Sponsor: Commissioner Calvin Quick and Bahlam Vigil

Document B

- Commissioner Quick reads his resolution into the record.
- There is no public comment.
- Commissioner Andam: it is unclear to me what the federal congress did.
 - The precedent is that Congress does not believe that teachers should be armed and that the federal government cannot use its funds to arm teachers.
- Commissioner Obermeyer: Is there a comma splice on the 4th line on page 1?
 - Resolutions contain phrases that are treated as a list element.
- Commissioner Min: What has the SSAE grant historically been distributed to & how much money is allocated each year?

- It is used for supportive programs in schools such as extracurricular programs afterschool. It typically ranges between 4 and 16 million dollars allocated to it at various points.
 - Commissioner Min: So, this proposal will violate the intended purpose of the grant?
 - Yes, that is what this resolution would say.
 - Commissioner Min: I would like to say that I am the more conservative voice on this body. I am pro second amendment. I did not find any study suggesting that arming teachers would significantly improve the academic achievement of students. This would also violate every past legislation that condemns the use of firearms in schools. Therefore, I do condemn the idea of arming teachers, and I would like to co-sponsor this.
 - Others Commissioner who would like to co-sponsor: Nassiri, Hoogerhyde, Chin, Andam, Sadarangani

Re: **Log Cabin Ranch – Update**

Date: **October 11, 2018**

M E M O R A N D U M

Log Cabin Ranch (LCR) has a long and storied history dating back to the 1940's. Located in the Santa Cruz mountains, in its heyday, the "Ranch" had a capacity for 88 young men and was a fully-operational ranch complete with horses and a cow barn.

While the livestock is now long gone, this campus of cinderblock buildings is still serenely surrounded by nature and includes a learning garden and small orchard. In the past ten years, the Juvenile Probation Department has worked to enhance and improve the quality and scope of services offered at the Log Cabin Ranch campus. This included academic opportunities focused on instructional programming in a traditional classroom setting while offering high school classes through the SFUSD, as well as various types of experiential learning and certificate programs. The public library maintained a small branch focused on developing youth interests in reading while advancing literacy. We have created opportunities for youth who have completed their high school education to enroll in online college courses. The quality of vocational and job skills programs was bolstered so that the young men have more options for real employment available to them upon their return to the community. In addition, therapy, counseling, and many other clinical services were important elements of the program, designed to help the young men develop coping skills to effectively manage stress, anxiety, anger, effects of trauma, and other emotions.

Over the past decades, many young lives have been impacted for the better by Log Cabin Ranch.

However, since the beginning of the year, we have had several young men AWOL from this unlocked, staff secure facility. On June 13, 2018, three youths left the facility in the middle of the night. This was not only a dangerous and unsafe scenario for the young men, given the remote and wooded areas of La Honda, it also put the community neighbors at risk as they are walking along the dark mountainous roadways. The following week, another youth was driven off campus by an acquaintance who recklessly sped away weaving across lanes on country roads, resulting in a dangerous high-speed pursuit by the local sheriff. This behavior risks not only the lives of the youths, but the safety and wellbeing of members of the community as well.

As the Chief Probation Officer for juveniles in San Francisco, I could not in good faith allow such conditions to continue and chose to act in order to mitigate the risk of harm these unsafe

situations pose to the youths or to innocent members of the community. As a result, on June 22, 2018, I made the decision to temporarily suspend operations at the Log Cabin Ranch facility in La Honda and relocate the remaining 9 detained youths and LCR staff to the Juvenile Hall San Francisco facility.

Additionally, it should be mentioned that in recent years, many have come to question the utility of LCR due to the declining numbers of youth in residence and a huge shift in juvenile justice practices and legislation both statewide and within our local jurisdiction. For the past ten years, the daily census at LCR has averaged less than 15 youths, and for the past two years, the population has been much closer to ten or less. While we see great academic achievement for many of the boys who come to LCR, we also know that recidivism is an important measure of success as well. We will conduct an analysis of outcomes to better inform any future plans for LCR.

Although I made the very difficult decision to suspend operations at LCR, I am extremely optimistic that in the wake of that decision we can begin to collectively develop a new vision for this amazing resource so that we can best serve the youth of San Francisco in ways that truly contribute to the well-being of our youth, advance community safety, and demonstrate a smart investment of city resources.
