4 *The Youth Commission supports and co-sponsors Generation Citizen's San Francisco Civics Day May*
5 *9, 2014.*

6

7

8 Supplemental Information:

9

10 Generation Citizen is a national organization which aims to strengthen our nation's democracy by
11 empowering young people to become engaged and effective citizens. This May, Generation Citizen
12 students, Democracy Coaches and community leaders from across Boston, New York City, the San
13 Francisco Bay Area, and Providence will gather in their cities to celebrate a semester of young people
14 engaging in local political action and to brainstorm strategies for leading change on important
15 community issues. San Francisco Civics Day will be held on Friday, May 9, 2014.

16

17 Civics Day is the culminating event in a semester-long action civics experience for student participants
18 of Generation Citizen. Student teams will present their action civic projects to local decision-makers
19 and request support. Generation Citizen also uses Civics Day to recognize one outstanding college
20 student, teacher, and student change-maker at Civics Day.

21

22

23 Youth Commissioners are being asked to support the event by endorsing and co-sponsoring, as well
24 as participating as Civics Day judges and speakers. They are also being asked to visit Generation
25

1 Citizen classes in San Francisco to share their experiences as youth commissioners and give their
2 perspective on student projects.
