- B. [Inform + Decision] Proposed 2020-2021 Youth Commission Bylaw Amendment Regarding Formalizing a Land Acknowledgment at the Beginning of Youth Commission Meetings  
Sponsor: Commissioners Santos, Asfaw  
Presenter: Commissioner Asfaw  
(Document C)

There will be no action on this item due to revisions that need to be made. Commissioners Santos and Asfaw give context to the item.

Supervisor Ronen has worked with Native American community leaders to have a land acknowledgement be stated at the beginning of full Board meetings. Commissioner Arana

brought this to the attention of the Commission and hence why Commissioners want to follow suit on movements on racial equity.

It is important to uplift indigenous voices and government, in particular, has had a horrendous impact with this particular community. No vote today because Commissioner Santos and Itzel met with community leaders who worked with D9 office and they want to incorporate the feedback to their first draft. Difference between intent vs. impact and being mindful of the labor it takes for the community to give feedback and trying to give draft information first.

**Feedback:**

- some of the language in the draft was specific to saying indigenous and to say Native American or American Indian and indigenous is a general category that is not specific but more broad.
- truly amplify why this is important and to give homage to the work that is already being done by American Indian youth and community
- they asked us to make a distinction between the Ramaytush and other names of the tribe specifically within the Bay Area. Deep history lesson on colonization and how migration has been impacted and to have it recognized in the draft. There is no Ohlone nation so to be as specific as possible when naming/articulating communities/tribes/culture
- They see this is groundbreaking and that it could be used by other Commissions and so want to have it be a solid statement. They were impressed and had very specific feedback so we want them to review and approve before the YC takes an action on it

Commissioner Asfaw named making sure we don't bring harm to a community that is already harmed and be mindful of power dynamics of non native people of color to amplify resilience and not romanticize perseverance of genocide.

Commissioner Santos: why is this important to you?

Commissioner Quick- appreciates the work of Commissioner Santos, Asfaw, and Arana for this work. Being intentional with wording and how we relate this to our mission of uplifting the unmet needs of youth in SF; be specific with intentions. He works in linguistics and land acknowledgements is something that comes up a lot in this field as the extraction of knowledge of native american peoples is present. Being intentional of not doing it for the sake of doing it (performance) but grounding it so we center ourselves also on our mission and the institutional power we hold and that we also hold on this land.

Commissioner Morris-if we say this, then putting the pronunciation also in there so we don't butcher in when sharing and then also showing disrespect from mispronunciation.

Commissioner Hylton-thanks to the sponsors (and Itzel) for creating this. As youth advocates we represent youth in City Hall but there have been people who have lived here for centuries and the reason why we're here is because of colonialism. So even if we feel "authority" of this land/place it's always important to recognize those who originally came before us on this land.

A. Executive Committee

a. LAO

- i. Only a week since last one of these but there are updates:
  1. Good news on two pieces of legislation that the YC took positions on. Guaranteed Income Advisory Group legislation-passed unanimously today in Rules with two of the Youth Commissions

suggestions: there will be a TAY seat so one seat for up to age of 24 and incorporated the language we suggested that the advisory group study the impacts of GIP of children and youth in SF. Altho not in the leg, Supervisor Haney stated the intention to work with treasurer and tax collector to not overlook how this would work out for undocumented folks. So this is in their radar even though it's not written into the legislation. What we didn't get was the compensation recommendation so seats will not receive compensation. Goes to full BOS tomorrow and for a second vote next Tuesday

2. Fossil Fuel Free Future by SUPervisor Mar and passed unanimously today in Land Use Committee with ALL Youth Commission recommendations included
- ii. For Legislation Introduced:
  1. Supervisor Haney introduced legislation re: SIP hotels to prohibit the city from removing people out of hotels before FEMA gives a termination of the funding that the city is relying on. Believes this is going to committee on Wednesday. It's an emergency ordinance so it's moving quickly.
  2. Resolution by Supervisor Ronen to prioritize educators for COVID-19 vaccine access for these front line workers
- iii. 30RightNow Campaign (Jordan Davis + leg referred) so tenants don't pay more than 30% of their rent-this goes to committee on Wednesday 12/9 @ 2:30pm as well. There is a script document you can use in public comment. Commissioner Quick will be calling in and wants to know if other YCers can call in:
  1. Calling: Commissioners Tanaka, Sawanamalik-Murphy, Quick, Cheung, Hylton, Tang (maybe),
  2. Written: Commissioners Zhang, Veiga, Arana, Jones, Morris, Asfaw, Ginsburg, Hylton, Versace, Listana
  3. Talking points:

      - a. Commissioners can speak as a Youth Commission representative because the YC has taken a position on legislation relating to this issue as well as the YC supporting the 30RightNow campaign as a whole
- b. Comms
  - i. Buddy system with pairs. Stabilized next few weeks for social media takeover.
  - ii. Reaching out to a few people to redesign the Youth Commissioner logo
  - iii. Possible Alumni Speaker series that would speak to specific issues
- c. General Committee Updates
- B. Civic Engagement
  - a. Nothing to report due to no meeting
