Jason goes through the presentation they do and “bad apples” for the police dpt – citizens have to root it out as a community, long videos – and need to be edited, want to show at numerous highschool in work from Balboa

Questions and Concerns

- Commissioner Cureton – wellness centers, community based organizations and people of color impacted directly,
 - o time is limited once July if budget is increase to permanent FTE
- Commissioner Hylton – any services that you find yourself referring to
 - o Education, 5 keys, GED,
 - o Try to persuade for more Mental health – DPH and TAY
 - § Best housing or jobs or emotions aren’t
- Eric – what has worked?
 - o Having a concrete plan and accountability, employment needs constant flow
- Commissioner Cureton – services that SF doesn’t have specialized resources and moving people out of resources
 - o A lot of services aren’t successful or doesn’t meet the needs, but only some are adequate to rely on
 - o Right now, undocumented clients from Honduras doesn’t have a lot of places for help, dead end street trouble shooting from those issues, depends on situation
 - o Not a productive lifestyle alameda
- Geoffrea (ReEntry Council) – Community Assessibility Center 555, and when did this program started, reentry council
 - o Housing, hotel, to deal with pretrial, interrupt predict (IOP – andreas salas)
 - o It just started in august, connected in balboa and building our program up

Geoffrea and ReEntry council

- Jails are filled with young black and brown folks

 - o What are the ideas for YC to collaborate as we are all doing this work in silos

Youth Council, Youth Advocacy Day – to create a bridge with Reentry council with real mover and shakers at the table so everyone knows the rights and services, special code

Sheenia – born and raised in Hunterspoint, ideas that you want to see and brought up at reentry council (10 – 12pm) connect with sheenia to bring concerns, and support you guys compensation and mentorship

Adult Probation – Policy planner – what were you thinking

- Line 12 – 21
- Commissioner Cureton – didn't look a lot from the website or program, IPO has positive effects and jumped out and needed more funding and attention – created by former Mayor Lee for people deep into alternative life style, still goes by that acronym in SVRP
 - o Day care, mental health and navigation services – homeless and supportive housing
 - o Reentry navigation center
 - o Right now, if someone's out of the jail – it's just a room
 - o Youth commission interested in that kind of stuff, lower nob hill – I'm here what do you want and wrote it about adp – to cosponsor, be a part of the strategic
 - o Haney's navigation
- Commissioner Jones – people that are reentering society need a number of services not just one fix, there's some program that don't execute what their funding in and looking at it – more things that we might need, first of all getting released from jail without going out – on a Wednesday – where do you go until then? What about if they have children, reconnect and get their supports to have education to keep them out of and general thought process
- Commissioner Hylton – really looking at holistic services, and maybe this program isn't the right one to target, city departments that we all need than getting transferred everywhere, where kids are and getting their food

Geoffrea, one of the things, getting out and staying out guide – reentry roundtable, inclusive language resolution, we need to do a reentry presentation of tay services are out there, then we are able to see where the gaps may lie and YC and sink into – adp a lot of money came from realignment, 13 – 14 million to reentry services, IPO is a million dollar program – black and brown kids most impacted,

New legislation – 21 to 25, AB12 money

Geoffrea is coming back for TAY and share the resource guide and do all do due diligence, Larkin APD – 13 – 14 million, good visit with pretrial, next meeting

Jason and Gabe – perspective, meet justice – involved and keep a relationship till the end pivotal role

D. Empowerment Circle (10 min)

Commissioners held space to discuss the silos in city government and how there is knowledge hoarding. Commissioners would like for youth input to be compensated and that input is directly put into implementation. There are too many adults that don't entirely have the youth interest, and are at times out of touch with making sure how services can be conveyed. Just as youth are told to always look for opportunities and resources, adults in these fields should keep reaching out and learning more. If you don't do very directed outreach and incentives that benefit young people's time, it will go nowhere. If we can't figure out what services work, how are folks not currently plugged in and what does it say when departments don't know each other. Overall disappointed, because we should be all interconnected and the barriers of capitalism impact how we should be looking out for each other.

E. Community Report Back (15 min)

- a. SFPD – DGO Implicit Bias Workgroup
Report back from Commissioner Rome Jones

Police perception of PD and Community Perception of PD is trying to pump out surveys to determine if there is bias and conversation was about acknowledging bias to fix it and apologies to the community, pd has traditionally offended, what community does feel now and the data and findings of 2016 has been addressed and the community might not feel this anymore, apology – LGBTQ got an apology not too long ago, impression “people don't know the good things about police have done”,

Phase II, implementation of groups and plans, every group will come with a strategic plan and 2 – 3 surveys, and will send to the YC once it is live.
