7. **Legislation Referred** (discussion & possible action)
      i. Hearing to consider objections to a report of assessment costs submitted by the Director of Public Works for inspection and/or repair of blighted properties ordered through the Accelerated Sidewalk Abatement Program, to be performed by said Director pursuant to Administrative Code, Chapter 80, the costs thereof having been paid for by the City and
County out of a blight abatement fund; scheduled pursuant to Motion No. M23-062, approved on April 18, 2023.

Chair Miller went into his overview of this legislation and explained why it was important to refer it to the Youth Commission, especially since many youth in the City struggle to walk in parts of the City that the sidewalk has deteriorated. Commissioner Wong said she thought this legislation was very interesting since there are parts of her neighborhood that have sidewalks that are safety hazards to pedestrians and bike riders. Chair Miller said that the City would end up having to pay more in lawsuits if they don’t fix it, rather than just fixing the sidewalks.

Commissioner Wong, seconded by Vice Chair Anish, motioned to support this hearing with a recommendation of support and to refer this item to the full Commission. The motion carried by the following voice vote:

Voice Vote: 5 ayes, 1 absent

b. 230420 - Calling on the Mayor to Fund 2,000 New Shelter or Temporary Housing Placements
   i. Resolution calling on Mayor London N. Breed to fund 2,000 new shelter or temporary housing placements over the next two fiscal years.

Chair Miller explained further detail into the background information for the referred legislation, and talked about how there have been homeless sweeps throughout the City. Chair Miller discussed that there’s more to the story than just increasing the shelter population capacity by 2,000. Commissioner Wong said that she doesn’t support the resumption of homeless encampment sweeps, but supports the idea of having more shelter beds available, to which Commissioner Terrell agrees. Commissioner Adair said that he recognizes that the City might try and do sweeps regardless, but they should expand shelter bed capacity. Vice Chair Anish said something to find out might be to see if there will be an increase
of wraparound services in addition to shelter beds, since increasing the beds with a limited capacity of resources won’t address the issue of homelessness and folks could be back on the streets. Chair Miller wants to know from the Department of Homelessness and Supportive Housing what other services will be provided, and said that Supervisor Mandelman wants the homeless sweeps to resume once the shelter is provided. Chair Miller said the legislation referred is a great opportunity to comment on the need for greater services, but their criticism of other parts of the legislation. Chair Miller summarized the Commissioners’ comments into the response language.

Commissioner Wong, seconded by Vice Chair Anish, motioned to support this legislation with additional comments in regards to its relations to sweeps and long-term solutions for housing, and forwarding to the full Commission. The motion carried by the following voice vote:

Voice Vote: 5 ayes, 1 absent

Chloe Wong  aye
Allister Adair  aye
Reese Terrell  aye
Emily Nguyen  absent
Ann Anish  aye
Hayden Miller  aye

Action: legislation referred to the full Youth Commission with a positive recommendation.

8. Letters of Support (discussion & possible action)
   a. Environment Department Budget Ask

Chair Miller summarized the letter of support for the Environment Department’s budget ask from the Mayor’s Office.

Commissioner Wong, seconded by Commissioner Adair, motioned to support the Environment Department’s budget ask and send it to the full Youth Commission. The motion carried by the following voice vote:

Ann Anish  aye
Hayden Miller  aye

Action: letter of support forwarded to the full Youth Commission with a positive recommendation.

b. Larkin Street Youth Services Budget Ask

Commissioner Adair summarized the conversation he had with Commissioner Wong and the staff from Larkin Street Youth Services, which was that they asked for the Youth Commission to advocate for the general funding that goes towards housing the City’s homeless youth. Commissioner Wong added that they wanted their priorities to be the priorities of the Mayor and Board of Supervisors, and for the Youth Commission to amend the support letter to focus on the need and not specifically their organization to receive funding.

Commissioner Terrell, seconded by Commissioner Adair, motioned to support the Larkin Street Youth Services’ budget ask and send it to the full Youth Commission. The motion carried by the following roll call vote:

Voice Vote: 5 ayes, 1 absent

Chloe Wong  aye
Allister Adair  aye
Reese Terrell  aye
Emily Nguyen  absent
Ann Anish  aye
Hayden Miller  aye

Action: letter of support forwarded to the full Youth Commission with a positive recommendation.

9. Committee Business (all items to follow are discussion & possible action)

a. 78 Haight Housing Resolution

Commissioner Wong said she hasn’t heard any response from anyone they’ve reached out to. Commissioner Adair said that they should also review what Mayor Breed proposed in regards to affordable housing legislation. Chair Miller
said staff can help assist with reaching out to organizations that aren’t as responsive. Specialist Ochoa said he can reach out again or call.

b. YTAB Presentation on May 8th

Chair Miller said that while this won't be an official HRT Committee meeting, they plan on presenting to the Youth Transportation Advisory Board (YTAB) on the Youth Commission’s priorities. Chair Miller then distributed the slides amongst committee members to present to YTAB members. Staff will inquire on whether it’s needed to post a public notice, and Chair Miller will ask to see if YTAB would want to meet in City Hall.

c. HRT-related Updates

Chair Miller said there is a possible resolution coming about soon to push for better bike infrastructure on Arguello Street in the Presidio, due to the cyclist who was killed by a drunk driver there. Chair Miller said there’s no update on the bike infrastructure resolution, but will have updates later into the summer.

RE: Support for AB 645 (Friedman)—Vehicles: Speed Safety System Pilot Program

Dear Assemblymember Friedman,

On behalf of the San Francisco Youth Commission, I am writing to express our support for your bill, AB 645 (Friedman). AB 645 authorizes Speed Safety System Pilot Programs that would allow automated enforcement of speed limits in several California municipalities including San Francisco in school zones or areas with a history of injuries, fatalities or speeding, helping achieve Vision Zero goals.

The Youth Commission is composed of seventeen youths, between the ages of 12 to 23, who represent the diverse communities of San Francisco. Created by the voters under a 1995 amendment to the City Charter, the Youth Commission advises the Board of Supervisors and the Mayor of San Francisco on policies and laws related to young people. The Youth Commission is also charged with providing comments and recommendations on all proposed laws that primarily affect youth before the Board takes final action.

The Youth Commission supports AB 645 because Speed Safety Systems, also referred to as Automated Speed Enforcement (ASE), are a critical component to reducing dangerous speeding. Studies have shown a pedestrian who is struck by a vehicle traveling at 30 MPH is twice as likely to be killed as a pedestrian struck by a vehicle traveling at 25 MPH and in jurisdictions such as New York City where ASE has been implemented, total crashes declined by 15%, total injuries by 17%, fatalities by 55%, and speeding by 70%. Traffic fatalities are the second highest cause of death among US Teens, second only to gun violence and ASE is a critical component in reducing this alarming statistic.

Automated Speed Enforcement authorized by AB645 is critical to reducing traffic fatalities, achieving vision zero goals, and providing safe streets for users of all ages and abilities. When deployed with geographic equity, automated speed enforcement also helps reduce bias in traffic enforcement as it eliminates potential for profiling and pretext based traffic stops. Thank you for your continued leadership on this critical issue.

Sincerely,

Emily Nguyen, Chair
