inline images, except those explicitly exempted by the Ordinance, of the most recent 10 emails SENT FROM EVERY PERSONAL email account(s) of the following officials, TO/CC/BCC any City/County email address, solely to the extent that such emails are regarding the public's business and disclosable under relevant statute and case law, including but not limited to City of San Jose v Superior Court (2017). If NO such emails exist for each entry, remember you must state under Govt Code 6253(c) that there are no responsive records. [[same list of titles as 1-9]]

D. regular disclosure: an electronic copy, in the original electronic format, with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance, of the most recent 10 emails RECEIVED BY EVERY PERSONAL email account(s) of the following officials, FROM any City/County email address, solely to the extent that such emails are regarding the public's business and disclosable under relevant statute and case law, including but not limited to City of San Jose v Superior Court (2017). If NO such emails exist for each entry, remember you must state under Govt Code 6253(c) that there are no responsive records. [[same list of titles as 1-9]]

DPW produced records responsive to your request on September 5 and September 13. (See <https://sanfrancisco.nextrequest.com/requests/19-3609>).

First, you contend that DPW either failed to produce public records maintained on employees' personal accounts or failed to state that it had no such responsive records. We understand DPW has now stated it has no such responsive records.

Second, you contend that DPW improperly withheld native files and metadata. For the reasons articulated in our response to another one of your petitions, attached hereto as Exhibit A, we find that DPW did not improperly withhold native files or metadata.

Third, you contend that DPW improperly withheld email addresses of City employees in the To/From/Cc/Bcc headers of some emails provided in PDF format. We find that DPW did not improperly withhold information. DPW provided the records in PDF format, which we find to be reasonable and appropriate. We understand that the way in which the City's email system prints such records – and the way they appear on the screen – does not show the email addresses. You may of course request a directory of City email addresses if you so choose. Similarly, you contend that DPW withheld URL links, HTML content, certain images, and timestamp information due to the manner in which the records were printed and provided. We find that DPW did not improperly withhold this information for the same reasons.

Finally, you request that we determine whether some or part of the information in 116 different metadata headers must be disclosed. We decline to do so. DPW produced the records in PDF format and did not disclose the metadata headers, and we have already determined that this is a proper way to respond to the request. Moreover, the information contained in these fields is highly technical and without engaging in an analysis that exceeds the requirements of the Public Records Act, the information is not "reasonably segregable," further supporting DPW's method of responding to the request. See Gov't Code § 6253(a).

Subject: Re: SOTF - Complaint Filed with the Sunshine Ordinance Task Force - File No. 19091

Dear Members of the Task Force,

The complaint referenced below by Anonymous raises largely the same issues regarding metadata as an existing dispute with the same requestor. That complaint is File No. 19044. The Office of the Mayor hereby incorporates by reference, as if fully set forth herein, its response to that complaint, which is included in File No. 19044.

For the same reasons previously set forth in its response to File No. 19044, the Office of the Mayor respectfully submits that no violation has occurred. The new complaint File No. 19091 raises some additional issues to which the Office of the Mayor responds as follows:

1. Anonymous asserts that there has been a violation of SF Admin Code Sec. 67.29-7 requiring the keeping of records "in a professional and businesslike manner" based on the very limited usage of the texting app Signal. Anonymous complains that this app permits "encrypted and automatically-expiring communications". However, the communications at issue received by Anonymous were neither encrypted nor automatically deleted as demonstrated by the fact that Anonymous now possesses them. Some theoretical but not actually used functionality of a communications app cannot form the basis for a violation of 67.29-7 and Anonymous points to no such basis. Moreover, there is no authority cited for the proposition that 67.29-7 prohibits certain communications platforms or requires certain retention periods outside of the general orderly maintenance of documents in a manner that makes them presentable and organized.
2. Anonymous complains that the communications of "Senior Advisor to the Mayor on the Environment", Tyrone Jue, were omitted from production. Again, Anonymous received the communications in question on Signal from Sean Elsbernd which included the messages sent and received by Tyrone Jue. Tyrone Jue was not included in the larger communications audit because we understood Anonymous' request to be directed to the general "Senior Advisor to the Mayor" position, a title held only by Marjan Philhour, not Senior Advisors on certain policy areas. This is simply a misunderstanding and not an intentional withholding. If Anonymous wishes to include Mr. Jue in the request they may do so.
3. Anonymous asserts that the Office of the Mayor did not provide a basis for withholding certain metadata and redacted information. Regarding metadata and format we cited to Cal Gov Code 6253.9(a)(1) and 6253.9(f) and Anonymous discusses their objections to these grounds extensively here and in the file for complaint no. 19044. Anonymous is thus plainly aware of the basis for withholding, though disputes them. We rely on our previous arguments regarding these bases but there can be no question that Anonymous received notice of the basis for withholding. Regarding redactions for privacy, privilege and other bases, the attached files showing our initial responses to these requests show citations for various categories of withholding. If requestor seeks a key

matching specific redactions and bases we are happy to cooperate in working with requestor to provide this information and make the exemptions clearer.

For these reasons and those provided in response to File No. 19044, it is our position that no violation has occurred. Regarding the practices of other departments for certain requests regarding metadata cited herein by requestor, we do not agree that certain exceptions to the practice of withholding metadata to preserve the security and integrity of the network and computers of the city justifies abandoning such safeguards in all cases.

We are glad to further work with Anonymous to fulfill other aspects of this request including providing additional custodians as specified and further explaining any withholdings.

Ms. Leger and/or Chair Wolfe,

I ask that you waive your 2-complaint rule and schedule 19091, 19097, and 19098 (all regarding text messages, chat messages, personal accounts and email) together at an available committee meeting -- while they are directed towards different respondents, the legal issues will be quite similar (but not identical, since each respondent's degree of following the Ordinance varies). Furthermore, jurisdictional issues at the committee level should be essentially identical, and it appears the task force does occasionally waive its limit.

Thanks,

Anonymous complainant in 19091, 19097, and 19098

Good afternoon SOTF,

I am the anonymous complainant in the following pending cases:

- 19044 v City Attorney (re: Email, 67.21(d) failure) - awaiting en banc scheduling
- 19047 v Mayor (re: Calendars) - awaiting en banc scheduling
  
- 19089 v City Attorney (re: 67.21(d) failure) - scheduled committee 9/24
  
- 19091 v Mayor (re: Email, text, chat, personal accounts) - awaiting committee scheduling
- 19094 v Dept. of Technology (re: SB 272 failure) - awaiting committee scheduling
- 19095 v City Attorney (re: SB 272 failure) - awaiting committee scheduling
- 19097 v Public Works (re: Email, personal accounts) - awaiting committee scheduling

I believe your internal rules, but not the Ordinance, have an overridable maximum of 2 complaints per meeting per complainant.

I am voluntarily informing you, and entering into the public record, that I am the same anonymous complainant in each of the above cases so you may enforce your agenda fairness rules as you see fit. Please continue to use the individual email addresses I have filed as contact information however for formal notices and replies and such in each of those cases so they are automatically organized to the correct docket.

My requests/questions for either the committee chairs or administrators are as follows:

1. Can you schedule 19094 and 19095 together for committee? They share a lot of factual and legal subject matter, with different respondents.
2. Can you schedule 19091 and 19097 together for committee? They share a lot of legal subject matter, with different respondents and facts.
3. I expect to file shortly a series of additional complaints regarding matters of significantly more public interest in disclosure, is it permitted for a complainant to request that their later-filed complaints are prioritized before their own earlier-filed complaints?
4. I understand you have a large backlog of complaints. Is there any mechanism for complainants to enforce the 45 day requirement in SFAC 67.21(e) "The Sunshine Task Force shall inform the petitioner, as soon as possible and within 2 days after its next meeting but in no case later than 45 days from when a petition in writing is received, of its determination whether the record requested, or any part of the record requested, is public."
5. The Ordinance appears to require a hearing only if the complainant requests it ("Where requested by the petition, the Sunshine Task Force may conduct a public hearing concerning the records request denial."). Is there a process to submit a complaint "on the briefs" where the Task Force would issue orders based just on the written record from complainants and respondents?

If my requests for coordinated scheduling would delay hearing any file (ex. because only 1 slot and not 2 are available), then please ignore my requests and please choose the scheduling option with minimal delay.

Sincerely,

Anonymous
